Captain Bailey's Message

Hello all,

As everyone knows San Francisco has a serious issue with vehicle break-ins. I am happy to report that San Francisco residents in the Park District have become a small portion of our victims. Most of our vehicle break-ins are the unsuspecting tourists. I want to review with you again how not to be a victim of this crime so we can ensure we continue this downward trend for San Francisco residents

#1 Always take the time to remove all valuables from your vehicle when you leave your parked car even if it is only for a brief period of time.

#2 If you are placing items in your trunk to ensure they are out of sight of potential thieves do so before you park your car so any on looking thief does not see you do this.

#3 If you see any tourists on you street parking their car please educate them about not leaving anything in their vehicle while they shop or sight see.

#4 There are a number of flyers in our newsletter regarding vehicle break-ins please feel free to distribute to your neighbors or any potential victim in an effort to stop this crime.

I know when we all work together we can achieve great things. Lets see what happens if we all work together on this. I believe we can make a significant impact on the number of San Francisco victims and in addition our visitors.

Thank you all, be safe and don't leave anything visible in your car, please.

Captain Una Bailey

PRESIDIO HIKE WITH ROOFTOP ELEMENTARY

On October 22nd, 2nd graders from Rooftop Elementary School had the opportunity to hike in the Presidio National Park with Officers from the SFPD Wilderness Program. The hike began along Lobos Creek, we continued onto Baker Beach and up the Sand Ladder to Immigration Point Overlook where we had lunch. It was a beautifully day and fun was had by all.

BIKE, WALK AND ROLL TO SCHOOL

On October 9th students from the Chinese Immersion School participated in the Bike, Walk and Roll to School. Park Station Officers rode and walked with the students from Waller and Stanyan to their school at Waller and Masonic. The weather was perfect and a good time was had by all.

BIKE, WALK AND ROLL TO SCHOOL

Officer Granucci talks with the students from the Chinese Immersion School about biking and walking safety before the start of the event, she emphasized when riding a bike to stop at each intersection and look both ways before continuing.

COLE VALLEY STREET FAIR

On Sunday September 29, 2019, Captain Bailey visited the 17th annual Cole Valley Fair. The above photo shows Captain Bailey with ALERT volunteer members and members of the Cole Valley Improvement Association.

One of the many booths at the Cole Valley Fair was local business Wee Scotty. Wee Scotty located at 609 Clement Street is a fashion school, boutique and design house. Lynne and her staff have taught numerous children to sew, helped countless brides look their best on their wedding day, and designed clothing and prototypes for many local and national brands.

HALLOWEEN SAFETY TIPS

PLEASE TAKE A LOOK AT SOME OF THESE HALLOWEEN SAFETY TIPS

COLD CASES

SOME OF PARK STATION'S ARRESTS FOR THE WEEK

Hallucinogenic, Sale, Hallucinogenic, Possession for Sale, Conspiracy, 10/16/19, 1115 Hrs., Area of Haight Street

On 10/15/19, officers conducted a buy/bust operation in the Park Police District. Officer approached three subjects and asked them if he could purchase Psilocybin mushrooms. The subject sold the mushrooms in exchange for \$60.00. Officers placed all three subjects under arrest. Subject #1 was arrested for possession of a K bar knife on his waistband, the blade was 12 inches. Officers searched subject #1 and seized two plastic bags of Ketamine and hashish, a glass jar of Dimethyltryptamine, psilocybin mushrooms, a jar of marijuana, a scale and the city marked \$60.00 from the subject #2 backpack. The officers continued their investigation and determined that subject #3 was not involved. He was released from the scene. Subject #1 and #2 were transported to Park Station where they were booked. Subject #1 had an outstanding warrant for resisting arrest and driving without a license in Mendocino County SO, in the amount of \$2,500. Both subject #1 and subject #2 were transferred to county jail.

Hallucinogenic, Sale, Hallucinogenic, Possession for Sale, 10/16/19, 1149 HRS, Area of Haight Street

On 10/16/19, officers were conducting a buy/bust operation in the Park Police District. At approximately 1145 hours, officer walked westbound on the side of Haight St from Buena Vista Park. Officer approached the subject in order to purchase psilocybin mushrooms with the \$20.00 marked city funds. Subject reached into a metal container that was attached to his belt and provided the officer the paper tabs. The officer walked away from the subject, the arrest team and placed the subject under arrest. Officer seized the marked city funds from the suspect along with the metal container that was attached to the subject which consisted of LSD. Subject was then transported to Park Station for booking

Warrant Arrest, Local SF Warrant, 10/16/19, 0859 HRS, Area of Church Street

On 10/16/19, officers were driving northbound on Church St. when they observed a known subject at the bus stop on Church St. Officers conducted a computer query which revealed the subject had an active local warrant for theft, in the amount of \$10,000. Officers approached the subject and placed him under arrest for the above listed warrant. Subject was booked at County Jail #1.

