Hello all,

We need your help.

As everyone knows San Francisco has had a major issue with vehicle break ins. Fortunately 2018 is showing a significant reduction in this crime however San Francisco residents are still a significant portion of our victims. This is where we need your help.

#1 Always take the time to remove all valuables from your vehicle when you leave your parked car even if it is only for a brief period of time.

#2 If you are placing items in your trunk to ensure they are out of sight of potential thieves do so before you park your car so any on looking thief does not see you do this.

#3 If you see any tourists on you street parking their car please educate them about not leaving anything in their vehicle while they shop or sight see.

#4 There are a number of flyers in our newsletter regarding vehicle break ins please feel free to distribute to your neighbors or any potential victim in an effort to stop this crime.

I know when we all work together we can achieve great things. Lets see what happens if we all work together on this. I believe we can make a significant impact on the number of San Francisco victims and in addition our visitors.

Thank you all, be safe and don't leave anything visible in your car, please.

Captain Una Bailey

PARK SMART CAMPAIGN**If you love it, don't leave it...**

Park Smart is a public awareness campaign that has a catch phrase, "If You Love It, Don't Leave It," which is a friendly reminder not only to residence, but to visitors and tourist not to leave precious valuables unattended in vehicles. Park Smart provides citizens with important information to help prevent crimes before they occur.

The Park Smart Campaign is the result of private agencies partnering with City agencies, including the following: San Francisco Police Department (SFPD), San Francisco Municipal Transportation Agency (SFMTA), the Department of Emergency Management (DEM), the Office of Short Term Rentals, the Office of Economic and Workforce Development, 311, SF Travel and community benefit districts.

Park Police Station is doing our part to distribute the Park Smart materials in the hot spot areas of the Park District. On 8/22/18, Sergeant Meyer, Officer Wu, Officer Prillinger, and Officer Deignan, in addition to our Foot Beat Officers, walked Haight Street from Stanyan Street to Masonic Avenue, and continued to distribute the Park Smart pamphlets on Waller Street, in an effort to make all aware to Park Smart while parking their vehicles anywhere, especially in San Francisco, CA.

CITIZENS OF THE MONTH

Captain Bailey and Park Station want to acknowledge the astounding bravery two civilians whose actions helped lead to an arrest of a theft suspect whose crimes spanned multiple incidents. It is with great pride that Captain Bailey announces two outstanding citizens, Nelson Guzman and William Hanover, as “Citizens of the Month.” Congratulations to Nelson and William.

Nelson Guzman and William Hanover assisted in making a great arrest on July 30th. On 07/30/18 at approximately 6am, William Hanover was sitting on the steps of his home when he heard glass breaking and went to investigate. He saw a person in Nelson Guzman’s vehicle. He got a closer look and saw the individual sitting in the vehicle rummaging through the vehicle. Hanover closed the door of the vehicle preventing the suspect from leaving. Guzman came to assist and the police were called. Officers arrived on scene and took custody of the suspect. The suspect had a key fob that lead officers to the stolen vehicle that the suspect had arrived in. The stolen vehicle was filled with stolen items that were related to four other burglaries and auto boosts.

We are so appreciative of their efforts and bravery, and citizens like Guzman and Hanover are an enormous asset to our beautiful district. Thank you Nelson and William!

William Hanover and his son

Nelson Guzman

CAPTAIN BAILEY'S TOP TIPS TO PREVENT OR SOLVE CRIME

Remember crime prevention begins with you:

TIP #1 to PREVENT OR SOLVE CRIMES

I want to review with everyone how you can best avoid being a victim of a burglary. Please ensure that you are taking basic security measures i.e. locking and securing all doors and windows. Be mindful of this security even when at home do not leave a window or door open that is easily accessible from the ground floor. Always remember to keep your garage doors closed and secured. Do not leave a hide-a key. Suspects are very in tune with where people leave spare keys. Do not leave your garage door opener in your car or at least keep it out of view. Please think about installing a security camera and motion activated lights. Of course a big deterrent of burglaries is having a dog but I know not all of us can be lucky enough to have our furry friends on guard each day and night. Finally please immediately call 911 if you think you see a crime in progress or a suspicious person in your neighborhood. District residents have been doing a great job of calling 911 when they see suspicious activity or what they believe to be a crime in progress. These calls have led to numerous arrests. Our officers responded quickly and are able to take suspects into custody.

