## SUNDAY STREETS SUNSET/GOLDEN GATE PARK

**JUNE 9TH, 2019 | 11:00AM - 4:00PM**

Sunday Streets' longest route runs through the Outer Sunset and parts of Golden Gate Park, following the city's western edge along the super-scenic Great Highway, providing car-free open streets and fun, free activities for all.

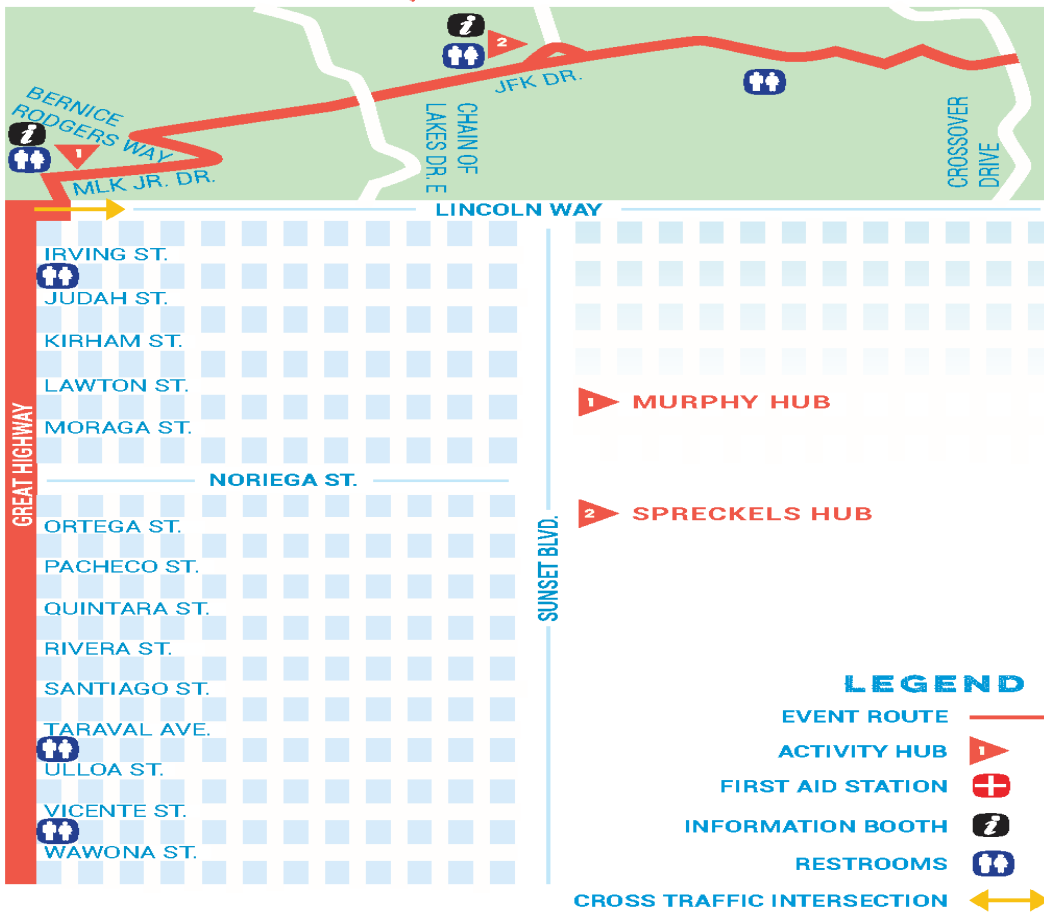

This coastal neighborhood has a high concentration of families, children and seniors, and nearby Ocean Beach and the SF Zoo draws visitors. Come see why locals love Henry's House of Coffee, check out the park's own Bison Paddock, or explore local art at the Great Highway Gallery. Surfers frequent beachside cafes, and there are plenty restaurants to choose from, whether you're craving hot pot, sushi or brunch. Pick up an **Explore Local Guide** for a map of businesses, resources and open spaces in this neighborhood.

Long before the event, Sunday Streets works with merchants to craft a fun and accessible day that meets the needs of the Sunset's residents, small business owners, and community groups.

## Protect Your Vehicle Against Catalytic Converter Theft

Thieves are looking for fuel-powered vehicles manufactured after 1974 that have catalytic converters. Thieves often target taller vehicles (such as pickup trucks or SUVs) because they can easily fit under the vehicle to access the catalytic converter. The location of your car may also be a factor like regularly parking in one area for a long period of time. When possible, park in well-lit areas and close to building entrances. If you have a garage at your house, park your vehicle inside and keep the garage door close.

Have the catalytic converter welded to your car's frame, which may make it harder to steal.

Consider engraving your vehicle identification number (VIN) on the catalytic converter — this may help alert a scrap dealer that it was stolen and make it easier to identify the owner.

Calibrate your car's alarm to set off when it detects vibration.

---

## Protect Your Vehicle from Car Theft

- Never leave your car running or the keys in the ignition when you're away from it, even for "just a minute."
- Always roll up the windows and lock the car, even if it's in front of your home.
- Never leave valuables in plain view, even if your car is locked. Put them in the trunk or at least out of sight.
- Remove portable electronic devices such as smart phones and GPS navigation systems, including suction cup or bean bag type mounts. (Even the visible appearance of a suction cup ring on the glass windshield can be an enticement to a thief to break in and look for the GPS system.)
- Park in busy, well-lighted area.
- Carry the registration and insurance card with you. Don't leave personal identification documents or credit cards in your vehicle.
- When you pay to park in a lot or garage, leave just the ignition or valet key with the attendant. Make sure no personal information is attached. Do the same when you take your car for repairs.
- Install a mechanical locking device — commonly called clubs, collars, or j-bars — that lock to the steering wheel, column, or brake to prevent the wheel from being turned more than a few degrees. Use it!
- Investigate in security systems. You may get a discount on your auto insurance.
