### **SFPD Makes Arrest in Explosion of Homemade Rocket**

On April 8<sup>th</sup>, 2019 San Francisco police officers from the Tenderloin District Station responded to the 500 block of Leavenworth Street on the report of an explosion. Upon arrival, officers observed debris consistent with a homemade rocket.

A witness reported seeing an unknown, approximately 5'10", 30-35 year old white male place the device on the ground and walk away. The device exploded moments after the suspect fled westbound on Geary Street on a bicycle.

The SFPD Bomb Squad responded to the scene and conducted an investigation. No other devices were located. Surveillance video showed the suspect placing and lighting what appears to be a homemade rocket, which then exploded.

SFPD released a crime bulletin regarding the incident. Over the course of the investigation, SFPD's Arson Task Force developed a possible location of the suspect.

On April 10<sup>th</sup> at approximately 8:11 AM, a male matching the description of the suspect was seen in the area of the 1800 block of Post Street. The suspect was wearing what appeared to be the same or similar clothing as the suspect in the crime alert bulletin.

The suspect was detained and taken into custody at the corner of Webster Street and Bush Street. He was identified as 51 year-old Scott Campbell of San Francisco. A search warrant was issued for Campbell's home. The search revealed homemade rocket building supplies and other hazardous materials.

### **Bicycle and Pedestrian Safety Enforcement Operations Plan for San Francisco with OTS Grant**

The San Francisco Police Department will conduct Traffic Safety Enforcement Operations on April 9th, 18th, 22nd and 26th with a focus on bicycle and pedestrian safety. Over the past three years, the department has identified areas where significant numbers of pedestrian and bicycle-related collisions have occurred and responded by deploying additional officers to those areas in an effort to prevent deaths and injuries. Special attention will be given to Focus on the Five violations: speeding, making illegal turns, failing to stop for stop signs and red lights, failing to yield to pedestrians in cross walks, as well as any other dangerous violation.

San Francisco is committed to eliminating traffic deaths on our streets as part of Vision Zero SF. Vision Zero SF is our city's commitment to prioritize safe streets for everyone.

Bicycle and pedestrian fatalities are rising in California as more people use these non-motorized means of transportation. In 2016, California witnessed 867 pedestrians and 147 bicyclists killed, accounting for more than 28 percent of all traffic fatalities.

All riders are reminded to always wear a helmet – those under 18 years of age must wear helmets by law. Pedestrians should cross the street only in marked or unmarked crosswalks at corners. All motorists are reminded to be mindful of others who share the road.

Funding for this program is provided by a grant from the California Office of Traffic Safety through the National Highway Traffic Safety Administration.

## Distracted Driving

Distracted driving is anything that takes your eyes or mind off the road. In the smartphone age, distracted driving is the most dangerous when drivers are using their cell phone behind the wheel.

Whether it is talking, emailing, texting, plugging in directions, using an app or scrolling through social media feeds, using a cell phone is not only dangerous, but also illegal.

In 2017, 3,166 people were killed in distracted driving related crashes across the country, or nearly 10 percent of all traffic deaths.

Using a phone to dial, talk or text triples the risk of a driver getting into a crash. Texting is the most alarming distraction. Sending or reading a text takes your eyes off the road for an average of 5 seconds. At 55 mph, that's like driving the length of a football field with your eyes closed.

Other serious driver distractions such as eating, grooming, reaching for objects on the floor, changing clothes or talking with passengers are just as dangerous. The safest thing drivers can do is put down the phone, focus on the road and just drive.

### Distracted Driving Prevention

- ✓ Never Text and Drive
- ✓ Silence your phone before you drive

## Cell Phone Law

-  Holding a phone while driving is illegal. Any electronic device must be used in a hands-free manner, such as speaker or voice commands. The law applies when at a stop sign or signal.
-  To use a phone while driving, it must be mounted on the dashboard, windshield (seven-inch square in lower right corner or five-inch square in lower left corner), or center console.
-  When the phone is mounted, drivers can swipe or tap the screen once to activate or deactivate a feature. It is illegal to swipe multiple times, enter information or text.
-  A first offense ticket is \$162, with additional offenses costing even more.
-  You may use your phone while holding it for true emergencies, like calling 911.

Be part of the solution by resisting the urge to talk or text while driving and "Go Safely, California."

# Park Smart!

## Safe Habits to Adopt:

**Turn off the ignition**  
Never leave your car running unattended

**Keep your vehicle & tires in good condition**  
to prevent breakdowns—stranding you in a dark or unfamiliar place

**Lock your doors**  
when you get in your car

**See something, say something**  
If you see a motorist in distress, call 9-1-1 versus stopping to help

**Clear your trunk**  
and take your valuables with you every time you leave your car

**If you are being followed,**  
drive to the nearest police or fire station—a populated area is a good default