Warrant Arrest, Enroute to Outside Jurisdiction, Traffic Violation Arrest, 10/17/19, 0012 Hrs, Area of Masonic Ave.

On 10/17/19 at 0013 hours, officers were traveling westbound on Fell St. approaching Lyon St. when they observed a vehicle without a functioning passenger headlight. Officers conducted a traffic stop approached the vehicle and contacted the driver. A computer query revealed a warrant from Oakland, for Grand Theft, in the amount of \$25,000. Officers placed the subject under arrest without incident. The vehicle was left legally parked on Masonic Ave. Officers transported subject to Park Station for booking and later transferred to County Jail.

SOME OF PARK STATION'S ARRESTS FOR THE WEEK

Malicious Mischief, Vandalism to Property; Trespassing; Resisting, Delaying, or Obstructing Peace Officer Duties; Warrant Arrest, Local SF Warrant, 10/16/19, Area of States St., 1420 Hrs.

On 10/16/19 at approximately 1551 hours, Park Station officers responded to 100 block States St regarding subjects trespassing in an unoccupied residence. Upon arrival, officers made contact with a witness that stated over the past several days suspects have been squatting inside the residence. The owner of the residence was on scene and stated that no one should have access to the residence. The officers and the owner attempted to enter the premise, but were not able to because the locks had been changed. The owner had a locksmith respond to the residence and make a key to enter the residence. Upon entering, officers located two suspects inside the premise. After further investigation, the suspects were arrested and booked accordingly for the above listed charges.

<u>Driving, License Suspended or Revoked, Traffic Violation Arrest, 10/16/19. 1324 HRS, Area of Waller Street</u>

On 10/16/19, officers were traveling northbound on Buchanan St. at Waller St. when they observed a vehicle in front of their patrol vehicle. A computer query revealed that the registration expired in 2018. Officers conducted a traffic stop and contacted the driving. A computer check on the driver revealed that his license was suspended. Since the vehicle was legally parked and the subject had no prior convictions, his vehicle was not towed. The driver was cited and released from the scene.

Warrant Arrest, Local SF Warrant; Assault, Aggravated, on Police Officer w/Force; Battery of a Police Officer; Resisting, Delaying, or Obstructing Peace Officer Duties; Threat or Force to Resist Executive Officer, Area of Woodside Ave., 1551 Hrs.

On 10/20/19 at approximately 1551 hours, Park Station Officers responded to a call of a subject who was yelling and banging on his mother's front door. While enroute dispatch notified officers the subject was wanted on a felony no bail warrant.

The first two officers on scene attempted to detain the subject who initially complied, but then pulled away from the officers and charged the officers. Officers wrestled the subject to the floor and were able to handcuff him. The subject continued to resist attempting to kick one officer in the head and kicking the other officer's leg. The subject spit at the officers and threatened to kill one of the officers. It took three additional officers to maintain control of the subject. After further investigation, the suspect was arrested and booked accordingly for the above listed charges

DISTRACTED DRIVING

Distracted Driving

Distracted driving is anything that takes your eyes or mind off the road. In the smartphone age, distracted driving is the most dangerous when drivers are using their cell phone behind the wheel.

Whether it is talking, emailing, texting, plugging in directions, using an app or scrolling through social media feeds, using a cell phone is not only dangerous, but also illegal.

In 2017, 3,166 people were killed in distracted driving related crashes across the country, or nearly 10 percent of all traffic deaths.

Using a phone to dial, talk or text triples the risk of a driver getting into a crash. Texting is the most alarming distraction. Sending or reading a text takes your eyes off the road for an average of 5 seconds. At 55 mph, that's like driving the length of a football field with your eyes closed.

Other serious driver distractions such as eating, grooming, reaching for objects on the floor, changing clothes or talking with passengers are just as dangerous. The safest thing drivers can do is put down the phone, focus on the road and just drive.

Cell Phone Law

Holding a phone while driving is illegal. Any electronic device must be used in a hands-free manner, such as speaker or voice commands. The law applies when at a stop sign or signal.

To use a phone while driving, it must be mounted on the dashboard, windshield (seveninch square in lower right corner or five-inch square in lower left corner), or center console.

When the phone is mounted, drivers can swipe or tap the screen once to activate or deactivate a feature. It is illegal to swipe multiple times, enter information or text.

