Greetings everyone.

I hope you are all safe and sound after such a stormy last couple of weeks. We had several trees down, traffic signals out and intersections flooded throughout the district but I am happy to report that there no major injuries reported. Just a reminder that driving in the rain is always a bit more tricky than dry conditions so please use more caution and give yourself a bit of extra time so you are don't find yourself in a rush to get somewhere driving on wet roadways. The old saying of "It's not worth it" comes to mind if something happened while trying to get somewhere quickly instead of safely. Taraval Station Officers will be more proactive and conducting traffic enforcement along the Sloat Blvd corridor so drive safely.

Your Taraval Neighborhood Team, TNT, has been working hard lately and have made two outstanding arrests. In one caper TNT set up a "bait bike" operation in the area of 46th and Judah. The bait bike was quickly stolen after being briefly left unattended. TNT nabbed the would be thief and low and behold he was on active felony probation for burglary. The surprised bike thief was book into county jail for grand theft and a probation violation. Shockingly we noticed a drop in home burglaries in the neighborhood.

In yet another operation TNT conducted surveillance at the Stonestown Mall parking lot a young man was seen peering in multiple vehicles however none were broken into. TNT officers along with uniformed officers conducted a traffic stop and identified the young man. As it turns out he happens to be on active felony probation for robbery. The young man bemoaned the traffic stop as he declared "I didn't do anything", so TNT contacts the probation officer who tells us his probationer is wearing an ankle monitor with GPS capability. The unsuspecting probationer's travels are subsequently tracked and he is a frequent visitor to numerous areas throughout the City where auto burglaries happen frequently, wow. TNT tracked the young man to the area of the Legion of Honor and observed him breaking into a car and a foot pursuit ensues but the fleet of foot TNT crew quickly make the arrest and declare "we meet again." The bad guy is booked into county jail for auto burglary and a probation violation. A subsequent search warrant served at his home in San Mateo County reveals evidence linking the thief to approximately 15 prior auto burglary cases. We think auto burglaries around Stonestown might decrease a bit..

Bottom line is the TNT crew and uniformed officers are working hard to keep thieves out of our community and sending a message that more operations are coming and coming.

As I close I would like to give a bit of a tip to everyone which is "If you see something say something". You are the eyes and ears of the community and Taraval Station has a great relationship with its residents so let us know when you think something is just not right. ## SFPD is Seeking Public Assistance in Locating Fatal Hit and Run Suspect Vehicle Suspect Driving a Silver or Gray Sedan Struck a 64 Year-old Pedestrian Before Fleeing the Scene 19-022

On February 26, 2019 at approximately 8:07pm, San Francisco police officers responded to California Street and 18th Avenue regarding a hit and run collision.

Preliminary information indicates that the victim, a 64 year-old female San Francisco resident was crossing California Street at 18th Avenue when she was struck by a motor vehicle. The driver of the suspect vehicle failed to stop and fled the scene. The suspect vehicle was last seen traveling northbound on 19th Avenue then eastbound on Lake Street. The victim was transported to Zuckerberg San Francisco General Hospital (ZSFGH) where she later died.

Investigators from the SFPD Traffic Collision Investigation Unit (TCIU) are searching for a silver or gray sedan with possible front end and windshield damage.

Residents and business owners in the area are asked to check their surveillance camera systems for possible images of the suspect vehicle.

Anyone with information on this incident is asked to call the SFPD 24 hour tip line at 1-415-575-4444 or Text a Tip to TIP411 and begin the text message with SFPD. You may remain anonymous

## Wet Weather Driving Tips

Replace windshield wiper inserts that leave streaks or don't clear the glass in a single swipe. Make sure all headlights, taillights, brake lights and turn signals are properly functioning so other drivers will see you during downpours. Turn on your headlights whenever you drive. Day or night, keep your headlights on while driving in rain. California require that headlights must be in use when you cannot see more than 500 feet ahead of you. Headlights are also required when windshield wipers are turned on.

Proper tire tread depth and inflation are imperative to maintaining good traction on wet roadways. Check tread depth with a quarter inserted upside down into the tire groove. If you can see above Washington's head, start shopping for new tires. Check each tire's pressure, including the spare, at least once a month... and be sure to check the pressure when the tires are cold.

Slowing down during wet weather driving can be critical to reducing a car's chance of hydroplaning, when the tires rise up on a film of water. With as little as 1/12 inch of water on the road, tires have to displace a gallon of water per second to keep the rubber meeting the road. Drivers should reduce their speed to correspond to the amount of water on the roadway. At speeds as low as 35 mph, new tires can still lose some contact with the roadway.

To reduce chances of hydroplaning, drivers should slow down, avoid hard braking or turning sharply and drive in the tracks of the vehicle ahead of you. Also, it's important for motorists to allow ample stopping distance between cars by increasing the following distance of the vehicle in front of them and beginning to slow down to stop for intersections, turns and other traffic early.

