**Off-Duty Concealed Carry PROHIBITED at AT&T Park**

Effective 03/30/2017, off-duty law enforcement officers who do not have an authorized, working, event-day function, will be banned from bringing weapons into AT&T Park. No firearms will be allowed into AT&T Park except for those carried by law enforcement officers working in a pre-approved event-day capacity and assigned to the event. This ban will also apply to licensed CCW patrons.

This policy was enacted on June 1, 2014 for a number of reasons, including the fact that AT&T Park is secured through a number of measures including, but not limited to magnetometers, metal detecting wands, pat-downs and explosive detection canines.

In the past, SFPD allowed verified law-enforcement personnel to carry weapons into AT&T Park if such personnel identified themselves to ballpark security and registered their seating location with SFPD. **This practice is no longer applicable. As such, you will be denied access to enter the ballpark if you are off-duty and carrying a firearm. There will be NO weapons storage on the property. Members are required to adhere to Department Bulletin 15-210, Firearm Security in Vehicles, and should familiarize themselves with San Francisco Police Code 3602B as it relates to the storage of firearms.**

Please direct any questions to Lt. Scott Heidohrn at Southern Station.

  
WILLIAM SCOTT  
Chief of Police

*Per DB 15-141, sworn members are required to electronically acknowledge this Department Bulletin in HRMS.*
