Captain's Message

Greetings Southern District community members,

Active shooter incidents which have occurred nationwide with the most recent tragedy at the Marjory Stoneman Douglas High School in Parkland, Florida, served as a reminder to all of us in the community regarding the importance of preparedness for these types of events. With an increase in requests from the community for training due to these types of incidents, I have included a link under the Department's website, www.sanfranciscopolice.org which provides information for review and consideration in preparation for an active shooter event. Active shooter training information can be accessed under the link: <https://www.dhs.gov/active-shooter-preparedness>.

Earlier this month, a Public Safety Summit was hosted by the Central Market Community Benefits District at the Strand Theater which featured a presentation by SFPD on preparation for an Active Shooter incident. Please contact Southern Station at SFPDSouthernStation@sfgov.org if you have any further questions or require any additional information.

District Crime

A review of recent crime statistics indicate a year to date reduction of 23% in auto burglaries in the Southern District. Southern Station continues to prioritize reducing auto burglaries in the district by strategically deploying uniform officers and conducting enforcement operations by plainclothes officers in high incident locations identified through crime analysis. There have been 21 arrests of auto burglary suspects year to date with many offenders having prior criminal history for the same offense. Southern Station continues to work with the District Attorney's office on charging offenders and keeping them in custody. A few safety tips to remember to protect your property:

Captain's Message Continued...

- Do not leave any items visible in your vehicle
- Be certain to lock and secure your vehicle
- Park your vehicle in a well-lit location if possible
- Do not leave valuables in your vehicle
- Do not secure items in the trunk of your vehicle while in public

Proposed Navigation Center

In our continued efforts to address homeless encampments and surrounding quality of life issues within the district, Southern Station continues to work with our partner city agencies in transitioning individuals off the street and into available shelter and services. A new Navigation Center has been proposed at 680 Bryant Street to provide placement opportunities for 84 individuals.

The Department of Homelessness and Supportive Housing has hosted two community meetings to provide details of the plans for the new Navigation Center. Projected opening of the Navigation Center will occur in June 2018. The next Department of Homelessness community meeting to discuss updates will be held on Thursday, April 5, 2018 6pm at 1099 Howard St.

State Farm

On Friday, March 23, 2018, Agent Sandy Lee from State Farm provided an appreciation lunch for the members of Southern Station in our collaborative efforts in enhancing safety within the community. We appreciate the support and continued partnership!

Captain's Message Continued...

SF Challengers League

On March 11, 2018, Southern Station officers led by Officer Brian Kneuker, participated in the kick off of another baseball season with the SF Challengers League sponsored by the San Francisco Junior Giants program. Officers serve as volunteers that assist in coaching and participate in games with developmentally disabled youth. The season consists of 12 games and are held on Sundays at China Basin Park, McCoppin Park and Tepper Field on Treasure Island.

Meet the Beats

On February 27, 2018, Southern Station hosted "Meet the Beats" to provide an opportunity for the community to engage and get to know the foot beat officers who patrol their area on a daily basis. The event was held at Peet's Coffee on 692 Mission St where the officers were able to discuss community concerns. A special thanks to the staff at Peet's for hosting the event!

Twitter

In an effort to provide up to date information regarding events and activity within the Southern District, we are utilizing Twitter to disseminate information on a daily basis. Please follow us @SFPDSouthern on Twitter.

Captain's Community Meeting

The next monthly community meeting will be at the Yerba Buena Center of the Arts at 701 Mission St on Wednesday, April 18, 2018 at 6pm.

Captain Daryl Fong
Southern Station Commanding Officer

DEFINITION OF COMMUNITY POLICING

Community policing, or community-oriented policing, is a strategy of policing that focuses on police building ties and working closely with members of the communities.

- Homeless Outreach and Outreach to Drug Users: Southern Station officers coordinate with city agencies to provide outreach and assistance to rehabilitate those who are dependent on illegal drugs and outreach to homeless individuals to connect them with resources and support.
- Foot Patrols: Southern Station has beat officers assigned to the Mid-Market and Duboce Triangle areas.
- Monthly Police Community Relations Meetings: Community Meetings are held continuously. Officers also attend meetings with merchants groups, business groups, development authorities and others. Concerns are voiced and addressed through problem solving.
- Email Updates: Central Station sends out newsletter updates to residents in the District that alerts residents of crime trends, upcoming community events, crime prevention tips, and information on how to contact officers at the District Station.