A first offense ticket is \$162, with additional offenses costing even more.

You may use your phone while holding it for true emergencies, like calling 911.

For additional driver safety tips and resources, visit gosafelyca.org.

Be part of the solution by resisting the urge to talk or text while driving and "Go Safely, California."

DISTRACTED DRIVING

CALIFORNIA OFFICE OF TRAFFIC SAFETY

Safety with Respect

It's easy to feel like driving isn't enough when there's so much more to do. It's normal to feel the urge to grab the phone. But we must stay focused on the road. Not only is holding your phone while driving illegal in the State of California, distracted driving is now the number one cause of roadway crashes. Join us in being part of the solution. Grab the wheel with both hands, enjoy the drive and focus on each other. Here are some ways you can prevent driving distracted:

- Silence your phone before you get behind the wheel and keep it mounted in a legally approved location.
- Never text and drive or use apps or social media while driving.
- Do not eat, drink or program your GPS/MP3 player or other devices while driving.
- If a phone call is necessary or you need to reroute your map, pull over to use those devices.
- If something falls to the floor, pull over to a safe parking spot before trying to reach it.

ANTI-BIKE THEFT TIPS

LOCK PROTECT REGISTER

sfsafe.org/safe-bikes

SAFE BIKES and the SFPD recommend the Sheldon Brown Locking Method.

No locking method is 100% foolproof, but this method is highly effective.

GUIDE FOR LOCKING YOUR BIKE:

- Use the smallest U-lock that works for your bike to minimize the amount of space available for a thief to insert a jack or levers.
- Use a hardened steel U-Lock to secure back wheel inside the rear triangle of the bicycle frame.
- Check to make sure U-lock is secured to an immovable metal object.
- Secure front wheel with cable or second U-lock.
 Loop cable around the down tube of the bicycle or secure second U-lock to front wheel and down tube.
- Replace quick release skewers and nutted wheels with keyed locking skewers and nuts to ensure wheels and saddles are locked to the bike frame at all times.
- Check with local bike shop for proper installation of locking skewers and advice.

YOU JUST BOUGHT A NEW BICYCLE-**NOW WHAT?**

FOLLOW THESE STEPS:

- Register and upload receipt and photos of your bicycle at sfsafe.org/safe-bikes.
- Buy a hardened steel U-lock and a secondary lock such as a chain or cable (See locking tools list).
- Replace quick release skewers and nutted wheels with uniquely keyed locking skewers and nuts, which keep wheels and saddles locked to the bike frame at all times.
- Lock your bicycle in your garage the same way you would on the street.
- Take an urban bicycling workshop with the San Francisco Bicycle Coalition to learn safe riding practices. Go to sfbike.org for more information.
- Speak with your local bicycle shop for more help and advice.

TOOLS TO LOCK YOUR BICYCLE

There are many different types of locks for bicycles and many incorrect ways of using them. No locking method is 100% effective.

For best security use a hardened steel U-lock, chain and locking skewers.

U-lock

- Very good deterrent
- · Use the smallest U-lock that works for your bike to minimize the amount of space available for thief to insert a jack or levers

Chain

· Hardened alloy steel with thickness of at least 3/6" thick and heaviest is best

- Locking . Very good deterrent
- Skewers . Replace all quick release parts
 - Check local bike shops for proper installation

Cable

- · Recommended for secondary locking device
- · Good security for movable parts

PREVENTING BICYCLE THEFT IN GARAGES

Garages and multi-unit apartment buildings with common garage are one of the most vulnerable places for bicycles. Thieves are waiting for the perfect opportunity.

Secure your bicycle in the garage the same way you would on the street!

- Secure to an immovable object or an anchor system.
- Never lock your bike near a window or door.
- Always watch your garage door and make sure it closes completely so unwanted visitors do not enter.
- Contact SAFE at 415-553-1984 or info@sfsafe.org for a residential security survey.

- File a police report through sf-police.org or visit your local police district station.
- Notify SAFE BIKES at info@sfsafe.org or call 415-553-1984.
- Provide pictures and serial numbers for bicycle with the police report and any identifying marks.
- If you don't have a serial number or pictures, track down your serial number from the point of purchase and/or use stock photos and send them to the investigator immediately.
- File an insurance claim.

INTERNET INVESTIGATIONS

- Post pictures of stolen bicycle to Craigslist, set up a Google alert, and use IFTTT.com.
- If bicycle is found, contact the SFPD investigator. DO NOT arrange a meeting and attempt to get your bicycle back.
- Check racklove.com and stolenbikeregistry.com to find your bicycle.
- Follow @SFPDBikeTheft on Twitter for updates on bike theft-related information.

