## **SFPD Make Arrests in Shotgun Robbery Series. A Male Juvenile Exited a Getaway Vehicle and Robbed Pedestrians at Gunpoint 19-036**

*Monday, April 01, 2019*

In the early morning hours of Friday March 8, 2019, officers from San Francisco Police Department's Taraval and Park Police Stations responded to several reports of armed robberies.

At approximately 6:30AM a male victim was walking on the sidewalk near the area 8th Avenue and Noriega Street when a male subject jumped out of a vehicle, produced a shotgun and demanded the victim's property. The victim gave the suspect his phone and wallet. A few minutes later another victim was walking in the area of 9th Avenue and Lawton Street when a male suspect jumped out of a vehicle produced a shotgun and demanded the victim's property. The victim gave the suspect his phone and day planner. At approximately 7:11AM a female victim was walking on the 400 block of Warren Drive when a male subject jumped out of a vehicle, produced a shotgun and demanded the victim's property. The victim said that she didn't have anything for the suspect. The suspect got back into the vehicle and fled the scene. The female was able to take a picture of the suspect vehicle as it fled the scene.

In all three incidents the victims described the suspects as young Latin males driving a white sport utility vehicle. In all three incidents the suspects utilized a shotgun and threatened to shoot the victims if they did not comply with their demands. Investigators from San Francisco Police Department's Robbery Detail responded and commenced their investigation.

On March 12th, the vehicle used in the commission of the robberies, a white Ford Explorer was located in Pittsburg, California. Investigators located stolen property from one of the incidents inside the vehicle.

The vehicle led investigators to two 17 year - old male suspects from Oakland, California. San Francisco Police investigators served search warrants on both of the juvenile suspect's homes on March 26th. While serving the search warrant investigators located several firearms including a shotgun.

The two juveniles were booked at the San Francisco County Juvenile Justice Center on several counts of robbery, attempted robbery, assault with a firearm, felony firearm enhancement.

Due to the suspect's ages booking photos will not be released.

While arrests have been made, if you have any information related to this incident, we encourage you to contact the SFPD 24 hour tip line at 1-415-575-4444 or text a tip to TIP411 with SFPD at the beginning of the message. You may remain anonymous

## **DON'T BE A VICTIM OF A BURGLARY!**

### **Burglary Awareness & Prevention Tips for Construction Sites**

#### **Securing & Preventing**

1. Secure all equipment and vehicles at all times.
2. Take effort to reduce the visibility of tools and equipment secured in vehicles or on job sites.
3. Make use of adequate lighting in conjunction with open chain-link fencing on the perimeter to allow for high visibility to the job site.
4. Strongly consider the use of security systems such as alarms and video surveillance. Ensure signage for such is clearly visible.

**SFPD Taraval Station**

## Public Safety Advisory

### Construction Site Burglaries & Thefts

**Construction site burglaries and thefts are a common and costly occurrence in San Francisco. Valuable time and money are lost when equipment and materials are stolen from a worksite or vehicle. Consider the following suggestions to reduce your risk of being victimized:**

- Plan the site security well in advance.
- Network with law enforcement, contact the local district police station to provide work site location and work hours.
- Notify the surrounding neighbors by providing them with a “Courtesy Note” asking them to report any suspicious activity or crime immediately to the police. Provide them with additional emergency contact information and work hours.
- Lighting is a good crime deterrent. Prepare the site for additional lighting around the perimeter.
- **Inventory, engrave or mark your tools for recovery. Tools and equipment should be inscribed with your CA driver’s license number. This will help police locate the owner of recovered tools or equipment and help with testimony at a trial.** Materials and equipment should be secured in a cargo container for storage if not removed from the work site.
- Construction site doors and windows should be secured by locks, otherwise fencing or boarding should be erected.
- Good communication between the site supervisor and employees is vital so that doors and windows are not left open or unsecured at the end of the workday. Provide employees with written instructions on security expectations. It should be the responsibility of the Construction Supervisor to lock up the site.
- Screen your employees. Employees should wear visible identification. Never assume someone on site is a construction worker.
- Avoid leaving equipment vehicles at an unattended worksite.
- Secure portable toilet door with a padlock.