FEATURED OFFICERS OF THE MONTH

Each month Southern Police Station will feature one of its officers to provide more insight into the men and women who police our community.

Traffic Safety

“Focus on the Five” Traffic Safety Initiative

The **top five collision causes**, as noted by Collision Reports in San Francisco are:

- Driving at unsafe speed given roadway conditions; Cal Vehicle Code (CVC) 22350
- Running a red light; CVC 21453
- Failure to yield to pedestrian in a crosswalk; CVC 21950
- Failure to yield while making a left or U-turn; CVC 22107
- Failure to stop at a stop sign limit line; CVC 22450

In an effort to improve vehicular and pedestrian safety Citywide, the San Francisco Police Department has identified the five most dangerous intersections in the Southern District. We have implemented the **“Focus on the Five”** traffic safety initiative. Southern Station Officers will be engaging in increased traffic enforcement at these intersections.

Southern District Station – Focus on the Five Dangerous Intersections

19th Avenue / Junipero Serra Boulevard
 Brotherhood Way / Lake Merced Boulevard
 Lake Merced Boulevard / Sunset Boulevard
 19th Avenue / Sloat Boulevard
 Arch Street / Brotherhood Way

Traffic Violations

22450(a) CVC The driver of any vehicle approaching a stop sign at the entrance to, or within, an intersection shall stop at a limit line, if marked, otherwise before entering the crosswalk on the near side of the intersection.

21450(a) CVC The driver of any vehicle approaching a stop sign at the entrance to, or within, an intersection shall stop at a limit line, if marked, otherwise before entering the crosswalk on the near side of the intersection.

22350 CVC No person shall drive a vehicle upon a highway at a speed greater than is reasonable or prudent having due regard for weather, visibility, the traffic on, and the surface and width of, the highway, and in no event at a speed which endangers the safety of persons or property.

21950(a) CVC The driver of a vehicle shall yield the right-of-way to a pedestrian crossing the roadway within any marked crosswalk or within any unmarked crosswalk at an intersection, except as otherwise provided in this chapter.

"I like making my car a tough target for thieves. That's why following SAFE's theft prevention tips makes so much sense to me. I've used these tips for years." —*Andy Winter, San Francisco*

➤ Before leaving your vehicle

1. Prior to parking, lock any items, bags, or packages in your trunk. Remove, or hide from sight, small items of value—phone, charging cords, camera, GPS, money, etc. The best way to prevent a break-in is to leave your vehicle looking empty.

➤ When parking

2. Choose a well-lit area with plenty of pedestrian traffic or a parking attendant nearby.
3. Remember or write down where your vehicle is parked to avoid searching for it.
4. Leave only your ignition key with a parking attendant. Keep other keys with you.
5. If you have an anti-theft device or vehicle tracking service, use it.
6. If you have a garage, use it. Wait until the garage door closes all the way before driving away, especially if you share a garage with others. Be aware of suspicious people hanging out by the garage doors.
7. Always lock your vehicle, close windows and sunroof completely, and take the keys.

➤ Before getting in or out of your vehicle

8. Have your keys in hand.
9. Be aware of your surroundings. Always look around, and be alert.
10. Leave the area if you have any suspicions.

➤ While driving

11. Keep your doors locked and windows closed.
12. Remove all valuables from easy reach by placing them on the floorboard or in a compartment out of sight.

13.

Stay alert at red lights and stop signs. Check your mirrors often, and be aware of anyone approaching your vehicle, even if they seem harmless.

14. When stopped, avoid being boxed in by other vehicles.
15. Be on the alert for unexpected distractions. One thief may try to get your attention, while another attempts to rob you.
16. Never leave your vehicle running unattended, even for a second. It's against the law.
17. If you see a vehicle parked by the side of the road and someone is waving for you to stop, continue driving and report the incident to 9-1-1.