Overview

Note: The following information is specific to commercial and retail establishments; however, can be applied to any location utilizing video surveillance.

Basic set up and maintenance problems can reduce the effectiveness of many systems.

- Resolution is it good enough for facial recognition.
- Camera position are they positioned for clear view of suspect.
- c. Lighting is it adequate to capture clear images both day and night
- d. Image detail is the recorder set up for best image detail
- e. Maintenance are you maintaining your system properly so it can do its job when needed?

Set Up and Maintenance

- · Backlighting when sun is bright at doorway, images in front appear darker or even black. Use another light source inside to counteract back light.
 - Low Frame Rate saves on drive space and gives better image quality, but you may not get an image at all (now you see him; now you don't)

SAFE VIDEO SURVEILLANCE RECOMENDATIONS

- Obstructions displays and other objects blocking view should be eliminated.
 - Focus Problems must check system regularly to prevent.

Minimum camera resolution should be 480 horizontal lines.

Good cameras have faster lenses (allows more lighting), larger maximum aperture opening (lets more light into the focal point of the camera) and controls image brightness allows brighter images in dim lighting) – the more lighting, the more depth of field (greater depth of field; the more of the scene is in focus)

Focal Length – some cameras zoom in and out while others have a fixed focal length. The type of cameras used depends on what your needs are

Transaction Areas – anything at a transaction point (cash register, toll booth, etc.), the subject's head should fill at least 15% of the total image in the frame, giving the detail you need.

Lines of Sight - lines of sight are always critical, make sure there are no obstructions

Le right site plan is crucial (retail store blueprint or diagram). Key camera spots are at transaction points (cash registers and entry/exit points) – the more cameras, the better

You want good camera overlap (you want multiple chances to capture good images). Extra coverage is also needed for aisles, restrooms and other key points.

With a good site plan you can make sure you don't have any blind spots (you can toy around with camera positions, and do a test recording to see that you are getting what you want). Camera Height - placement is very important, make sure it is as close to eye-level as possible. Otherwise, you might lose out to a baseball cap.

nterior Lighting – interior lighting can balance bright light from one direction (back lighting) by adding another light source from a different location (add a bank of lights).

and sunlight). Adding more light from a different direction balances lighting, giving better camera clarity (if sunlight is shining through large windows you can tent windows or add screens Example: Artificial lighting (inside store) for cameras may be good in the morning, but by noon, the sun (through a doorway or window) can blow the entire frame out (add lighting to fill in for

Exterior Lighting – if lights are on timers, you must adjust appropriate to seasonal changes (Fall/Winter: gets dark earlier. Spring/Summer: gets dark later). For more information please contact San Francisco SAFE, | Phone - (415) 553-1984 | Email - info@sfsafe.org

DON'T BE A VICTIM OF A BURGLARY!

Burglary Awareness & Prevention Tips for Construction Sites

Securing & Preventing

- 1. Secure all equipment and vehicles at all times.
- Take effort to reduce the visibility of tools and equipment secured in vehicles or on job sites.
- Make use of adequate lighting in conjunction with open chain-link fencing on the perimeter to allow for high visibility to the job site.
- Strongly consider the use of security systems such as alarms and video surveillance. Ensure signage for such is clearly visible.

SFPD Park Station 1899 Waller Street San Francisco, CA 94117 (415) 242-3000

Precautionary Measures

- Photograph all tools.
 Ensure photographs clearly show the associated serial number and/or distinctive markings.
- Ensure job site keys are marked "Do Not Duplicate" and are controlled at all times.
- Attempt to park employee vehicles within visual range of the job site.

Should a Burglary Occur

Immediately contact 911. Be prepared to provide the following information:

- a) Time of incident.
- b) Video (if available).
- c) Items taken (include make, model, description, location taken from, value, photos and serial numbers).
- d) Insurance information.
- e) Owner's information.

Whether you live in a single family home, condo, or a large apartment complex in San Francisco, there are a number of ways you can keep your residence safe and secure. Working together as a community with your neighbors and building management can significantly improve your residential safety.

7 Residential Safety Tips

- Garage: When entering or leaving the garage, watch to ensure door shuts completely. Lock stored bikes to a sturdy rack.
- Car: Always lock your vehicle when parked in your garage and remove all valuables. Never leave garage door opener in your vehicle when parked outside your home.
- Spare Key: Never hide spare keys. If you need to have a spare key available, leave it with a trusted neighbor.