# Park Smart!

## Safe Habits to Adopt:

### Turn off the ignition

Never leave your car running unattended

### Keep your vehicle & tires in good condition

to prevent breakdowns—stranding you in a dark or unfamiliar place

### Lock your doors

when you get in your car

### See something, say something

If you see a motorist in distress, call 9-1-1 versus stopping to help

### Clear your trunk

every time you leave your car

### If you are being followed,

drive to the nearest police or fire station—  
a populated area is a good default

SAFE BIKES and the SFPD recommend the Sheldon Brown Locking Method.

No locking method is 100% foolproof, but this method is highly effective.

## GUIDE FOR LOCKING YOUR BIKE:

- Use the **smallest U-lock** that works for your bike to minimize the amount of space available for a thief to insert a jack or levers.
- Use a **hardened steel U-Lock** to secure back wheel inside the rear triangle of the bicycle frame.
- Check to make sure U-lock is secured to an **immovable metal object**.
- Secure **front wheel with cable or second U-lock**. Loop cable around the down tube of the bicycle or secure second U-lock to front wheel and down tube.
- Replace **quick release skewers and nutted wheels with keyed locking skewers and nuts** to ensure wheels and saddles are locked to the bike frame at all times.
- Check with **local bike shop** for proper installation of locking skewers and advice.

## **DON'T BE A VICTIM OF A BURGLARY!**

### Burglary Awareness & Prevention Tips for Construction Sites

#### **Securing & Preventing**

1. Secure all equipment and vehicles at all times.
2. Take effort to reduce the visibility of tools and equipment secured in vehicles or on job sites.
3. Make use of adequate lighting in conjunction with open chain-link fencing on the perimeter to allow for high visibility to the job site.
4. Strongly consider the use of security systems such as alarms and video surveillance. Ensure signage for such is clearly visible.

SFPD Park Station  
1899 Waller Street  
San Francisco, CA 94117  
(415) 242-3000

#### **Precautionary Measures**

1. Photograph all tools. Ensure photographs clearly show the associated serial number and/or distinctive markings.
2. Ensure job site keys are marked "Do Not Duplicate" and are controlled at all times.
3. Attempt to park employee vehicles within visual range of the job site.

#### **Should a Burglary Occur**

Immediately contact 911. Be prepared to provide the following information:

- a) Time of incident.
- b) Video (if available).
- c) Items taken (include make, model, description, location taken from, value, photos and serial numbers).
- d) Insurance information.
- e) Owner's information.

## Beware of Scams

### **Fake Check Scams**

Consumers paid with phony checks for work or for items they're trying to sell, instructed to wire money back to buyer

### **Prizes/Sweepstakes/Free Gifts**

Requests for payment to claim fictitious prizes, lottery winnings, or gifts

### **Recovery/Refund Companies**

Scammers contact victims and claim the consumer owes money on a fictitious debt or to help recover money lost in a previous scam

### **Advance Fee Loans, Credit Arrangers**

False promises of business or personal loans, even if credit is bad, for a fee upfront

### **Phishing/Spoofing**

Emails pretending to be from a well-known source ask consumers to enter or confirm personal information

### **Computers: Equipment and Software**

Scammers claim to offer "technical support" for computer problems and charge a fee to fix a nonexistent problem

### **Scholarships/Grants**

For a fee, a "search company" offers to conduct customized search for scholarships or grants for students. Scammers take money and run or provide a worthless list

### **Friendship & Sweetheart Swindles**

Con artist nurtures an online relationship, builds trust, and convinces victim to send money

### **Charitable Solicitations**

Scammers contact victims claiming to represent non-existent charities (or real charities they don't actually work for) and ask for donations.

## Definition of Suspicious Activity

Suspicious activity is any observed behavior that could indicate a crime-related incident has been committed, or about to be committed. Unusual items or situations: A vehicle is parked in an odd location, a package/luggage is unattended, a window/door is open that is usually closed, or other out-of-the-ordinary situations occur.

### Examples of Suspicious Activity:

- An individual peering into vehicles, to try, and locate any valuables left unattended.
- An individual trying door handles to vehicles, and/or residences to gain access to the vehicle and/ or residence.
- An individual checking front doors of residences to locate any unattended packages or individuals following delivery trucks to see where the truck is dropping off packages.
- Please dial 911 to report crimes in progress, suspicious activity or for life threatening emergencies. If it is not an emergency, dial (415) 553-0123.

**See something.  
Say something.**

## Definition of Community Policing

Community policing, or community-oriented policing, is a strategy of policing that focuses on police building ties and working closely with members of the communities.

### **Homeless Outreach and Outreach to Drug Users:**

Taraval Station has two officers that coordinate with city agencies to provide outreach and assistance to rehabilitate those who are dependent on illegal drugs and outreach to homeless individuals to connect them with resources and support.

### **Foot Patrols:**

Taraval Station has 3 foot beat locations. These officers are assigned to Irving St, West Portal Ave and Ocean Ave.

### **Monthly Police Community Relations Meetings:**

Community Meetings are going to be held continuously. Officers and sergeants also attend meetings with merchants groups, business groups, development authorities and others. Concerns are voiced and addressed through problem solving. These meeting will be on the third Tuesday of each month.

### **Email Updates:**

Taraval Station will send out newsletter updates to residents in the District that alerts residents of crime trends, upcoming community events, crime prevention tips, and information on how to contact officers at the District Station.
