Hello all,

I want to take the time to remind you all of some basic road safety tips as we make our way through the summer months.

Distracted driving is a big issue and caused 10% of traffic deaths in 2017. Please when driving give your full attention to driving. Please review the following 2 pages of this newsletter for preventative tips on how not to be a distracted driver.

Pedestrians please wear bright clothing especially when walking in the dark. Before entering a cross walk always look at on coming vehicles to ensure they see you. Do not just walk into crosswalk assuming drivers have seen you. If they have not seen you and it requires a sudden stop they may not be able to stop on time. Don't take that risk. Pedestrians please do not cross the street mid-block or outside the crosswalk. Over the years I have seen numerous reports of pedestrians getting hit by vehicles because they dashed out mid-block to cross the street.

**CAPTAIN BAILEY'S MESSAGE CONTINUED**

Drivers please drive slowly and leave plenty of space between you and the car in front of you. This is just a good tip to follow. Please keep a close eye for pedestrians entering crosswalks and road ways. Drivers remember speed kills and even though you may arrive a few minutes sooner ask yourself is it worth....

..... Striking a pedestrian or bicyclist or the stroller with a child on board?

..... Arrest and booking?

..... Weeks of trial/Cost of Court?

..... \$1000 in fines?

..... Up to 3 years in prison?

..... Loss of driving privilege?

..... Life forever changed?

Be safe, drive slow and pedestrians be alert.

# DISTRACTED DRIVING

## Distracted Driving

Distracted driving is anything that takes your eyes or mind off the road. In the smartphone age, distracted driving is the most dangerous when drivers are using their cell phone behind the wheel.

Whether it is talking, emailing, texting, plugging in directions, using an app or scrolling through social media feeds, using a cell phone is not only dangerous, but also illegal.

In 2017, 3,166 people were killed in distracted driving related crashes across the country, or nearly 10 percent of all traffic deaths.

Using a phone to dial, talk or text triples the risk of a driver getting into a crash. Texting is the most alarming distraction. Sending or reading a text takes your eyes off the road for an average of 5 seconds. At 55 mph, that's like driving the length of a football field with your eyes closed.

Other serious driver distractions such as eating, grooming, reaching for objects on the floor, changing clothes or talking with passengers are just as dangerous. The safest thing drivers can do is put down the phone, focus on the road and just drive.

### Distracted Driving Prevention

- ✓ Never Text and Drive
- ✓ Silence your phone before you drive
- ✓ Pull over to safe parking spot to make a call
- ✓ Don't text or call someone you know is driving

## Cell Phone Law

-  Holding a phone while driving is illegal. Any electronic device must be used in a hands-free manner, such as speaker or voice commands. The law applies when at a stop sign or signal.
-  To use a phone while driving, it must be mounted on the dashboard, windshield (seven-inch square in lower right corner or five-inch square in lower left corner), or center console.
-  When the phone is mounted, drivers can swipe or tap the screen once to activate or deactivate a feature. It is illegal to swipe multiple times, enter information or text.
-  A first offense ticket is \$162, with additional offenses costing even more.
-  You may use your phone while holding it for true emergencies, like calling 911.

Be part of the solution by resisting the urge to talk or text while driving and "Go Safely, California."

CALIFORNIA OFFICE OF TRAFFIC SAFETY

## We're all in it together.

## Distracted Driving

It's easy to feel like driving isn't enough when there's so much more to do. It's normal to feel the urge to grab the phone. But we must stay focused on the road. Not only is holding your phone while driving illegal in the State of California, distracted driving is now the number one cause of roadway crashes. Join us in being part of the solution. Grab the wheel with both hands, enjoy the drive and focus on each other. Here are some ways you can prevent driving distracted:

- > Silence your phone before you get behind the wheel and keep it mounted in a legally approved location.
- > Never text and drive or use apps or social media while driving.
- > Do not eat, drink or program your GPS/MP3 player or other devices while driving.
- > If a phone call is necessary or you need to reroute your map, pull over to use those devices.
- > If something falls to the floor, pull over to a safe parking spot before trying to reach it.