Please take the time to review the SF SAFE form on the next page (page 18).

Your safety is paramount to us here at Park Station and with your help we can prevent many crimes and solve more.

TIP #2 to PREVENT OR SOLVE CRIMES

I want to take this time to remind everyone to record the serial numbers of all your valuables i.e. bikes, tools etc. You can do this by simply taking a photo of the item and then zoom in to take a photo of the serial number. Most people have smart phones and you can easily use your phone camera to achieve this. This is

LOCATION OF SERIAL NUMBER ON AFFECTED BICYCLES

really great information for you to have in the event you are a victim of a theft. We can post the photos on flyers and record the serial numbers of your possessions so that in the event we make an arrest of an individual with stolen items your items will be easily recognizable. Officers can also identify them easily if they are being sold at any location. Bottom line having this information increases your chances of being reunited with your stolen items. It also increases the chances of these thieves being held accountable for their crimes.

CAPTAIN BAILEY'S TOP TIPS TO PREVENT OR SOLVE CRIME**Remember crime prevention begins with you:**

Reporting crimes is crucial in a number of ways:

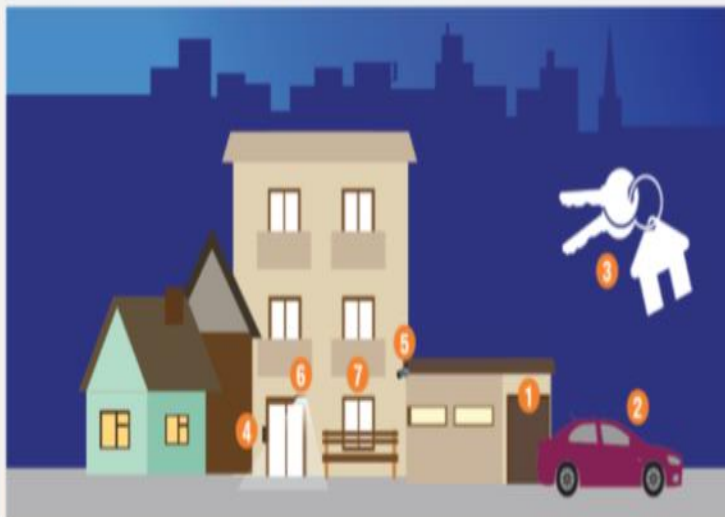

- #1 It is important that incidents are documented at the time of the incident. This ensures that the victim's memory of the incident is fresh and thereby increases the chances of a more accurate and detailed report. (There are some exceptions to this i.e. when a person is a victim of a serious traumatizing experience their memory may be better later.)
- #2 It allows immediate follow up by the officers and immediate seizure of evidence that could be lost if there is a delay in reporting.
- #3 It allows immediate further follow up by our investigative team on any potential leads.
- #4 It formally records the event and even though there may not be any leads to follow at the time the incident was reported, it allows all officers in law enforcement access to the report which may be related to other incidents that have been reported or will be reported later. This is especially true of sexual assaults where some times it involves a repeat offender. If the victims do not report the crime nobody knows it happened and cases cannot be related. It allows the suspect to continue committing these crimes, victimizing others because victims have chosen not to report the crime to police.
- #5 Many times when cases are related and a suspect is taken into custody the District Attorney can add additional charges for the related cases. Of course this is contingent on additional evidence but a victim's ability to identify a suspect in a case can be enough to charge the case when there are additional cases.
- #6 In addition there are cases where an individual is tormenting a neighborhood with a variety of crimes but if community members are not willing to make a report when they see a crime committed and sign a citizen's arrest, these incidents go unreported and the criminal behavior continues. A citizen's arrest form needs to be signed when a victim or witness sees a misdemeanor crime being committed and the officer does not. If the victim/witness does not sign the citizen's arrest then the officer cannot arrest the individual for the crime committed.
- #7 Finally and most importantly if you do not report and document the crime it is as though the crime never happened. Whatever chance we the SFPD have of solving a crime that has been reported we have zero chance of solving a crime that has not been reported.

