Bayview Station Community Room

Captain's Message

Hello Community,

This is the time of the year that San Francisco sees extreme heat waves. If you need a bottle of water or a place to get out of the sun, you can come to the front desk of Bayview Station or any other Police station. It is very important to work together to make sure that everyone stays cool and healthy. If you have elderly family members or neighbors make sure you check on them. Attached below are some helpful tips and notes on recognizing heat related illnesses.

- Look out for others, especially older people, young children and babies and those with underlying health conditions
- Drink plenty of fluids and avoid excess alcohol never leave anyone in a closed, parked vehicle, especially infants, young children or animals
- Try to keep out of the sun between 11am to 3pm. Walk in the shade, apply sunscreen and wear a hat if you have to go out in the heat. Avoid physical exertion in the hottest parts of the day.
- Close curtains on rooms that face the sun to keep indoor spaces cooler and remember it may be cooler outdoors than indoors.
- Take care and follow local safety advice if you are going into the water to cool down.
- Wear light, loose fitting cotton clothes.
- If you are travelling, make sure you take water with you, check weather forecasts and traffic news.
- Plan ahead to make sure you have enough supplies, such as water, food and any medications you need.
- Take care and follow local safety advice, if you are going into the water to cool down.

Please feel free to email me at troy.dangerfield@sfgov.org with any further concerns, questions or comments.

Sincerely,

Captain Troy Dangerfield #250

**“YOUR FEEDBACK
will help US serve YOU better!”**

The SFPD wants to hear from YOU, our key stakeholders

We are committed to excellence in law enforcement and are dedicated to the people, traditions and diversity of our City. Our mission is to provide service with understanding, response with compassion, performance with integrity and law enforcement with vision.

We welcome your comments. Let us know how we're doing, what we could be doing better and your thoughts on how your police department can work more closely with the community it proudly serves.

Your feedback will help SFPD better serve our City. Your comments will reviewed by our Community Engagement Unit and forwarded to the relevant unit, department office or neighborhood station for review and follow up, if appropriate.

You may also visit sanfranciscopolice.org/police-commendation-complaint for more information on providing input on SFPD policies and practices.)

With over 2,300 different telephone numbers listed to access local government services, many people did not know what number to dial to reach the appropriate department. Now you can connect to city services with only two numbers to remember: **911** for emergencies and **3-1-1** for everything else.

Before 311, over 50% of calls to the 911 center were not emergency related. **311** relieves 911 operators from these non-emergency calls. If a catastrophic emergency such as an earthquake occurs, **311** operators will be able to provide accurate information to assist during the recovery. In the unlikely event the 911 facilities becomes inoperative, the **311** call center will function as a back-up.
