San Francisco Police Issues Alert on Chinese Gold Scam 19-081

The San Francisco Police Department would like to alert the Asian community about a scam that utilizes fake treasures to swindle victims. In the most recent case, the suspects sought out the victim because he is a business owner and has access to currency. The suspects won the trust of the owner and convinced the victim that they uncovered a treasure trove of “priceless” ancient Chinese artifacts at a construction site. The suspects told the victim the “artifacts” are gold ingots and figurines of Buddha and that they were willing to sell them to the victim at a substantial loss of \$100,000.

The suspects may be using a variation of this story to deceive their victims who are Asian males in their 40’s or older and speak Mandarin. One San Francisco victim lost \$67,000. There have been reports of recent scams of this nature in New York and southern California. SFPD is conducting an investigation into the San Francisco incident and is working with outside agencies to try to identify the suspects. Attached is a photo of the fake gold ingots, gold figurines, and Chinese artifacts that the suspect gave to the victim in exchange for money.

This scheme has been used to scam victims throughout the United States and Asia. SFPD is requesting the community to be vigilant in identifying fraud and scams, and report suspicious activity of this nature. If you have purchased gold pieces, we recommend that you have them tested. If you believe you are a victim of this crime, please file a police report with your local police station. Visit [sanfranciscopolice.org/station-finder](https://www.sanfranciscopolice.org/station-finder) to find the police station that serves your neighborhood.

Become A Reserve Officer.

The Police Reserve Officer Program is comprised of community members, such as yourself, and retired police officers who wish to volunteer as a Reserve Police Officer. These officers supplement the full-time officers in a variety of duties throughout the Department. This program is ideal for individuals who have an established career but always wanted to experience being Police Officer. Reserve Officers can enjoy the best of both worlds, maintain their chosen career while helping to police an internationally known city. There will be a Level III Reserve Police Academy starting on September 23, 2019 and it will conclude on December 4th. The Reserve Academy takes place on Mondays and Wednesdays from 6pm to 10pm and all day on Saturdays from 8am to 5pm. The cost for the Academy is 1765.00. This is the minimum requirement to be a Level III Reserve in the state of California. This is a volunteer position with great training opportunities and experiences seldom seen. The Level III Academy is 168 hours long.

If you need additional information please call Sgt. Kin Lee at the Community Engagement Division at 1-415-558-5514 or email KinYau.Lee@sfgov.org or Email Retired Deputy Chief, Garret Tom at Garret.Tom@sfgov.org

Protect Your Vehicle Against Catalytic Converter Theft

Thieves are looking for fuel-powered vehicles manufactured after 1974 that have catalytic converters. Thieves often target taller vehicles (such as pickup trucks or SUVs) because they can easily fit under the vehicle to access the catalytic converter. The location of your car may also be a factor like regularly parking in one area for a long period of time. When possible, park in well-lit areas and close to building entrances. If you have a garage at your house, park your vehicle inside and keep the garage door close.

Have the catalytic converter welded to your car's frame, which may make it harder to steal.

Consider engraving your vehicle identification number (VIN) on the catalytic converter — this may help alert a scrap dealer that it was stolen and make it easier to identify the owner.

Calibrate your car's alarm to set off when it detects vibration.

Protect Your Vehicle from Car Theft

- Never leave your car running or the keys in the ignition when you're away from it, even for "just a minute."
- Always roll up the windows and lock the car, even if it's in front of your home.
- Never leave valuables in plain view, even if your car is locked. Put them in the trunk or at least out of sight.
- Remove portable electronic devices such as smart phones and GPS navigation systems, including suction cup or bean bag type mounts. (Even the visible appearance of a suction cup ring on the glass windshield can be an enticement to a thief to break in and look for the GPS system.)
- Park in busy, well-lighted area.
- Carry the registration and insurance card with you. Don't leave personal identification documents or credit cards in your vehicle.
- When you pay to park in a lot or garage, leave just the ignition or valet key with the attendant. Make sure no personal information is attached. Do the same when you take your car for repairs.
- Install a mechanical locking device — commonly called clubs, collars, or j-bars — that lock to the steering wheel, column, or brake to prevent the wheel from being turned more than a few degrees. Use it!
- Investigate in security systems. You may get a discount on your auto insurance.

TARAVAL STATION

Taraval Community Members, We are seeing an increase in burglaries targeting homes that are under construction.