- Open Buzzer: When a visitor rings your bell, confirm who it is by intercom before you grant them access. Similarly, never let strangers follow you through the front door.
- Security Cameras & Alarm Systems: Cost effective tools for preventing crime and identifying criminals.
- 3 Light Timers: Installing timers on the exterior of your residence is an effective and energy efficient way to deter criminal activity.
- Doors/Windows: Always keep doors and windows locked.

Door and Window Safety

Doors:

- · Should be made of solid wood or metal
- Have a single cylinder deadbolt lock and a 1-inch bolt
- Have a front door viewer or peep hole with a 180-degree range
- · Clearly display unit number

Windows:

- Replace if glass is cracked and replace all damaged or missing locks
- Ground level windows should be burglary resistant: consider purchasing windows with reinforcement wire, laminate, or tempered glass
- Polycarbonate plastic or metal grates can be installed over existing ground level windows
- Windows above ground level are not considered secure: if used for ventilation, lock in position and keep open no more than 3 inches

DEFINITION OF SUSPICIOUS ACTIVITY

Suspicious activity is any observed behavior that could indicate a crime-related incident has been committed, or about to be committed. Unusual items or situations: A vehicle is parked in an odd location, a package/luggage is unattended, a window/door is open that is usually closed, or other out-of-the-ordinary situations occur.

Examples of Suspicious Activity:

- An individual peering into vehicles, to try, and locate any valuables left unattended.
- An individual trying door handles to vehicles, and/or residences to gain access to the vehicle and/ or residence.
- An individual checking front doors of residences to locate any unattended packages, or individuals following delivery trucks to see where the truck is dropping off packages.

CRIME DEFINITIONS

Definitions

Robbery – Robbery is the taking of property from another by using force or by using fear.

Assault – An assault is an unlawful attempt, coupled with the present ability, to commit a violent injury on another person.

Battery - (Misdemeanor battery) is any willful and unlawful touching of another.

(Felony battery) is the use of force or violence upon the person of another that causes serious bodily injury.

*Assault is when a person swings their arm and <u>battery</u> is when that arm makes contact with another person.

Aggravated Assault – Assault upon another person with a deadly weapon or instrument other than a firearm or by any means of force likely to produce great bodily injury.

Burglary – The intent upon entry into a property to commit grand theft, petty theft, or any felony.

Grand Theft – Grand theft is theft committed when the value of the money, labor, or property taken exceeds \$950.

Petty Theft – Theft where the value of the property taken is less than \$950.

PARK STATION'S VISION & VALUES

Captain Una Bailey

I absolutely love police work and I love all that we as SFPD can do to help victims, solve and prevent crimes, and I am a firm believer in the power of the community. We, as a department, are only as successful as our partnerships with the community. I learned very early in my career how important community involvement is both in solving and preventing crimes and also in the creation of safe desirable neighborhoods. I look forward to building and maintaining community involvement and relationships over the coming years. I know that when we work together, we will create a district that will be safe and sound for all.

WHO AND WHEN TO CALL?

3-1-1: Please contact 3-1-1 when the issue is a not an emergency, yet requires City services or, if you simply have questions regarding City services. Non-emergency situations include the following examples: damage to public property, public trees that requires pruning, defective streets or sidewalks, homeless-related issues. 3-1-1 was developed to help the community inform the appropriate City agency regarding a service request.

SF 3-1-1 APP is available to use on your mobile device. Download the APP and its easy to use for many Non-emergency.

Non- Emergency San Francisco Dispatch Line: Pease call the non- emergency dispatch line (415-553-0123) when the scenario does not need immediate response from the San Francisco Police Department. For example, if there is a loud party, a group of loud juveniles loitering in front of your residence, noise complaints, doubled parked vehicles, suspicious activities, or a homeless/nuisance related issue. The non-emergency line is for situations that require the police, but do not require an <u>immediate</u> police response.

9-1-1, please call 9-1-1 immediately if there is a police, fire, medical, or any other emergency. The purpose of San Francisco's 9-1-1 Emergency Telephone System is to provide the community an immediate response of police, fire, or medical personnel for emergency occurrences. To accomplish this, it is imperative that the calls received on the 9-1-1 line be restricted to those situations that require immediate dispatching of police, paramedic, or fire department personnel. For example, crimes or fires that are in-progress, or medical emergencies.

The San Francisco Police Department district station telephone numbers and emails are not monitored. Questions will be answered in the order we receive them. Station emails are not for making police reports nor for reporting a crime. If you need to make a police report, you can call 415-553-0123 or go to your district police station. **If you have an emergency, please** call 9-1-1.
