Captain Jack Hart's Message

Thur, April 26, 2018

March 21st, 2018 was an amazingly challenging day for our Station, the community, and everyone who was involved and/or affected by the tragic shooting incident at Geneva/London Streets. The question for all of us moving forward is: "Are we bigger than this moment in history, or is this moment in history bigger than us?" I believe that Ingleside Station members, the Crocker Amazon/Outer Mission/Excelsior neighborhoods, and all of its businesses, tourists, merchants, visitors, and residents are not only bigger than this moment but are more vibrant, more resilient, more safe, and more connected than ever before; we are truly better together than we are alone. I am grateful for our community's support and know that together, we will continue to heal and thrive physically, mentally, emotionally, and spiritually.

Captain Jack Hart
Commanding Officer

Featured Officers of the Month Ofc. Downs & Ofc. Burke

This month features two officers on the midnight shift who are going above and beyond to keep us safe in our homes when the sun goes down: Ofc. Kevin Burke and Ofc. Kevin Downs. Ofc. Kevin Downs' request to transfer from Taraval Station to Ingleside Station was granted by Headquarters and this successful midnight shift partnership was formed. How successful has this partnership been? In just three shifts together, they have already seized two illegally possessed firearms in two separate incidents. On March 27th, 2018 at 01:15AM, officers saw a vehicle with "paper" plates at the Chevron Gas Station at 5098 Mission Street. He saw that one occupant of the vehicle was using a squeegee to bang on the attendant's glass door, while the driver quickly concealed an item upon seeing the officers. These subjects, both convicted felons, were prohibited from possessing the Glock with a 30-round magazine that was subsequently discovered illegally possessed in the glove box. On March 29th, 2018, these same officers spotted a vehicle running a stop sign at 01:30AM at Mission and Randall Streets. Upon seeing narcotics paraphernalia in plain view, officers discovered narcotics and an illegally possessed Glock firearm.

While great officers on-duty, they are also great people off-duty. Please visit www.ranchinvets.org to see the tremendous work by Ofc. Downs and his family. Hopefully you will also be inspired to donate to this worthwhile cause.

MISSION The mission of Ranchin' Vets is to assist in the reintegration of veterans into civilian life through a variety of programs offered within the ranching and agricultural industry.

Featured Citizen of the Month

Jorge Parra

Jorge (pronounced as George) has a unique background in many industries but each stop had a similar outcome; he earned the trust and respect of his peers.

He moved to the city in September 2017 and although his stay here has been short he's already been able to institute positive changes in the Bernal Heights Community and build relationships with SFPD, SFMTA and DPW. He's looking to further his outreach capabilities to help a larger portion of the San Francisco community by joining SF SAFE. His evolutionary style mindset to never settle and to look for ways to improve is what motivates him in an ever changing society.

We are looking forward to working with him in his new role!

Definition of Community Policing

Community policing, or community-oriented policing, is a strategy of policing that focuses on police building ties and working closely with members of the communities.

- Homeless Outreach and Outreach to Drug Users: Ingleside Station officers coordinate with city agencies to provide outreach and assistance to rehabilitate those who are dependent on illegal drugs and outreach to homeless individuals to connect them with resources and support.
- Foot Patrols: Ingleside Station has foot beat officers assigned to the Geneva and Cortland corridors.
- Monthly Police Community Relations Meetings: Community Meetings are held continuously. Station personnel also attend meetings with merchants groups, business groups, development authorities and others. Concerns are voiced and addressed through problem solving.
- Email Updates: Ingleside Station sends out newsletter updates to residents in the District that alerts residents of crime trends, upcoming community events, crime prevention tips, and information on how to contact officers at the District Station.

Definition of Suspicious Activity

Suspicious activity is any observed behavior that could indicate a crime-related incident has been committed, or about to be committed. Unusual items or situations: A vehicle is parked in an odd location, a package/luggage is unattended, a window/door is open that is usually closed, or other out-of-the-ordinary situations occur.

The following are some examples of Suspicious Activity that are “In progress” crimes, which demand an immediate call to 9-1-1:

- ◆ An individual peering into vehicles, to try, and locate any valuables left unattended.
- ◆ An individual trying door handles to vehicles, and/or residences to gain access to the vehicle and/ or residence.
- ◆ An individual checking front doors of residences to locate any unattended packages, or

Officers Downs and Burke were on duty patrolling the area of the Bernal Heights Park when they came upon a parked jeep with no front license plate. The officers could see that there were two people seated in the back seat. They got out and approached the vehicle in order to talk with the occupants. As they neared the vehicle they could smell the distinct odor of burnt marijuana coming out of the open windows. Inside they could also see marijuana and an open container of alcohol in plain view. They then had the two occupants exit the vehicle so that they could conduct a more thorough search. Inside, Officer Burke located a fully loaded 9mm Glock 17 handgun with a 16 round magazine attached to it in the center console. Both subjects were arrested and taken back to Ingleside station. 3:57am 100 Blk Sagamore Vehicle Burglary