**SOME OF PARK STATION'S ARRESTS FOR THE WEEK****Warrant Arrest, Enroute to Outside Jurisdiction, Weapon, Carrying Concealed/ Area of Ashbury St. 04/29/19 14:20**

On the above date and time, officers were driving in the area of Ashbury St. and observed a male sitting on the sidewalk. Officers also observed the subject smoking what was recognized to be a marijuana cigarette. Officers made contact with the male and informed him he was in violation of the Sit-Lie ordinance and due to the fact the subject was smoking marijuana in public, a violation of California's Health and Safety code, a computer check was conducted which revealed that the subject had a felony narcotics warrant out of Oklahoma. During the arrest search officers recovered "Brass Knuckles," the subject was booked on the above charges and transported to County Jail.

**Burglary, Non-Residential, Forced Entry; Malicious Mischief, Vandalism; Possession of Stolen Property; Possession of Methamphetamine; Narcotics Paraphernalia; Possession of Burglary Tools; Parole Violation; Conspiracy; Mail Theft 04/30/19 06:20**

On 04/30/19 at approximately 0620 hours, Park Station officers were dispatched to the unit block of Ord Street, regarding an occupied suspicious vehicle parked out front all night. Upon arrival, officers noticed that the vehicle was illegally parked and occupied by two adult males, asleep inside. In plain view, the officers observed narcotics paraphernalia next to the subjects. The subjects were arrested and a further search of the vehicle produced narcotics and a bag which contained stolen mail and burglary tools. The officers conducted a thorough investigation and found that the subjects had broken into various mailboxes in the neighborhood, stealing mail in an attempt to procure cash and/or credit cards. The officers' thorough investigation led them to video evidence of the crime and an admission of guilt from one of the suspects. The suspects were arrested, booked accordingly for the above listed charges and transported to County Jail.

**Trespassing, Warrant Arrest, Enroute to Outside Jurisdiction/ Area of Stanyan St. -04/30/19 20:02**

Officers were dispatched to the area of Stanyan St. regarding a call of a trespasser. The store security guard notified the store manager that a subject had entered the store, who was advised many times that he was not allowed in the store. A computer check on the subject revealed that he had three outstanding warrants for his arrest out of Lakeport California. Two of the warrants were for dangerous drugs and the third warrant was for theft. Officers arrested and transported the subject to County Jail.

**Driving, No license Issued, Traffic Violation Arrest/ Area of Fell St. -05/01/19 15:04**

Officers from the Park Station were assigned to traffic enforcement. While in the area of Fell St. officers observed a vehicle with one working brake lamp in violation of Vehicle Code Section 24603(b). A DMV records check on the vehicle revealed that the CA License plate was expired. A traffic stop was conducted and officers asked the driver for his driver's license, but he responded that he did not have a driver's license or any insurance. The driver was cited and his vehicle was parked at the scene.

**Warrant Arrest, Local SF Warrant/ Area of Fulton Street. -05/04/19 09:24**

While on patrol in the area of Fulton Street, officers were assigned to address quality of life issues and homeless/transient calls for service. Officers observed an adult white male, sitting on the sidewalk in violation of the city Sit-Lie ordinance. A computer check was conducted on the subject which revealed a local misdemeanor warrant for vandalism. The subject was placed under arrest and transported to county Jail.

