Hello all,

I hope you all had a safe and Happy Halloween. In the following pages you will see many photos taken in the Park District on Halloween, I hope you enjoy them. My officers and I had a great time visiting schools, Haight St and the NOPNA Halloween Block Party. It was a lot of fun seeing all the different costumes and handing out goody bags.

I want to talk again about the importance of getting to know your neighbors especially as we saw what happened in the North Bay and also down south. I know many of us in this area were inconvenienced by power outages but our hearts have to go out to those people whose homes have been destroyed by fire. So many people were evacuated and on standby wondering if their home made it and left wondering when they might be able to return to the comfort of their own home.

I hear time and time again about the wonderful neighbors taking care of one another. People ensuring that as they evacuated they took care of their neighbors, especially our most vulnerable, the elderly. These neighbors knew the people who needed help and took the steps necessary to safe guard these individuals. There was no loss of life which is really the most important thing and I am convinced that this is in a big part thanks to community engagement.

## CAPTAIN'S MESSAGE CONTINUED

I would be remiss not to mention all the wonderful, brave first responders especially the firefighters who put themselves in fires way to keep everyone safe. Also of course all the law enforcement agencies who lent a helping hand including SFPD who deployed many officers to the North Bay to assist in the many ways necessary to keep people and their property safe.

I think these events have to serve as a reminder to be prepared to evacuate by having your to go bag on hand but also to take the time to get to know your neighbors. I recently had that very opportunity to get to meet and know the people on the unit block of Divisadero at their Buena Vista Park Block Party. It was an excellent opportunity for me to meet the community members but in addition it was great to see all the community members assemble with great food, drinks and activities to keep all entertained and of course presenting the opportunity for neighbors to get to know one another. In addition to meeting the community members everyone had the opportunity to meet Mayor London Breed, Supervisor Mandelman, Senator Weiner and many of the candidates running for the District Attorney's office.

On Halloween night I had another opportunity to meet the wonderful people of NOPNA at their Halloween event. The community of NOPNA does a great job of gathering everyone together to celebrate Halloween and the costumes are pretty spectacular. In addition to meeting the community members everyone had the opportunity to meet City District 5 Supervisor Vallie Brown.

Again I will finish by saying great job in the organization of these block party events and even though I have had the absolute pleasure to attend many community meetings and gatherings I would love to see more of these block parties. Mayor London Breed who believes strongly in community engagement mentioned that she has removed much of the red tape in an effort to make these Block parties a lot easier to orchestrate.

Be safe

Captain Una Bailey

**HALLOWEEN IN THE PARK DISTRICT**

On Thursday October 31st Park Station Captain Bailey & School Resource Officer (SRO) Granucci attended Halloween celebrations at McKinley Elementary & Chinese Immersion Schools. Officer Granucci prepared and handed out goody bags that were filled with SFPD stickers, SFPD safety coloring books, crayons & a little Halloween gift! Both schools welcomed Captain Bailey & Officer Granucci. After visiting the school's for Halloween, Captain Bailey & Officer Granucci visited the Haight Street Corridor and greeted many merchants, residents & tourists & wished them a Happy Halloween!

**THANK YOU FIREFIGHTERS**

School Resource Officer, Officer Granucci and I had the pleasure of running into some of SFFD finest while handling a run. We seized the moment to take a photo of the girl squad. Thank you again to all the firefighters who put their lives on the line to keep people and property safe during these very frightening fires.

## SERGEANT PROMOTIONS

Park Station celebrates the promotion of four of our officers to the rank of Sergeant

Congratulations Sergeants: Margetts, Wu, Crockett and Cummings

## GO BAG INFORMATION

**Here's how to prepare a evacuation "go bag" that you can quickly grab in case you ever need to evacuate.**

**Choose a bag.** Each member of the family should have his or her own. Start with a backpack or a nylon camper's laundry bag with a drawstring.

**Take photos of all the rooms in your home, along with all your valuables.** Store these photos on a cloud server, and back them up on a flash drive.

**Scan all your important documents, and save them on a flash drive.** You could also save them onto a cloud server if you have an encryption service you trust.