➤ If you are being followed by another vehicle

18. Drive immediately to a populated area or a police or fire station.
19. If your vehicle is boxed in and you feel threatened, lean on your horn and flash your lights to draw attention.
20. Use your cell phone to call 9-1-1. Be prepared to give your location first, and the vehicle's description.

21.

Make protecting yourself your most important habit, and protecting your vehicle and possessions will be a bonus.

Carjacking is a violent crime where a vehicle is taken from a person either by force or the threat of force.

22. If a carjacker threatens you (with a weapon or not), do not resist. Immediately give up your vehicle, go to a safe place, and call 9-1-1. In most carjackings, the attackers are only interested in the vehicle, not in hurting the driver.

The more mindful you are of simple precautions, the less likely you are to become a victim!

Using common sense is your best defense.

➤ Additional preventative measures

23. Have a vehicle tracking system installed to easily locate your vehicle if missing or stolen.
24. Have your VIN # engraved on your vehicle and on expensive accessories for easy identification.
25. Slide a card with a secret codeword into a vehicle window, so it drops down into the door panel. Giving this codeword to police is another way of identifying your vehicle.
26. Don't hide a spare key on your vehicle. Thieves know all the hiding places.
27. Check your license plates daily to make sure they haven't been switched or stolen.
28. Keep your vehicle and tires in good condition to prevent a breakdown—and stranding you in some dark and unfamiliar place.
29. Recreational vehicles need protection, too. Lock and secure motorcycles, all-terrain vehicles, trailers, boats, jet skis, motor scooters, and bicycles with a heavy-gauge chain and padlock that are strong enough to resist steel handseaws and hammers. Store in a secure location when not in use.

30.

Remove all papers with your personal information (name, address, social security #, birth date, etc.) from your vehicle, including your mail, bills, checkbook, etc. Carry your vehicle registration with your driver's license. Leave only a copy of your registration in the vehicle with your address backed out. **Keep your vehicle title (pink slip) safely at home.**

➤ Prevent thieves from finding out where you live and/or stealing your identity.

➤ If you become a victim of vehicle theft

Report the theft immediately to the police, and give detailed information that identifies your vehicle or stolen items:

- License plate # and VIN #
- any identifying features that make your vehicle distinctive (stickers, window decals, dents, etc.)
- and any special items of value (phone, radio, GPS system, CD player, CB radio, tire brand and size)

If you feel threatened, call 9-1-1.

Our Mission

SAFE engages, educates, and empowers San Franciscans to build safer neighborhoods through crime prevention, education, and public safety services that result in stronger, more vibrant and resilient communities.

Our History

San Francisco SAFE, Inc. (Safety Awareness for Everyone) is a community crime prevention and public safety program that works in cooperation with the San Francisco Police Department and other city agencies to help San Franciscans protect themselves from becoming victims. SAFE was created in 1976 as a project of the SFPD. In 1980, SAFE became a non-profit 501(c)(3) corporation, and 30 years later, continues to act as the crime prevention component of the police department. A major portion of SAFE's income comes from a grant contract with the SFPD, but SAFE also receives donations and grants in order to expand and enhance our crime prevention and public safety services. SAFE has also received numerous grant awards from the City and County of San Francisco, the San Francisco Mayor's Office, State Office of Criminal Justice Planning and local foundations. We have provided major support to the San Francisco Police Department and Mayor's Office by acting as a fiscal agent for these federal and state funded grants, along with participating in numerous crime prevention activities as a part of these grants.

WHAT IS SAFE BIKES

If a bicycle is stolen, even if it is recovered, it is almost impossible to find the owner. Until now. SAFE Bikes is a community collaboration to help reduce bike theft in San Francisco and support bike owners getting their bikes back in the event that their bike is stolen. We have created a bicycle registry to help you get your bike back and to prove that the bike is yours. If your bike is recovered, officers can look up your serial number or registration tag number to return the bike to you. SAFE Bikes also hosts educational workshops and provides valuable information to help you lower the likelihood of your bike getting stolen.