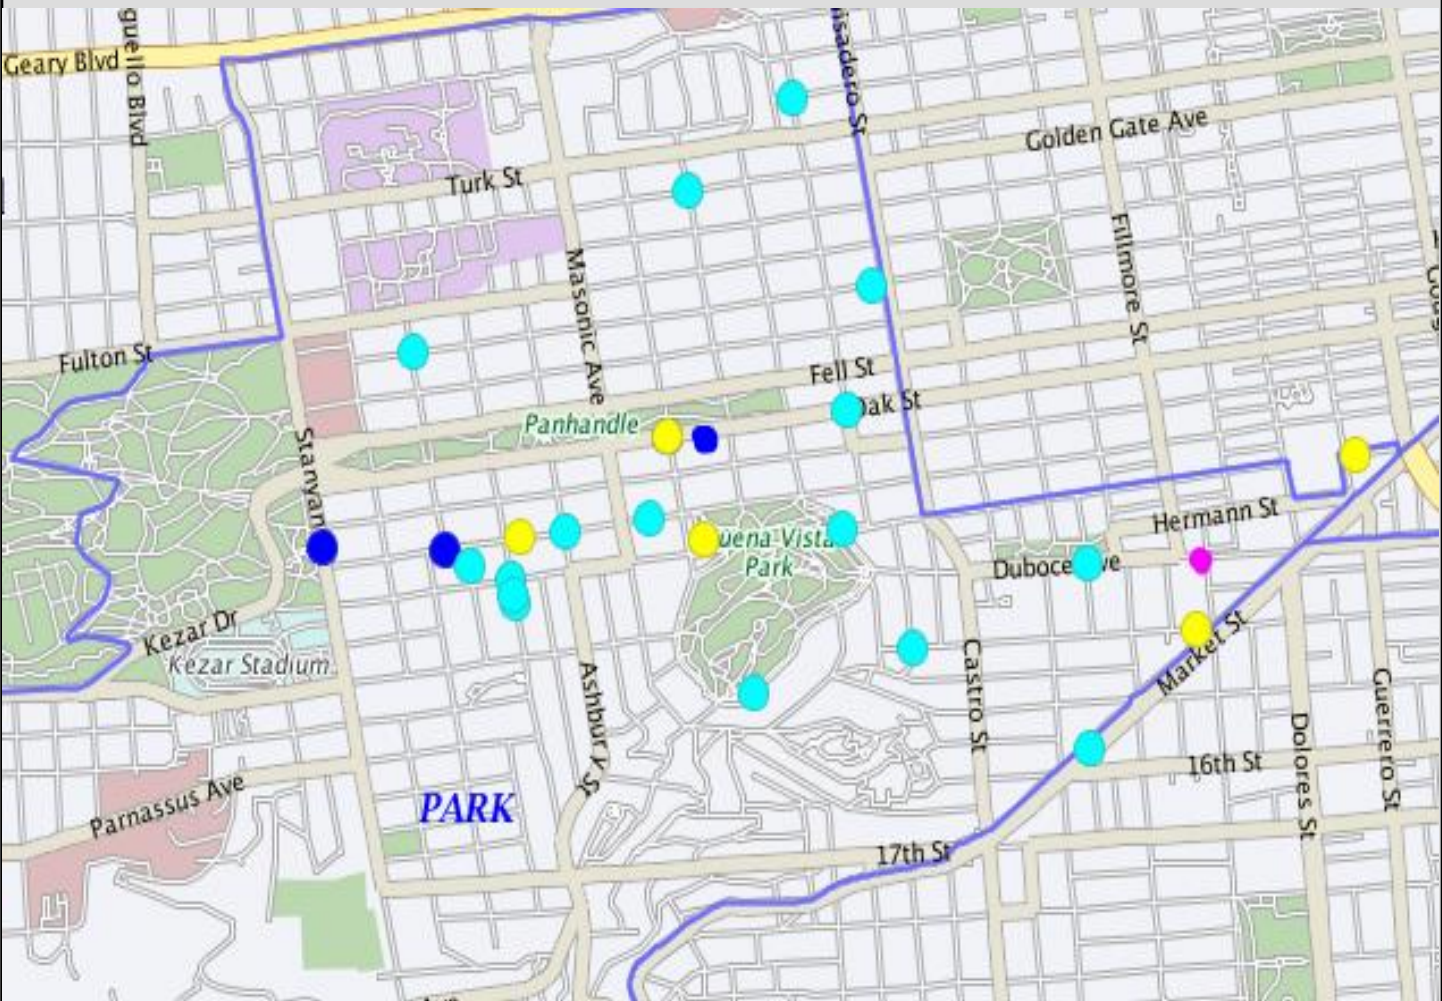

**Warrant Arrest, Local SF Warrant/ Area of Belcher St. -05/05/19 09:02**

Officers responded to the area of Belcher Street regarding a person throwing items into the street. The subject was described as wearing a black and red hat, blue shirt and blue jeans. Officers arrived on scene and observed an individual matching the description. Officers detained the subject and a computer query revealed that he has an active local felony warrant for burglary. Subject was placed under arrest and transported to County Jail.

### ANTI-BIKE THEFT TIPS

LOCK  
PROTECT  
REGISTER

[sfsafe.org/safe-bikes](https://sfsafe.org/safe-bikes)

SAFE BIKES and the SFPD recommend the Sheldon Brown Locking Method.

No locking method is 100% foolproof, but this method is highly effective.