These documents include:

- Driver's license
- The deed to your house
- Your will and/or trust
- Proof of insurance
- Medical records
- Passports
- Social security cards
- Birth certificates
- A list of personal contacts with their addresses and phone numbers
- Your kids' immunization records

Your pet's paperwork for vaccinations and medical history Include the flash drives of your photos and important documents in your bag. **Add essential supplies to help you get by for a few days.** This includes water (one gallon per person per day), non-perishable food, a first-aid kit, a flashlight, batteries, clothes, diapers and pet supplies. Ready.gov has a full [emergency kit checklist](#) that you can download. **Create an evacuation to-do list.** Note the items you will want to pack during an emergency: your "go bag," your pets, and a list of valuables (jewelry, paintings, photos) you can't live without. Also list your action items, such as turning off utilities and locking up your house. When you need to evacuate, break out the evacuation to-do list, check off each item, and get the hell out.

You can get this information and more by doing an internet search, the information printed was one such search.

**BUENA VISTA BLOCK PARTY**

Buena Vista Block Party- a gathering of neighbors, friends and family.

## COFFEE WITH A COP

On Thursday November 7, 2019, community members met with Captain Bailey and Park Station Officers at Café Cole, approximately 15 community members had chance to talk with Captain Bailey and Park Station Officers about any concerns in their neighborhood.

## PRESIDIO HIKE WITH ROOFTOP ELEMENTARY

On October 22nd, 2nd graders from Rooftop Elementary School had the opportunity to hike in the Presidio National Park with Officers from the SFPD Wilderness Program. The hike began along Lobos Creek, we continued onto Baker Beach and up the Sand Ladder to Immigration Point Overlook where we had lunch. It was a beautiful day and fun was had by all.

**SOME OF PARK STATION'S ARRESTS FOR THE WEEK****Civil Sidewalks, Booking, Warrant Arrest, Local SF Warrant, 10/27/19, 0720 HRS, Area of Haight Street**

On 10/27/18, approximately 0720 hours, officers were on patrol when they observed a subject sleeping on the sidewalk on Haight Street, in violation of 168 (b), which states that no one can sleep on the sidewalk during the hours of 0700 and 2300 hours. A computer query revealed that the subject had three outstanding misdemeanor warrants for the total of \$9,000, two of the warrants were for resisting arrest; another warrant was for assault. The subject was placed under arrest and transported to County Jail #1.

**Driving, No License Issued, Traffic Violation Arrest, Traffic Collision, 10/28/19, 1946 HRS, Area of Parker Ave**

On 10/28/19, officers responded to Parker Ave and Turk St. regarding a vehicle accident. Both drivers were on scene. Officers spoke to driver #1 and driver #2 about the incident and neither driver reported any injuries. A computer check revealed that driver #1 was driving without a license. Computer query on driver #2 revealed that he had a valid license. His vehicle only had minor damage and he was able to drive the vehicle from the scene. Driver #1 was cited for driving without a license. Due to the moderate damage to his vehicle it was not drivable and it was towed from the scene.

**Battery, 10/29/19, 0059 HRS, Area of Stanyan Street**

On 10/29/19, approximately 0102 hours, officers responded to a hospital, regarding a battery. Upon arrival, officers spoke with the victim who stated that the subject was showing aggressive behavior towards other patients. The victim instructed the subject to return to his bed, the subject became aggressive towards the victim and punched her. The victim stated that she wanted to press charges and signed a Citizen's Arrest Form. The victim told the officers that she had pain but refused medical treatment. The subject was cited and released back into the care of medical staff.

**Resisting, Delaying, or Obstructing Peace Officer Duties, Traffic Violation Arrest, 10/29/19, 1520 HRS, Area of Haight Street**

On 10/29/19, officers observed a man riding an electric scooter westbound on the north sidewalk of Haight St. The officers stopped the subject and asked for his identification. The subject claimed that he did not have any identification on him, and gave the officers a false name. A computer query on the false name came back with a warrant for his arrest. Officers placed the subject under arrest and conducted an arrest search on the subject, and located a wallet with a valid driver's license and the subject's real identity. A computer query on the subject's real name did not reveal any warrants. Officers cited the subject for the above violations and he was released from the scene.

