## Captain Timothy Falvey's Message

June 11, 2021

Dear Southern District Community Members,

June is Pride Month and with many COVID restrictions set to lift on June 15th, we expect to see a lot more people enjoying the City. If you are enjoying a Pride event or are just enjoying the summer weather please remember to **Park Smart** and be aware of your surroundings.

We have recently noticed an increase in auto burglaries as vehicle traffic in to the city increases. Please do not leave any items in your car while parking. If you observe a car burglary, please call 9-1-1 and be a good witness. For more information please visit **SFSAFE.org**.

If you are going out to the newly reopened bars and restaurants please don't drink and drive. Remember to use a cab or ride share.

**Happy Pride!**

**Stay Safe!**

### Community Surveys:

The San Francisco Police Department is committed to excellence in law enforcement and is dedicated to the people, traditions and diversity of our City. Our mission is to provide service with understanding, response with compassion, performance with integrity and law enforcement with vision.

As part of our ongoing outreach to engage with the community and measure our success, the Department has created a community survey link to obtain valuable community feedback for our community events and programs, which will assist the Department in the development of our strategies to meet the needs of the community. If you have recently attended or participated in an event or program hosted by the Department (such as Coffee with a Cop, National Night Out, ALERT program, Youth Summer program, Community Academy or Town Hall Meeting), and have feedback regarding the event or program you attended, please take some time to fill out our community survey.

The Department has also developed a Foot Beat/Bike Patrol survey to gather valuable community feedback on the effectiveness of the Foot Beat/Bicycle Patrol, as it relates to community policing and crime strategies and an Implicit Bias survey to measure progress in the Department's commitment to impartial policing and procedural justice. Please take the time to fill out the Foot Beat/Bicycle and Implicit Bias surveys. If you have already filled out a survey, thank you! Your response will help SFPD better serve our City and continue to support our community through Safety with Respect.

## Addressing Crime / Safety tips

### SF SAFE Camera Program

Through the SF SAFE City Camera Program, we address public safety needs and help reduce crime through collaboration.

By partnering with community stakeholders, such as local merchant associations, businesses, and community residents from San Francisco's high trafficked neighborhoods, commercial corridors, and our City government, we identify specific needs, install public safety cameras and create, develop, and implement safety plans with a meaningful community-led and community-driven process.

Through this program, SF SAFE targets high-risk and high-traffic city blocks comprising about 20-30 businesses or residential areas for the installation of high definition security cameras and surveillance technology. Typically, a coverage area of about 18-24 camera views per corridor is provided. Camera installation projects for commercial corridors take about 12 weeks from start to finish and encompass outreach, assessment, mapping and system installation. We work with technology vendors as the technology solutions and data privacy provider for this program, accountable to the most stringent level of self-imposed policy standards.

In addition to the security cameras acting as a visible crime deterrent, the footage is an extraordinary tool in assisting businesses and community members in the investigation of criminal activity if/when any occur. This program levels the playing field, holding all involved accountable, creating an equitable and true evidence chain for investigators and public defenders alike, as an innovative alternative policing tool empowering communities to take ownership over their own public safety needs.

## Addressing Crime / Safety tips

With the Covid-19 restrictions lifting in phases and many of us are starting to venture out again, here are some Package Theft Prevention Guide from SFSafe to help prevent your packages from being stolen.

# PACKAGE THEFT PREVENTION GUIDE

### ☛ WON'T BE HOME?

Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

### ☛ CUSTOMIZE DELIVERIES

Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

### ☛ USE SPECIAL SERVICES

Use USPS special services like *Signature Confirmation* or *Registered Mail* to add a layer of security.

### ☛ DELIVER TO SECURE LOCATIONS

Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

### ☛ REQUEST NONDESCRIPT PACKAGING

When completing your online order, opt for packaging that conceals the item or select the 'gift' option to ensure package arrives in a plain box especially when ordering from a high-end store.

### ☛ USE MODERN ALTERNATIVES

Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.

### ☛ NETWORK WITH NEIGHBORS

Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

### ☛ PORCH AREA VISIBILITY

Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.

# PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

## ALWAYS CLOSE YOUR GARAGE DOOR

This may seem obvious, but just drive through any residential neighborhood and you'll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.

## INSTALL MOTION-SENSITIVE LIGHTS

Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

## REINFORCE THE GLASS ON THE GARAGE DOOR

Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

## DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR

A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.

## INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK

When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

## TIE EMERGENCY RELEASE CORD

Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

## INSTALL SURVEILLANCE CAMERAS

There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.

## SECURE ANY VALUABLES

Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

## HAVE A QUALITY, FUNCTIONING GARAGE DOOR

Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

## INSTALL INTERIOR MAIL SLOT HOOD COVER

If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

# PREVENT GARAGE DOOR BREAK-INS

## ANATOMY OF A SAFE GARAGE

### Your home is only as safe as its weakest entry point.

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home's security system and safety measures.

For more information, please contact SF SAFE at (415) 553-1984 or visit [sfsafe.org](http://sfsafe.org).

