Captain Jack Hart's Message

Wed, May 23, 2018

We often equate the term “resilience” with the ability to bounce-back after a traumatic incident occurs. This leads many to believe that our greatest moments of testing will be whether or not we can pick ourselves “up off of the mat” when knocked down by the heavyweight title holder (or in the lens of Bay Area disaster management “The 10.0 magnitude ‘Haywired’ earthquake.” The Institute of Heartmath, the neuroscientists at the forefront of developing resilience in the systems of the human body that sustain life when in energetic coordination, defines “resilience” as: “The capacity to prepare for, adapt to, and recover from stress, adversity, or challenge.” This definition broadens the lens in which we view resilience, specifically that we can invest our energy, time, willingness, and commitment now, so that we are all more prepared today than we were yesterday when the unthinkable happens. Ingleside Station is working hard to be resilience partners with all of our neighbors and neighborhoods and looks forward to promoting NEN’s Neighborfest and other initiatives in support of Neighborhood Watch, NERT, ALERT, and other community-building programs already in progress.

Featured Ingleside Officers of the Month **Ofc. Dungea & Ofc. Calupad**

The Featured Officers of the Month for May are Ofc. Jason Dungea # 1003 and Ofc. Oliver Calupad #4320. Jason and Oliver, (fourth and fifth from the left in this photograph) are partners on the 11AM-9PM watch, who tirelessly work to keep the streets of the Ingleside safe during the busiest times of day for calls for service.

They are particularly noteworthy for their proactive crime-fighting work during the month of April, 2018. Three times during the month of April, they received “Crime Bulletin” emails related to property and personal crimes sent out from investigators, recognized the suspects on the street from the online photos, and safely and effectively took them into custody.

Statistics alone cannot measure heart, drive, passion, engagement, willingness, selflessness, and tenacity that these officers possess, which is why their proactive work this month is worthy of particular note and praise.

Featured Ingleside Community Member of the Month

Daniel Homsey

Daniel Homsey, a fourth generation San Franciscan and graduate of San Francisco State University, is Ingleside Station's Featured Community Member of the Month.

He is particularly being recognized for his energetic, tireless, and passionate work to enhance the communication, connection, and capacity of neighborhoods, for neighbors, all over the City. As the Director and Hub Planner for the Neighborhood Empowerment Network, he has not only passionately advocated for stronger neighborhoods by planning, organizing, equipping, and inspiring everyday people to invest in themselves, their families, their neighbors, and the community, but to bring community-based organizations, government agencies, schools, elected officials, and public safety partners to the table with the purpose of enhancing cross-communication and collaboration so that all of our public safety and wellness goals can be met.

We are a better, safer City because of him.

Please visit empowersf.org for more information and consider hosting a "Neighborfest" in the Fall!

"The first 72 hours after a disaster are critical; organizations often must create collaborative strategies on the fly to meet the immediate needs of their community's residents, therefore having a culture of coordination and cooperation already in place is a big benefit." -Daniel Homsey

DUI Saturation Patrols This Friday

San Francisco Police Department's Traffic Unit will be conducting DUI saturation patrols this Friday, May 25, 2018, between the hours of 7:00 P.M. and 3:00 A.M. Research shows that crashes involving an impaired driver can be reduced by up to 20 percent when well-publicized DUI checkpoints and proactive DUI patrols are conducted routinely.

Officers will be looking for signs of alcohol and/or drug impairment by checking drivers for proper licensing, delaying motorists only momentarily. When possible, specially trained officers will be available to evaluate those suspected of drug-impaired driving. Recent statistics reveal that 30 percent of drivers in fatal crashes had one or more drugs in their systems. A study of active drivers showed more tested positive for drugs that may impair driving (14 percent) than did for alcohol (7.3 percent). Of the drugs, marijuana was most prevalent, at 7.4 percent, slightly more than alcohol.

Drivers caught driving impaired can expect the impact of a DUI arrest to include jail time, fines, fees, DUI classes, other expenses that can exceed \$10,000, not to mention the embarrassment when friends and family find out.

Funding for this checkpoint is provided to the San Francisco Police Department by a grant from the California Office of Traffic Safety, through the National Highway Traffic Safety Administration, reminding everyone to 'Report Drunk Drivers – Call 9-1-1'.