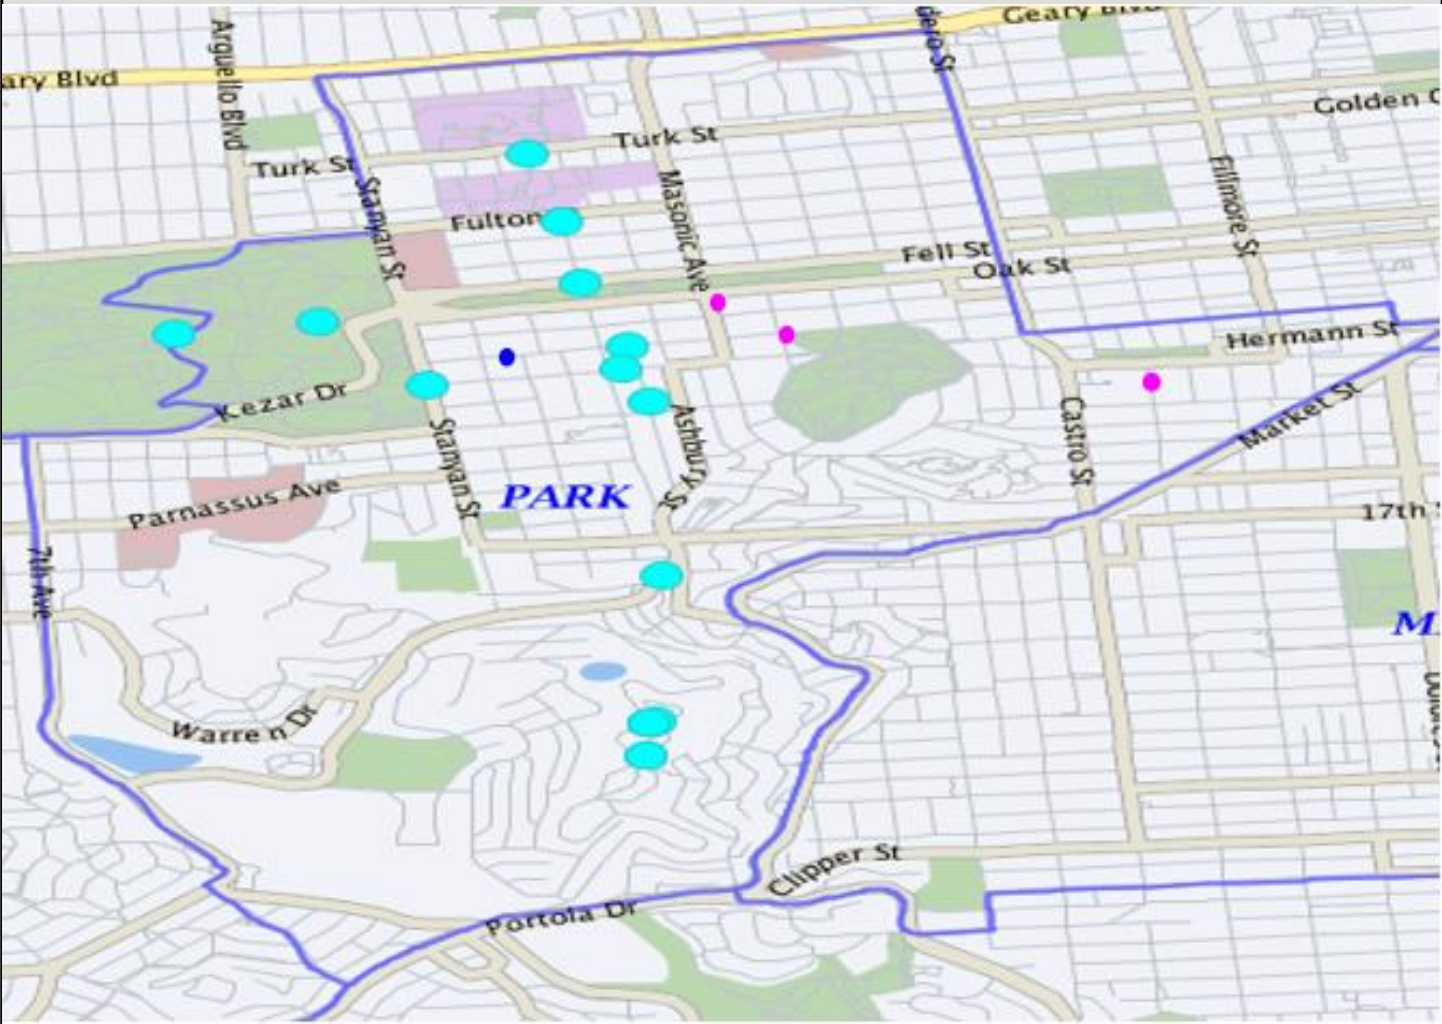

**Arson, False ID To Peace Officer, Battery Of A Police Officer, Probation Violation , 11/1/19, 0755 HRS Area of Buena Vista Park**

On 11/1/19 around 0755hrs, Park Station Officers responded to Buena Vista Park on a report of an arson suspect. Once on scene, they met with SF Park and REC employee who had an individual detained for possible arson. The employee told the officers that he witnessed the subject set a fire in a hilly forested area just above the tennis courts. The small fire was quickly put out by the subject during the contact with the Park and Rec employee. During the investigation, the officers learned that a citizen had also witnessed the subject set the fire as well. The subject was placed under arrest at the scene and transported to Park Station for further investigation. The subject originally identified himself using an alias name in an attempt to confuse the officers. That plan quickly fell apart once he was positively identified. The subject's property also contained a bottle containing a flammable substance and several Bic lighters. At Park Station the suspect requested an ambulance for pain to his right clavicle from a prior injury. On the way to the hospital the suspect spat on an officer. The suspect was later booked at CJ #1 for the above listed charges.

## DISTRACTED DRIVING

### Distracted Driving

Distracted driving is anything that takes your eyes or mind off the road. In the smartphone age, distracted driving is the most dangerous when drivers are using their cell phone behind the wheel.

Whether it is talking, emailing, texting, plugging in directions, using an app or scrolling through social media feeds, using a cell phone is not only dangerous, but also illegal.

In 2017, 3,166 people were killed in distracted driving related crashes across the country, or nearly 10 percent of all traffic deaths.

Using a phone to dial, talk or text triples the risk of a driver getting into a crash. Texting is the most alarming distraction. Sending or reading a text takes your eyes off the road for an average of 5 seconds. At 55 mph, that's like driving the length of a football field with your eyes closed.