Officers Jensen, Clayton, and Bell were at the gas station at Mission and Sickles on an unrelated call when a male subject tried to get their attention from across the street. The male yelled out, "Hey Officer, this guy is following me". The officers looked in his direction and in fact saw a White Lincoln Aviator slowly following the subject. The officers crossed the street and went to talk with both parties. It turned out that the driver of the Lincoln Aviator was the victim of a vehicle burglary and was in the process of following the suspect as he was calling the police when they came upon the officers at the intersection. The owner said he had just gotten home from work and was about to take a shower when he heard noises coming from outside. He looked out his window and saw the male suspect reaching into his vehicle through a shattered window and opening his passenger door. The victim yelled out to the suspect not to take his tools, but the suspect responded by saying, "I don't care". The suspect grabbed the bag of tools and fled the area. The victim quickly got dressed, jumped into his car and began following the suspect while calling the police. They all believed the driver may have accidentally step on the gas instead of the break and was going to slowly back out, but instead he hit the gas and slammed into the big glass window next to the entrance. Traffic Safety Enforcement Operations Plan for San Francisco with OTS Grant

The San Francisco Police Department will conduct Traffic Safety Enforcement Operations on April 4th, 5th, 12th, 17th, 24th and 26th with a focus on bicycle and pedestrian safety. Over the past three years, the department has identified areas where significant numbers of pedestrian and bicycle-related collisions have occurred and responded by deploying additional officers to those areas in an effort to prevent deaths and injuries. Special attention will be given to Focus on the Five violations: speeding, making illegal turns, failing to stop for stop signs and red lights, failing to yield to pedestrians in cross walks, as well as any other dangerous violation.

San Francisco is committed to eliminating traffic deaths on our streets as part of Vision Zero SF. Vision Zero SF is our city's commitment to prioritize safe streets for everyone.

Bicycle and pedestrian fatalities are rising in California as more people use these non-motorized means of transportation. In 2016, California witnessed 867 pedestrians and 147 bicyclists killed, accounting for more than 28 percent of all traffic fatalities.

All riders are reminded to always wear a helmet – those under 18 years of age must wear helmets by law. Pedestrians should cross the street only in marked or unmarked crosswalks at corners. All motorists are reminded to be mindful of others who share the road.

Funding for this program is provided by a grant from the California Office of Traffic Safety through the National Highway Traffic Safety Administration.

Sobriety Checkpoint In San Francisco

San Francisco Police Department's Traffic Unit will be conducting a sobriety checkpoint this Friday, April 27, 2018, at an undisclosed location within the city limits between the hours of 7:00 P.M. and 3:00 A.M.

The deterrent effect of sobriety checkpoints is a proven resource in reducing the number of persons killed and injured in alcohol or drug involved crashes. Research shows that crashes involving an impaired driver can be reduced by up to 20 percent when well-publicized sobriety checkpoints and proactive DUI patrols are conducted routinely. Nationally, the latest data shows nearly 10,000 people were killed by an impaired driver.

Officers will be looking for signs of alcohol and/or drug impairment with officers checking drivers for proper licensing delaying motorists only momentarily. When possible, specially trained officers will be available to evaluate those suspected of drug-impaired driving. Recent statistics reveal that 30 percent of drivers in fatal crashes had one or more drugs in their systems. A study of active drivers showed more tested positive for drugs that may impair driving (14 percent) than did for alcohol (7.3 percent). Of the drugs, marijuana was most prevalent, at 7.4 percent, slightly more than alcohol.

According to the National Highway Traffic Safety Administration (NHTSA), checkpoints have provided the most effective documented results of any of the DUI enforcement strategies, while also yielding considerable cost savings of \$6 for every \$1 spent. Nearly 90 percent of California drivers approve of DUI checkpoints.

DUI checkpoints are placed in locations based on collision statistics and frequency of DUI arrests, affording the greatest opportunity for achieving drunk and drugged driving deterrence. Locations are chosen with safety considerations for the officers and the public.

San Francisco Police Department and Department of Homeland Security/Homeland Security Investigations Announce Arrests in San Francisco Homicides

San Francisco Police Department Chief William Scott and Special Agent in Charge for Homeland Security Investigations Ryan L. Spradlin today announced arrests in six homicides committed in San Francisco between 2006 and 2013.

San Francisco Police Department Homicide investigators worked in collaboration with Homeland Security Investigations investigators to develop leads and new evidence that lead to a federal indictment of suspects in these cases.

"The arrests in these criminal cases were made possible through the collaborative partnership between the police department and Homeland Security Investigations," said Chief William Scott. "Through diligent investigative work and careful coordination, law enforcement agents this week were able to safely take several homicide suspects into custody without incident. We hope that these arrests will bring a measure of comfort and healing to the families of the victims, many of whom have waited years for justice."

For further information regarding these cases, please contact the U.S. Attorney's Office for the Northern District of California at 415-436-7200 or visit www.usdoj.gov/usao/can.
