Bayview Police Station

201 Williams Ave, S.F., CA 94124

(415) 671-2300

Captain Steven Ford

Captain's Message

Bayview Station has recently rolled out a new way to partner with the community to help better formulate crime prevention strategies and assist in the investigation of criminal activity. If you have a surveillance camera outside your business or residence, please consider registering it with Bayview Station below.

Surveillance footage is vital in criminal investigations and can provide additional information and insight into an event. Voluntary registration of private exterior cameras allows us to consult the registration database in the event of a crime in order to ascertain the possibility that the incident may have been recorded.

You would only be contacted by Bayview Station if we are investigating criminal activity that occurred in the vicinity of your registered camera in which case we may request a copy of the footage to assist in the investigation. Our registry is limited to surveillance cameras in the Bayview Police District. You can also register your camera separately with [SF District Attorney's Office](#).

"Stay safe, happy, and healthy"

Sincerely,

Captain Steven A. Ford, M.S.

REGISTER YOUR SECURITY CAMERAS

Bayview Police Station invites you to register your security camera(s) below.

The goal of this program is to deter crime and promote public safety through

collaboration between Bayview Police Station and the communities we serve.

The Bayview Station security camera database is for cameras within the Bayview Police District boundaries and is maintained by Bayview Station exclusively.

You are invited to attend “Chop Shop”, a Community and Law Enforcement Film Premiere. This documentary film facilitates a youth-lead dialogue between San Francisco residents of color and local law enforcement in barbershops across The City. The film highlights topics of implicit bias, people of color in law enforcement, violence and ways of moving forward together.

Following the screening will be a panel discussion with San Francisco law enforcement – a chance for audience members to confront issues affecting their communities, as well as make a tangible impression on youth, our future leaders. Constructive conversation in an open forum is the first step toward positive change, and a way to address misconceived notions between communities of color and law enforcement.

The objective is to address the tension and develop a set of recommendations to change the current culture, and it can't be done without you. Bring YOUR voice to the conversation.

There are 3 dates available: February 16, February 28 and March 8. Please choose the date and location that works for you. This event is provided through Young Community Developers. To secure your tickets to this free event please access www.eventbrite.com.

With over 2,300 different telephone numbers listed to access local government services, many people did not know what number to dial to reach the appropriate department. Now you can connect to city

services with only two numbers to remember: **911** for emergencies and **3-1-1** for everything else.

Before 311, over 50% of calls to the 911 center were not emergency related. **311** relieves 911 operators from these non-emergency calls. If a catastrophic emergency such as an earthquake occurs, **311** operators will be able to provide accurate information to assist during the recovery. In the unlikely event the 911 facilities becomes inoperative, the **311** call center will function as a back up.