Traffic Safety Enforcement Operations Plan for San Francisco with OTS Grant

The San Francisco Police Department will conduct Traffic Safety Enforcement Operations on May 8th, 15th, 18th, 24th and 30th with a focus on bicycle and pedestrian safety. Over the past three years, the department has identified areas where significant numbers of pedestrian and bicycle-related collisions have occurred and responded by deploying additional officers to those areas in an effort to prevent deaths and injuries. Special attention will be given to Focus on the Five violations: speeding, making illegal turns, failing to stop for stop signs and red lights, failing to yield to pedestrians in cross walks, as well as any other dangerous violation.

San Francisco is committed to eliminating traffic deaths on our streets as part of Vision Zero SF. Vision Zero SF is our city's commitment to prioritize safe streets for everyone.

Bicycle and pedestrian fatalities are rising in California as more people use these non-motorized means of transportation. In 2016, California witnessed 867 pedestrians and 147 bicyclists killed, accounting for more than 28 percent of all traffic fatalities.

All riders are reminded to always wear a helmet – those under 18 years of age must wear helmets by law. Pedestrians should cross the street only in marked or unmarked crosswalks at corners. All motorists are reminded to be mindful of others who share the road.

Funding for this program is provided by a grant from the California Office of Traffic Safety through the National Highway Traffic Safety Administration.

San Francisco Police Department Mourns the Passing of Former Police Commission President Julius Turman

The San Francisco Police Department today mourns the passing of former Police Commission President Julius Turman. A distinguished labor and employment law attorney and former assistant U.S. Attorney from the District of New Jersey, Commissioner Turman joined the San Francisco Police Commission in 2012, becoming Vice President in 2014 and President in 2016.

Throughout his tenure and in collaboration with community members and department stakeholders, Commissioner Turman and his fellow Commissioners worked diligently to strengthen relations between the SFPD and the public, revise and adopt Department General Orders governing department operations, and implement recommendations by the U.S. Department of Justice COPS Office. He served his final day as Commission President and member on May 4th, 2018.

“Commissioner Turman was a tremendously intelligent and compassionate man who cared deeply about this department,” said San Francisco Police Chief William Scott. “He worked to help us increase trust and respect and was relentlessly focused on bringing forth the best practices, policies and procedures to the San Francisco Police Department. We are grateful for his dedication and hard work and we extend our deepest condolences to his family.”

“Julius was dedicated to breaking down barriers and building bridges between people,” said Police Commission President Thomas Mazzucco. “In the weeks before his passing, he demonstrated strength and fortitude to ensure that the important work of the Police Commission would continue. Julius cared about the relationship between the SFPD and the people of our great city. He was a true San Franciscan and has earned the right to be called one of our finest.”

San Francisco Police Make Arrest in Cold Case Homicides

On December 9, 1999 at approximately 7:00 PM, San Francisco Police responded to an incident in an apartment building on the 400 block of Bush Street. Former University of Nevada, Las Vegas (UNLV) swimmer Kameron Sengthavy, a 25 year-old male, was found deceased from apparent stab wounds.

On June 1, 2000 at approximately 7:00 AM SFPD officers responded to a gas station at Washington and Van Ness Streets where the body of a gas station attendant, Thomas Lee, a 60 year-old San Francisco resident was found shot by an unknown assailant.

Investigators from the SFPD Homicide Detail conducted investigations of these crimes. After exhausting all leads, these investigations were assigned to the Department's Cold Case Unit.

In early 2018, investigators from the SFPD Homicide Detail's Cold Case Unit developed information that led to the identity of the suspect in these two homicides. The suspect was determined to be a Donovan Ray Lacy, a 38 year-old male.

Lacy is currently serving time in a Florida prison for several bank robberies he committed in that state. Lacy, however, had previously lived in the Bay Area and was brought back to Marin County to stand trial for several bank robberies that occurred in 2012 and 2013. In January of 2014, Lacy was convicted on the Marin County bank robbery charges and was sentenced to 105 years in prison. Following his sentencing in Marin County, Lacy was transported back to Florida. A booking photo of Lacy from Marin County Sheriff's Office accompanies this news release.

SFPD investigators gathered evidence and developed probable cause to charge Lacy with the murders of Sengthavy and Lee. An arrest warrant has been issued charging Lacy with two counts of homicide. Lacy is expected to be extradited to San Francisco to stand trial for the murders.