Other serious driver distractions such as eating, grooming, reaching for objects on the floor, changing clothes or talking with passengers are just as dangerous. The safest thing drivers can do is put down the phone, focus on the road and just drive.

#### Distracted Driving Prevention

- ✓ Never Text and Drive
- ✓ Silence your phone before you drive
- ✓ Pull over to safe parking spot to make a call
- ✓ Don't text or call someone you know is driving

### Cell Phone Law

- Holding a phone while driving is illegal. Any electronic device must be used in a hands-free manner, such as speaker or voice commands. The law applies when at a stop sign or signal.
- To use a phone while driving, it must be mounted on the dashboard, windshield (seven-inch square in lower right corner or five-inch square in lower left corner), or center console.
- When the phone is mounted, drivers can swipe or tap the screen once to activate or deactivate a feature. It is illegal to swipe multiple times, enter information or text.
- A first offense ticket is \$162, with additional offenses costing even more.
- You may use your phone while holding it for true emergencies, like calling 911.

For additional driver safety tips and resources, visit [gosafelyca.org](http://gosafelyca.org).

Be part of the solution by resisting the urge to talk or text while driving and "Go Safely, California."

**Distracted Driving**

It's easy to feel like driving isn't enough when there's so much more to do. It's normal to feel the urge to grab the phone. But we must stay focused on the road. Not only is holding your phone while driving illegal in the State of California, distracted driving is now the number one cause of roadway crashes. Join us in being part of the solution. Grab the wheel with both hands, enjoy the drive and focus on each other. Here are some ways you can prevent driving distracted:

- > Silence your phone before you get behind the wheel and keep it mounted in a legally approved location.
- > Never text and drive or use apps or social media while driving.
- > Do not eat, drink or program your GPS/MP3 player or other devices while driving.
- > If a phone call is necessary or you need to reroute your map, pull over to use those devices.
- > If something falls to the floor, pull over to a safe parking spot before trying to reach it.