### GUIDE FOR LOCKING YOUR BIKE:

- Use the smallest U-lock that works for your bike to minimize the amount of space available for a thief to insert a jack or levers.
- Use a hardened steel U-Lock to secure back wheel inside the rear triangle of the bicycle frame.
- Check to make sure U-lock is secured to an immovable metal object.
- Secure front wheel with cable or second U-lock. Loop cable around the down tube of the bicycle or secure second U-lock to front wheel and down tube.
- Replace quick release skewers and nutted wheels with keyed locking skewers and nuts to ensure wheels and saddles are locked to the bike frame at all times.
- Check with local bike shop for proper installation of locking skewers and advice.

## SAFE BIKE REGISTRY

## YOU JUST BOUGHT A NEW BICYCLE— NOW WHAT?

### FOLLOW THESE STEPS:

- Register** and upload receipt and photos of your bicycle at [sfsafe.org/safe-bikes](https://sfsafe.org/safe-bikes).
- Buy a hardened steel U-lock and a secondary lock** such as a chain or cable (See locking tools list).
- Replace quick release skewers and nutted wheels with uniquely keyed locking skewers and nuts**, which keep wheels and saddles locked to the bike frame at all times.
- Lock** your bicycle in your garage the same way you would on the street.
- Take an urban bicycling workshop** with the San Francisco Bicycle Coalition to learn safe riding practices. Go to [sfbike.org](https://sfbike.org) for more information.
- Speak with your local bicycle shop** for more help and advice.

### TOOLS TO LOCK YOUR BICYCLE

There are many different types of locks for bicycles and many incorrect ways of using them. No locking method is 100% effective.

**For best security use a hardened steel U-lock, chain and locking skewers.**

- U-lock**
  - Very good deterrent
  - Use the smallest U-lock that works for your bike to minimize the amount of space available for thief to insert a jack or levers
- Chain**
  - Hardened alloy steel with thickness of at least  $\frac{3}{8}$ " thick and heaviest is best
- Locking Skewers**
  - Very good deterrent
  - Replace all quick release parts
  - Check local bike shops for proper installation
- Cable**
  - Recommended for secondary locking device
  - Good security for movable parts

### PREVENTING BICYCLE THEFT IN GARAGES

Garages and multi-unit apartment buildings with common garage are one of the most vulnerable places for bicycles. Thieves are waiting for the perfect opportunity.

**Secure your bicycle in the garage the same way you would on the street!**

- Secure to an immovable object or an anchor system.
- Never lock your bike near a window or door.
- Always watch your garage door and make sure it closes completely so unwanted visitors do not enter.
- Contact SAFE at 415-553-1984 or [info@sfsafe.org](mailto:info@sfsafe.org) for a residential security survey.

## SAFE BIKE REGISTRY

**YOUR  
BICYCLE GETS

- File a police report through [sf-police.org](http://sf-police.org) or visit your local police district station.
- Notify **SAFE BIKES** at [info@sfsafe.org](mailto:info@sfsafe.org) or call 415-553-1984.
- Provide pictures and serial numbers for bicycle with the police report and any identifying marks.
- If you don't have a serial number or pictures, track down your serial number from the point of purchase and/or use stock photos and send them to the investigator immediately.
- File an insurance claim.

**INTERNET INVESTIGATIONS**

- Post pictures of stolen bicycle to **Craigslist**, set up a **Google alert**, and use **IFTTT.com**.

**Overview**

**Note:** The following information is specific to commercial and retail establishments; however, can be applied to any location utilizing video surveillance.

Basic set up and maintenance problems can reduce the effectiveness of many systems.

- Resolution – is it good enough for facial recognition.
- Camera position – are they positioned for clear view of suspect.
- Lighting – is it adequate to capture clear images both day and night.
- Image detail – is the recorder set up for best image detail.
- Maintenance – are you maintaining your system properly so it can do its job when needed?

**Set Up and Maintenance**

- **Backlighting** – when sun is bright at doorway, images in front appear darker or even black. Use another light source inside to counteract back light.
- **Low Frame Rate** – saves on drive space and gives better image quality, but you may not get an image at all (now you see him; now you don't).
- **Obstructions** – displays and other objects blocking view **should be eliminated.**
- **Focus Problems** – must check system regularly to prevent.

Minimum camera resolution should be **480 horizontal lines.**

Good cameras have **faster lenses** (allows more lighting), larger maximum **aperture** opening (lets more light into the focal point of the camera) and controls image brightness (allows brighter images in dim lighting) – the more lighting, the more depth of field (greater depth of field; the more of the scene is in focus).