IF YOUR BICYCLE IS STOLEN

- **STEP 1.** Go to your local police district station in San Francisco to file a police report, in person, online, or call 415-553-0123.
- **STEP 2.** Follow the steps listed here to increase your chances of getting your bicycle returned.
- **STEP 3.** Check the Stolen Bike Registry and Bike Index for your stolen bicycle.
-

LOCKING TECHNIQUE

- **STEP 1.** Secure rear wheel with small, hardened steel U-lock inside the rear triangle
- **STEP 2.** Make sure U-lock is secured to an immovable object
- **STEP 3.** Secondary metal lock (cable or another U-lock) placed on front wheel
- **STEP 4.** Replace quick release skewers with keyed locking skewers to ensure wheels and saddles are locked to frame.

This is only one of many locking methods. None are 100% guarantee

SoMa West CBD an Introduction

Western SoMa neighborhood groups are combining efforts and passions to improve our neighborhood's safety, health, economic vitality, and aesthetics. Together, we are working to form a Community Benefit District called SoMa West CBD.

Our Neighborhood

SoMa West represents one of the most multicultural and multidisciplinary neighborhood in San Francisco. From its formation in 1847, our neighborhood was created to accommodate city pioneers, workers, manufacturing, and utilities. Since then, we have also become home to a variety of community activists and civil rights advocates, community celebrations, artist groups and studios, technology leaders, entertainment and nightlife. Our location, space, and accessibility makes our neighborhood increasingly important to the San Francisco Bay Area. Improvements to our neighborhood will prove fundamental to sustaining our neighborhood's well-being.

Our Mission

- Advance the quality of life and community cohesion for residents, businesses, workers, and visitors in the SoMa West neighborhood.
- Foster a safer and more secure community.
- Enhance environmental quality and beauty.
- Reinforce the viability of our economic base while embracing the community that makes SoMa West so unique. As a unified body, SoMa West CBD can
- Strengthen and advocate for the community both in the present and for our future as a unified body.

What is a Community Benefit District?

Community Benefit Districts (CBDs) are public-private partnerships formed by property owners in a specific geographic area to improve quality of life, build community, and promote economic activity.

CBDs provide supplemental services such as safety patrols, sidewalk cleaning, park maintenance, retail and restaurant recruitment, resident and business advocacy, and other services to improve the basic level of services provided by the City (to supplement city services, NOT replace city services). These services are funded by property owners who pay an annual assessment based on the size of one's land, building or home, and other determining factors.

Forming a CBD requires formulating an annual budget and a management plan, which will be implemented by a nonprofit organization. The organization will be governed by a board of district property owners, businesses, renters, and other stakeholders.

As a unified community we decide what services we want to address and how we allocate our resources, while having a significant voice with the City.

How does the CBD benefit me?

By having a vibrant, clean and safe neighborhood - the goal of the CBD - property owners, residents, businesses and workers will all benefit. Additionally, we will promote a sense of community and encourage businesses and shops to make this an incredible place to live, work, shop, and visit.

Auxiliary Law Enforcement Response Team (ALERT)

Are you someone who is interested in disaster preparedness and wants to help out your community while working hand in hand with Law Enforcement? If so, then the ALERT program is for you!

What is the ALERT Program?

The San Francisco Police Department Auxiliary Law Enforcement Response Team (ALERT) is a volunteer citizen disaster preparedness program. The ALERT program trains members of the public to assist Law Enforcement in essential tasks after a major disaster, and in other identified non-disaster activities. Such tasks may include: traffic control, foot patrols of business and residential areas, reporting criminal activity etc. Volunteers must be at least 16 years of age and must live, work, or attend school in San Francisco.

The ALERT program is modeled after, and works in partnership with, the San Francisco Fire Department Neighborhood Emergency Response Team (NERT) program.

Three Steps To Becoming An ALERT volunteer:

1. Complete NERT training and receive certification. To register for NERT training courses please visit www.sfgov.org/sfnert
2. Once NERT Certified, forward a copy of your NERT ID card to the ALERT program at sfpdalert@sfgov.org
3. After clearing a basic background check you will be eligible to register for one of our quarterly ALERT training classes.