### ANTI-BIKE THEFT TIPS

LOCK  
PROTECT  
REGISTER

[sfsafe.org/safe-bikes](http://sfsafe.org/safe-bikes)

SAFE BIKES and the SFPD recommend the Sheldon Brown Locking Method.

No locking method is 100% foolproof, but this method is highly effective.

### GUIDE FOR LOCKING YOUR BIKE:

- Use the smallest U-lock that works for your bike to minimize the amount of space available for a thief to insert a jack or levers.
- Use a hardened steel U-Lock to secure back wheel inside the rear triangle of the bicycle frame.
- Check to make sure U-lock is secured to an immovable metal object.
- Secure front wheel with cable or second U-lock. Loop cable around the down tube of the bicycle or secure second U-lock to front wheel and down tube.
- Replace quick release skewers and nutted wheels with keyed locking skewers and nuts to ensure wheels and saddles are locked to the bike frame at all times.
- Check with local bike shop for proper installation of locking skewers and advice.

## SAFE BIKE REGISTRY

## YOU JUST BOUGHT A NEW BICYCLE— NOW WHAT?

### FOLLOW THESE STEPS:

- Register** and upload receipt and photos of your bicycle at [sfsafe.org/safe-bikes](https://sfsafe.org/safe-bikes).
- Buy a hardened steel U-lock and a secondary lock** such as a chain or cable (See locking tools list).
- Replace quick release skewers and nutted wheels with uniquely keyed locking skewers and nuts**, which keep wheels and saddles locked to the bike frame at all times.
- Lock** your bicycle in your garage the same way you would on the street.
- Take an urban bicycling workshop** with the San Francisco Bicycle Coalition to learn safe riding practices. Go to [sfbike.org](https://sfbike.org) for more information.
- Speak with your local bicycle shop** for more help and advice.

### TOOLS TO LOCK YOUR BICYCLE

There are many different types of locks for bicycles and many incorrect ways of using them. No locking method is 100% effective.

**For best security use a hardened steel U-lock, chain and locking skewers.**

### PREVENTING BICYCLE THEFT IN GARAGES

Garages and multi-unit apartment buildings with common garage are one of the most vulnerable places for bicycles. Thieves are waiting for the perfect opportunity.

**Secure your bicycle in the garage the same way you would on the street!**

- Secure to an immovable object or an anchor system.
- Never lock your bike near a window or door.
- Always watch your garage door and make sure it closes completely so unwanted visitors do not enter.
- Contact SAFE at 415-553-1984 or [info@sfsafe.org](mailto:info@sfsafe.org) for a residential security survey.

**Overview**

**Note:** The following information is specific to commercial and retail establishments; however, can be applied to any location utilizing video surveillance.

Basic set up and maintenance problems can reduce the effectiveness of many systems.

- Resolution – is it good enough for facial recognition.
- Camera position – are they positioned for clear view of suspect.
- Lighting – is it adequate to capture clear images both day and night.
- Image detail – is the recorder set up for best image detail.
- Maintenance – are you maintaining your system properly so it can do its job when needed?

**Set Up and Maintenance**

- **Backlighting** – when sun is bright at doorway, images in front appear darker or even black. Use another light source inside to counteract back light.
- **Low Frame Rate** – saves on drive space and gives better image quality, but you may not get an image at all (now you see him; now you don't).
- **Obstructions** – displays and other objects blocking view **should be eliminated.**
- **Focus Problems** – must check system regularly to prevent.

Minimum camera resolution should be **480 horizontal lines.**

Good cameras have **faster lenses** (allows more lighting), larger maximum **aperture** opening (lets more light into the focal point of the camera) and controls image brightness (allows brighter images in dim lighting) – the more lighting, the more depth of field (greater depth of field; the more of the scene is in focus).

**Focal Length** – some cameras zoom in and out while others have a fixed focal length. The type of cameras used depends on what your needs are.

**Transaction Areas** – anything at a transaction point (cash register, toll booth, etc.), the subject's head should fill at least 15% of the total image in the frame, giving the detail you need.

**Lines of Sight** – lines of sight are always critical, make sure there are no obstructions.

**Site Plan** – the right site plan is crucial (retail store blueprint or **diagram**). Key camera spots are at transaction points (cash registers and entry/exit points) – the more cameras, the better.