**Focal Length** – some cameras zoom in and out while others have a fixed focal length. The type of cameras used depends on what your needs are.

**Transaction Areas** – anything at a transaction point (cash register, toll booth, etc.), the subject's head should fill at least 15% of the total image in the frame, giving the detail you need.

**Lines of Sight** – lines of sight are always critical, make sure there are no obstructions.

**Site Plan** – the right site plan is crucial (retail store blueprint or **diagram**). Key camera spots are at transaction points (cash registers and entry/exit points) – the more cameras, the better.

You want good camera **overlap** (you want multiple chances to capture good images). Extra coverage is also needed for aisles, restrooms and other key points.

**Camera Height** – placement is very important, make sure it is as close to eye-level as possible. Otherwise, you might lose out to a baseball cap.

With a good site plan you can make sure you don't have any blind spots (you can toy around with camera positions, and do a test recording to see that you are getting what you want).

**Interior Lighting** – interior lighting can balance bright light from one direction (back lighting) by adding another light source from a different location (add a bank of lights).

Example: Artificial lighting (**inside store**) for cameras may be good in the morning, but by noon, the sun (through a doorway or window) can blow the entire frame out (add lighting to fill in for afternoon sunlight). Adding more light from a different direction balances lighting, giving better camera clarity (if sunlight is shining through large windows you can tent windows or add screens.

**Exterior Lighting** – if lights are on timers, you must adjust appropriate to seasonal changes (Fall/Winter: gets dark earlier. Spring/Summer: gets dark later).

PARK SMART CAMPAIGN

# Park Smart!

## THE KEYS TO PARKED CAR SAFETY ARE IN YOUR HANDS!

If you love it, don't leave it.

### DON'T TEMPT A CAR THIEF!

Car thieves only need seconds to break into your car. So Park Smart, and especially keep your trunk clear.

Take everything with you.

# Park Smart!

## Safe Habits to Adopt:

**Turn off the ignition**  
Never leave your car running unattended

**Keep your vehicle & tires in good condition**  
to prevent breakdowns—stranding you in a dark or unfamiliar place

**Lock your doors**  
when you get in your car

**See something, say something**  
If you see a motorist in distress, call 9-1-1 versus stopping to help

**Clear your trunk**  
and take your valuables with you every time you leave your car

**If you are being followed,**  
drive to the nearest police or fire station—a populated area is a good default

# DON'T BE A VICTIM OF A BURGLARY!

## Burglary Awareness & Prevention Tips for Construction Sites

### Securing & Preventing

1. Secure all equipment and vehicles at all times.
2. Take effort to reduce the visibility of tools and equipment secured in vehicles or on job sites.
3. Make use of adequate lighting in conjunction with open chain-link fencing on the perimeter to allow for high visibility to the job site.
4. Strongly consider the use of security systems such as alarms and video surveillance. Ensure signage for such is clearly visible.

San Francisco, CA 94117  
(415) 242-5000

### Precautionary Measures

1. Photograph all tools. Ensure photographs clearly show the associated serial number and/or distinctive markings.
2. Ensure job site keys are marked "Do Not Duplicate" and are controlled at all times.
3. Attempt to park employee vehicles within visual range of the job site.

### Should a Burglary Occur

Immediately contact 911. Be prepared to provide the following information:

- a) Time of incident.
- b) Video (if available).
- c) Items taken (include make, model, description, location taken from, value, photos and serial numbers).
- d) Insurance information.
- e) Owner's information.

Whether you live in a single family home, condo, or a large apartment complex in San Francisco, there are a number of ways you can keep your residence safe and secure. Working together as a community with your neighbors and building management can significantly improve your residential safety.

7 Residential Safety Tips

- 1 **Garage:** When entering or leaving the garage, watch to ensure door shuts completely. Lock stored bikes to a sturdy rack.
- 2 **Car:** Always lock your vehicle when parked in your garage and remove all valuables. Never leave garage door opener in your vehicle when parked outside your home.
- 3 **Spare Key:** Never hide spare keys. If you need to have a spare key available, leave it with a trusted neighbor.

- 4 **Door Buzzer:** When a visitor rings your bell, confirm who it is by intercom before you grant them access. Similarly, never let strangers follow you through the front door.
- 5 **Security Cameras & Alarm Systems:** Cost effective tools for preventing crime and identifying criminals.
- 6 **Light Timers:** Installing timers on the exterior of your residence is an effective and energy efficient way to deter criminal activity.
- 7 **Doors/Windows:** Always keep doors and windows locked.

