### Captain Robert Yick's Message

Friday, August 23, 2019

Dear Residents and Community Members,

Robbery and assault are serious crimes. While money is often the motivation, these incidents are considered crimes of violence because they involve the threat or actual use of physical violence. The basic rules of prevention are to be sensible and to be alert. The following tips will also help reduce the risk of robbery or assault.

#### Personal Safety Tips on the Street

If possible, don't walk alone during late-night hours. Walk in groups whenever you can—there is always safety in numbers.

Let a family member or friend know your destination and your estimated time of arrival or return. That way, the police can be notified as quickly as possible if there is a problem.

Stay in well-lit areas as much as possible. Avoid alleys, vacant lots, wooded areas, and other short-cuts or secluded areas. They are usually not well-lit or heavily traveled.

Walk on the sidewalk whenever possible. Walk close to the curb, avoiding doorways, bushes, and other potential hiding places.

Walk confidently, directly, and at a steady pace.

Limit your distractions. If you're walking through a deserted parking lot, is it really necessary to send a text right that moment? If you're focused solely on your phone and checking your email, you're not going to notice if something, or someone, looks out of place.

Always be aware of your surroundings. If you are wearing headphones, don't turn up the volume so high that you cannot hear outside noises.

Avoid carrying large sums of cash, or displaying expensive jewelry in public and tuned in to your surroundings.

Commanding Officer Central Station

### Basic Street Smarts

Wherever you are—on the street, in an office building or shopping mall, driving, waiting for a bus or subway—stay alert and tuned in to your surroundings.

Send the message that you're calm, confident, and know where you're going.

Trust your instincts. If something or someone makes you uneasy, avoid the person or leave.

Know the neighborhoods where you live and work.

Check out the locations of police and fire stations, public telephones, hospitals, and restaurants, or stores that are open late.

### Preventing Assaults

Assaults are basically fights carried out with or without a weapon at home or in a public space, between strangers, (frequently) among friends, acquaintances, or loved ones.

The most serious assaults are known as "aggravated assaults," "assaults with a deadly weapon," or "assaults with intent to kill."

Less serious offenses are called "simple assaults." In many cases, simple assaults turn into more serious assaults or even homicides, if the initial argument or fight is not scaled back or resolved quickly.

While some assaults are unavoidable, use the following tips to make sure simple arguments do not turn violent or deadly:

If you are involved in a heated argument that appears to be turning violent, walk away. If you stay and fight "to prove something," you will only demonstrate poor judgment in almost every instance.

Avoid excessive drinking, or if you have been drinking, recognize its impact on your judgment. Alcohol is a contributing factor in many assaults.

If you see an assault in progress, dial 9-1-1 immediately to alert the police. Do not jump into the fray, unless it is a last resort to prevent more serious injury.

As a **reminder**, Central's Community Meeting will be held Thursday, September 19, 2019 at 5 p.m. at Grace Cathedral. The meeting is open to everyone from the Central District and it is a good way to discuss issues in the district.

## RIDE ON!

### Make Bicycle Theft a Thing of the Past

In order to address the issues cyclists are faced with, SAFE has partnered with the San Francisco Police Department and dedicated community members to create SAFE Bikes. SAFE Bikes maintains a registry to help get your bike back to you in case it's stolen, and an information page to keep you and your bike out of harm's way.

The SAFE Bikes sticker and ID code have been instrumental in helping law enforcement get recovered bikes back to their owners. To register your bike with SAFE Bikes, you will need:

Make, model, serial number and complete description of the bicycle.

A photo of the purchase receipt

A photo of the bicycle

Please send an email at [info@sfsafe.org](mailto:info@sfsafe.org) with your name and address and we'll get you started with bike registration.

After your registration is complete, you will receive a sticker in the mail to place on your bike.