You want good camera **overlap** (you want multiple chances to capture good images). Extra coverage is also needed for aisles, restrooms and other key points.

**Camera Height** – placement is very important, make sure it is as close to eye-level as possible. Otherwise, you might lose out to a baseball cap.

With a good site plan you can make sure you don't have any blind spots (you can toy around with camera positions, and do a test recording to see that you are getting what you want).

**Interior Lighting** – interior lighting can balance bright light from one direction (back lighting) by adding another light source from a different location (add a bank of lights).

Example: Artificial lighting (**inside store**) for cameras may be good in the morning, but by noon, the sun (through a doorway or window) can blow the entire frame out (add lighting to fill in for afternoon sunlight). Adding more light from a different direction balances lighting, giving better camera clarity (if sunlight is shining through large windows you can tent windows or add screens.

**Exterior Lighting** – if lights are on timers, you must adjust appropriate to seasonal changes (Fall/Winter: gets dark earlier. Spring/Summer: gets dark later).

PARK SMART CAMPAIGN

# Park Smart!

THE KEYS TO  
PARKED CAR  
SAFETY ARE IN  
**YOUR HANDS!**

If you love it, don't leave it.

**DON'T  
TEMPT A  
CAR THIEF!**

Car thieves only need seconds to break into your car. So Park Smart, and especially keep your trunk clear.

**Take everything  
with you.**

# Park Smart!

## Safe Habits to Adopt:

**Turn off the ignition**  
Never leave your car running unattended

**Keep your vehicle & tires in good condition**  
to prevent breakdowns—stranding you in a dark or unfamiliar place

**Lock your doors**  
when you get in your car

**See something, say something**  
If you see a motorist in distress, call 9-1-1 versus stopping to help

**Clear your trunk**  
and take your valuables with you every time you leave your car

**If you are being followed,**  
drive to the nearest police or fire station—a populated area is a good default

# DON'T BE A VICTIM OF A BURGLARY!

## Burglary Awareness & Prevention Tips for Construction Sites

### Securing & Preventing

1. Secure all equipment and vehicles at all times.
2. Take effort to reduce the visibility of tools and equipment secured in vehicles or on job sites.
3. Make use of adequate lighting in conjunction with open chain-link fencing on the perimeter to allow for high visibility to the job site.
4. Strongly consider the use of security systems such as alarms and video surveillance. Ensure signage for such is clearly visible.

1899 Waller Street  
San Francisco, CA 94117  
(415) 242-5000

### Precautionary Measures

1. Photograph all tools. Ensure photographs clearly show the associated serial number and/or distinctive markings.
2. Ensure job site keys are marked "Do Not Duplicate" and are controlled at all times.
3. Attempt to park employee vehicles within visual range of the job site.

### Should a Burglary Occur

Immediately contact 911. Be prepared to provide the following information:

- a) Time of incident.
- b) Video (if available).
- c) Items taken (include make, model, description, location taken from, value, photos and serial numbers).
- d) Insurance information.
- e) Owner's information.

Whether you live in a single family home, condo, or a large apartment complex in San Francisco, there are a number of ways you can keep your residence safe and secure. Working together as a community with your neighbors and building management can significantly improve your residential safety.

7 Residential Safety Tips

- 1 **Garage:** When entering or leaving the garage, watch to ensure door shuts completely. Lock stored bikes to a sturdy rack.
- 2 **Car:** Always lock your vehicle when parked in your garage and remove all valuables. Never leave garage door opener in your vehicle when parked outside your home.
- 3 **Spare Key:** Never hide spare keys. If you need to have a spare key available, leave it with a trusted neighbor.

- 4 **Door Buzzer:** When a visitor rings your bell, confirm who it is by intercom before you grant them access. Similarly, never let strangers follow you through the front door.
- 5 **Security Cameras & Alarm Systems:** Cost effective tools for preventing crime and identifying criminals.
- 6 **Light Timers:** Installing timers on the exterior of your residence is an effective and energy efficient way to deter criminal activity.
- 7 **Doors/Windows:** Always keep doors and windows locked.