Please remember we can only succeed by working together and you the members of the community are the people who most help us succeed. Thank you for all your help and I look forward to our continued collaboration.

Whether you live in a single family home, condo, or a large apartment complex in San Francisco, there are a number of ways you can keep your residence safe and secure. Working together as a community with your neighbors and building management can significantly improve your residential safety.

7 Residential Safety Tips

- 1 **Garage:** When entering or leaving the garage, watch to ensure door shuts completely. Lock stored bikes to a sturdy rack.
- 2 **Car:** Always lock your vehicle when parked in your garage and remove all valuables. Never leave garage door opener in your vehicle when parked outside your home.
- 3 **Spare Key:** Never hide spare keys. If you need to have a spare key available, leave it with a trusted neighbor.

- 4 **Door Buzzer:** When a visitor rings your bell, confirm who it is by intercom before you grant them access. Similarly, never let strangers follow you through the front door.
- 5 **Security Cameras & Alarm Systems:** Cost effective tools for preventing crime and identifying criminals.
- 6 **Light Timers:** Installing timers on the exterior of your residence is an effective and energy efficient way to deter criminal activity.
- 7 **Doors/Windows:** Always keep doors and windows locked.

Door and Window Safety

Doors:

- Should be made of solid wood or metal
- Have a single cylinder deadbolt lock and a 1-inch bolt
- Have a front door viewer or peep hole with a 180-degree range
- Clearly display unit number

Windows:

- Replace if glass is cracked and replace all damaged or missing locks
- Ground level windows should be burglary resistant: consider purchasing windows with reinforcement wire, laminate, or tempered glass
- Polycarbonate plastic or metal grates can be installed over existing ground level windows
- Windows above ground level are not considered secure: if used for ventilation, lock in position and keep open no more than 3 inches

Keep property in good repair. Maintain visibility to your neighbors for increased safety.

WHO AND WHEN TO CALL?

3-1-1: Please contact 3-1-1 when the issue is a not an emergency, yet requires City services or, if you simply have questions regarding City services. Non-emergency situations include the following examples: damage to public property, public trees that requires pruning, defective streets or sidewalks, homeless-related issues. 3-1-1 was developed to help the community inform the appropriate City agency regarding a service request.

Non- Emergency San Francisco Dispatch Line: Please call the non- emergency dispatch line **(415-553-0123)** when the scenario does not need immediate response from the San Francisco Police Department. For example, if there is a loud party, a group of loud juveniles loitering in front of your residence, noise complaints, doubled parked vehicles, suspicious activities, or a homeless/nuisance related issue. **The non-emergency line is for situations that require the police, but do not require an immediate police response.**

9-1-1, please call 9-1-1 immediately if there is a police, fire, medical, or any other emergency. The purpose of San Francisco's 9-1-1 Emergency Telephone System is to provide the community an immediate response of police, fire, or medical personnel for emergency occurrences. To accomplish this, it is imperative that the calls received on the 9-1-1 line be restricted to those situations that require immediate dispatching of police, paramedic, or fire department personnel. For example, crimes or fires that are in-progress, or medical emergencies.

The San Francisco Police Department district station telephone numbers and emails are not monitored. Questions will be answered in the order we receive them. Station emails are not for making police reports nor for reporting a crime. If you need to make a police report, you can call 415-553-0123 or go to your district police station. **If you have an emergency, please call 9-1-1.**

PARK STATION'S VISION & VALUES

Captain Una Bailey

I absolutely love police work and I love all that we as SFPD can do to help victims, solve and prevent crimes, and I am a firm believer in the power of the community. We, as a department, are only as successful as our partnerships with the community. I learned very early in my career how important community involvement is both in solving and preventing crimes and also in the creation of safe desirable neighborhoods. I look forward to building and maintaining community involvement and relationships over the coming years. I know that when we work together, we will create a district that will be safe and sound for all.
