San Francisco Police Homicide Investigators are seeking public assistance in locating homicide suspects for the murder of a homeless man. On Sunday night, November 23, 2013 on the 100 block of Sutter Street, a 67 year old Asian-American disabled man was beaten to death while sleeping under his blanket. In this assault, three suspects attacked the victim on at least two occasions between the hours of 11:00 PM and Midnight that evening.

San Francisco Police Homicide Investigators have collected footage from several surveillance cameras in the area. Based on the investigation thus far, we believe these three men are the primary persons of interest in this homicide. San Francisco Police are asking for the public's help in identifying these suspects.

Anyone who recognizes these persons of interest or with information on this case is urged to contact lead investigator Sergeant John Cagney, at 415-734-3181 or email him at [John.Cagney@SFGov.org](mailto:John.Cagney@SFGov.org). You may also contact the Anonymous tip line at 415-575-4444 or text-a-tip to TIP411 with SFPD at the beginning of the message.