Door and Window Safety

Doors:

- Should be made of solid wood or metal
- Have a single cylinder deadbolt lock and a 1-inch bolt
- Have a front door viewer or peep hole with a 180-degree range
- Clearly display unit number

Windows:

- Replace if glass is cracked and replace all damaged or missing locks
- Ground level windows should be burglary resistant: consider purchasing windows with reinforcement wire, laminate, or tempered glass
- Polycarbonate plastic or metal grates can be installed over existing ground level windows
- Windows above ground level are not considered secure: if used for ventilation, lock in position and keep open no more than 3 inches

Keep property in good repair. Maintain visibility to your neighbors for increased safety.

## DEFINITION OF SUSPICIOUS ACTIVITY

Suspicious activity is any observed behavior that could indicate a crime-related incident has been committed, or about to be committed. Unusual items or situations: A vehicle is parked in an odd location, a package/luggage is unattended, a window/door is open that is usually closed, or other out-of-the-ordinary situations occur.

Examples of Suspicious Activity:

- An individual peering into vehicles, to try, and locate any valuables left unattended.
- An individual trying door handles to vehicles, and/or residences to gain access to the vehicle and/ or residence.
- An individual checking front doors of residences to locate any unattended packages, or individuals following delivery trucks to see where the truck is dropping off packages.

**CRIME DEFINITIONS***Definitions*

**Robbery** – Robbery is the taking of property from another by using force or by using fear.

**Assault** – An assault is an unlawful attempt, coupled with the present ability, to commit a violent injury on another person.

**Battery - (Misdemeanor battery)** is any willful and unlawful touching of another.

(**Felony battery**) is the use of force or violence upon the person of another that causes serious bodily injury.

\***Assault** is when a person swings their arm and **battery** is when that arm makes contact with another person.

**Aggravated Assault** – Assault upon another person with a deadly weapon or instrument other than a firearm or by any means of force likely to produce great bodily injury.

**Burglary** – The intent upon entry into a property to commit grand theft, petty theft, or any felony.

**Grand Theft** – Grand theft is theft committed when the value of the money, labor, or property taken exceeds \$950.

**Petty Theft** – Theft where the value of the property taken is less than \$950.

**PARK STATION'S VISION & VALUES****Captain Una Bailey**

I absolutely love police work and I love all that we as SFPD can do to help victims, solve and prevent crimes, and I am a firm believer in the power of the community. We, as a department, are only as successful as our partnerships with the community. I learned very early in my career how important community involvement is both in solving and preventing crimes and also in the creation of safe desirable neighborhoods. I look forward to building and maintaining community involvement and relationships over the coming years. I know that when we work together, we will create a district that will be safe and sound for all.

## WHO AND WHEN TO CALL?

**3-1-1:** Please contact 3-1-1 when the issue is a not an emergency, yet requires City services or, if you simply have questions regarding City services. Non-emergency situations include the following examples: damage to public property, public trees that requires pruning, defective streets or sidewalks, homeless-related issues. 3-1-1 was developed to help the community inform the appropriate City agency regarding a service request.

**SF 3-1-1 APP** is available to use on your mobile device. Download the APP and its easy to use for many Non-emergency.

**Non- Emergency San Francisco Dispatch Line:** Please call the non- emergency dispatch line (**415-553-0123**) when the scenario does not need immediate response from the San Francisco Police Department. For example, if there is a loud party, a group of loud juveniles loitering in front of your residence, noise complaints, doubled parked vehicles, suspicious activities, or a homeless/nuisance related issue. **The non-emergency line is for situations that require the police, but do not require an immediate police response.**

**9-1-1, please call 9-1-1 immediately if there is a police, fire, medical, or any other emergency.** The purpose of San Francisco's 9-1-1 Emergency Telephone System is to provide the community an immediate response of police, fire, or medical personnel for emergency occurrences. To accomplish this, it is imperative that the calls received on the 9-1-1 line be restricted to those situations that require immediate dispatching of police, paramedic, or fire department personnel. For example, crimes or fires that are in-progress, or medical emergencies.

The San Francisco Police Department district station telephone numbers and emails are not monitored. Questions will be answered in the order we receive them. Station emails are not for making police reports nor for reporting a crime. If you need to make a police report, you can call 415-553-0123 or go to your district police station. **If you have an emergency, please call 9-1-1.**