Door and Window Safety

Doors:

- Should be made of solid wood or metal
- Have a single cylinder deadbolt lock and a 1-inch bolt
- Have a front door viewer or peep hole with a 180-degree range
- Clearly display unit number

Windows:

- Replace if glass is cracked and replace all damaged or missing locks
- Ground level windows should be burglary resistant: consider purchasing windows with reinforcement wire, laminate, or tempered glass
- Polycarbonate plastic or metal grates can be installed over existing ground level windows
- Windows above ground level are not considered secure: if used for ventilation, lock in position and keep open no more than 3 inches

**DEFINITION OF SUSPICIOUS ACTIVITY**

Suspicious activity is any observed behavior that could indicate a crime-related incident has been committed, or about to be committed. Unusual items or situations: A vehicle is parked in an odd location, a package/luggage is unattended, a window/door is open that is usually closed, or other out-of-the-ordinary situations occur.

Examples of Suspicious Activity:

- An individual peering into vehicles, to try, and locate any valuables left unattended.
- An individual trying door handles to vehicles, and/or residences to gain access to the vehicle and/ or residence.
- An individual checking front doors of residences to locate any unattended packages, or individuals following delivery trucks to see where the truck is dropping off packages.

**CRIME DEFINITIONS***Definitions*

**Robbery** – Robbery is the taking of property from another by using force or by using fear.

**Assault** – An assault is an unlawful attempt, coupled with the present ability, to commit a violent injury on another person.

**Battery - (Misdemeanor battery)** is any willful and unlawful touching of another.

(**Felony battery**) is the use of force or violence upon the person of another that causes serious bodily injury.

\***Assault** is when a person swings their arm and **battery** is when that arm makes contact with another person.

**Aggravated Assault** – Assault upon another person with a deadly weapon or instrument other than a firearm or by any means of force likely to produce great bodily injury.

**Burglary** – The intent upon entry into a property to commit grand theft, petty theft, or any felony.

**Grand Theft** – Grand theft is theft committed when the value of the money, labor, or property taken exceeds \$950.

**Petty Theft** – Theft where the value of the property taken is less than \$950.

**PARK STATION'S VISION & VALUES****Captain Una Bailey**

I absolutely love police work and I love all that we as SFPD can do to help victims, solve and prevent crimes, and I am a firm believer in the power of the community. We, as a department, are only as successful as our partnerships with the community. I learned very early in my career how important community involvement is both in solving and preventing crimes and also in the creation of safe desirable neighborhoods. I look forward to building and maintaining community involvement and relationships over the coming years. I know that when we work together, we will create a district that will be safe and sound for all.

## WHO AND WHEN TO CALL?

**3-1-1:** Please contact 3-1-1 when the issue is a not an emergency, yet requires City services or, if you simply have questions regarding City services. Non-emergency situations include the following examples: damage to public property, public trees that requires pruning, defective streets or sidewalks, homeless-related issues. 3-1-1 was developed to help the community inform the appropriate City agency regarding a service request.

**SF 3-1-1 APP** is available to use on your mobile device. Download the APP and its easy to use for many Non-emergency.

**Non- Emergency San Francisco Dispatch Line:** Please call the non- emergency dispatch line (**415-553-0123**) when the scenario does not need immediate response from the San Francisco Police Department. For example, if there is a loud party, a group of loud juveniles loitering in front of your residence, noise complaints, doubled parked vehicles, suspicious activities, or a homeless/nuisance related issue. **The non-emergency line is for situations that require the police, but do not require an immediate police response.**

**9-1-1, please call 9-1-1 immediately if there is a police, fire, medical, or any other emergency.** The purpose of San Francisco's 9-1-1 Emergency Telephone System is to provide the community an immediate response of police, fire, or medical personnel for emergency occurrences. To accomplish this, it is imperative that the calls received on the 9-1-1 line be restricted to those situations that require immediate dispatching of police, paramedic, or fire department personnel. For example, crimes or fires that are in-progress, or medical emergencies.

The San Francisco Police Department district station telephone numbers and emails are not monitored. Questions will be answered in the order we receive them. Station emails are not for making police reports nor for reporting a crime. If you need to make a police report, you can call 415-553-0123 or go to your district police station. **If you have an emergency, please call 9-1-1.**