## Addressing Crime / Safety tips

### PREVENT THEFT FROM YOUR VEHICLE

Remember when parking your vehicle to ensure it is properly secured before walking away. Be sure that your windows are up, and your doors are locked. Thieves often check door handles to see if a car is unlocked. Remove all valuables from the inside of your car and take them with you. **PARK SMART!** Flyers available in English -Chinese - Spanish

# Park Smart!

## Safe Habits to Adopt:

### Turn off the ignition

Never leave your car running unattended

### Keep your vehicle & tires in good condition

to prevent breakdowns—stranding you in a dark or unfamiliar place

### Lock your doors

when you get in your car

### See something, say something

If you see a motorist in distress, call 9-1-1 versus stopping to help

### Clear your trunk

and take your valuables with you every time you leave your car

### If you are being followed,

drive to the nearest police or fire station—a populated area is a good default

# Summaries of Supreme Courts Case Laws

(released every 3 months-First week January, April, July, October)

## **Kansas v. Glover (2020) 140 S.Ct. 1183.**

A Kansas deputy sheriff ran a license plate check on a truck and discovered that the registered owner had a revoked driver's license. The deputy assumed the registered owner was driving the vehicle and pulled it over. The registered owner, Glover, was in fact driving and charged with being a habitual offender. Thereafter, Glover moved to suppress the evidence, claiming that the deputy lacked reasonable suspicion to detain him.

The United States Supreme Court held that, "when the officer lacks information negating an inference that the owner is the driver of the vehicle, the stop is reasonable." The Court noted that the Fourth Amendment permits an officer to detain an individual when that officer has a "particularized and objective basis for suspecting the particular person stopped of criminal activity." Officers must be permitted to make commonsense judgments and inferences regarding human behavior. The Court found that prior to pulling the vehicle over, the deputy observed an individual operating the vehicle, he knew the registered owner had a revoked license, and the model of the vehicle matched what he observed. From these facts the deputy drew the commonsense inference that the driver was the registered owner and the Court found that provided more than reasonable suspicion to initiate the traffic stop.

## **People v. Henderson (2020) 9 Cal.5th 1013**

Henderson was convicted of first degree murder with special circumstances, the personal use of a deadly weapon, and sentenced to death which triggered an automatic appeal to the California Supreme Court. Following his arrest, and during a custodial interrogation, Henderson initially waived his Miranda rights. When asked if he was present at the scene of the crime, Henderson stated, "Uhm, there's some things that I, uhm, want uh ..." He was again asked if he was present and Henderson continued, "[want] uh, want to speak to an attorney first, because I, I take responsibility for me, but there's other people that..."

Under established Miranda law, officers must terminate a custodial interrogation of a suspect when that individual invokes their right to counsel or to be silent. That being said, "various cases have held that a suspect's use of equivocal words or phrases does not constitute a clear request for counsel." A suspect must unambiguously assert his right to counsel or to remain silent. Courts objectively look to whether the suspect expressed their desire for counsel with sufficient clarity "that a reasonable police officer in the circumstances would understand the statement to be a request for an attorney." Courts have found the following statements to be equivocal and not an invocation: "maybe I should talk to a lawyer;" "[i]f you can bring me a lawyer;" "I think it'd probably be a good idea for me to get an attorney." In this case the court found that by stating, "[I] want to, speak to an attorney first," Henderson did not use equivocal language and the California Supreme Court found this was a violation of the Fifth Amendment.

### **SFPD Narcotics Investigation Leads to Arrests, Seizure of Nearly 30 pounds of Dangerous Drugs and Ghost Guns**

*Amount of fentanyl seized in SFPD's Narcotics operation is "enough lethal overdoses to wipe out San Francisco's population four times over," Chief Scott says*

On Thursday, June 3, 2021, San Francisco Police Department Narcotics officers served three search warrants in Oakland, California on the 1700 block of 28th Avenue, the 2900 block of 35th Avenue, and the 9800 block of MacArthur Boulevard. These warrants were part of an ongoing investigation initiated by San Francisco Police Department Narcotics Detail to intercept deadly drugs that were earmarked for the Tenderloin.

During the search, officers recovered two semi-automatic, unregistered, un-serialized firearms also known as ghost guns, over 45 thousand dollars in U.S. Currency, a "kilo press" and nearly 30 pounds of drugs which equates to more than 13 kilos, including more than 16 pounds (over 7 kilos) of fentanyl.

At the MacArthur Boulevard location, Narcotics officers found a large quantity of un-packaged fentanyl. The officers contacted the Oakland Fire Department (OFD), who declared the location a Hazardous Materials (HazMat) scene and rendered the scene safe.

Officers took into custody 5 adult male suspects whose ages range from 23 to 45 years old. The suspects were booked on various narcotics related charges at Santa Rita Jail.

In the first five months of 2021, SFPD officers have booked 248 people for sales or possession for sale of dangerous drugs, seized over \$104,000 in US Currency, and seized over 17 pounds (7.7 kilos) of fentanyl, over one pound (0.5 kilos) of cocaine, almost five pounds (2 kilos) of crack cocaine, over seven pounds (3 kilos) of heroin and over ten pounds (4.5 kilos) of methamphetamine.

"The amount of fentanyl seized in this single operation is enough lethal overdoses to wipe out San Francisco's population four times over," said Chief of Police Bill Scott. "Fentanyl remains the primary chemical culprit in the record-shattering number of fatal overdoses plaguing our City, and the recovery of semi-automatic ghost guns along with this haul of deadly drugs most likely intended for the Tenderloin is ominous. SFPD's Narcotics Detail and patrol officers have done heroic work in this operation and on the street every day to seize these deadly drugs and bring these increasingly dangerous drug dealers to justice."

## CPAB— Project updates

(provided monthly 1st week)

June 2021

Community Police Advisory Board (CPAB) “CPABs” are community-oriented police advisory boards for each police district. Each CPAB, led by the District Captain for that police district, is comprised of approximately 10 to 15 committed volunteer community members and a representative from the Community Engagement Division of the SFPD. District Captains may choose more members if they wish to accomplish specific tasks. Each district’s Board members live and/or work in the communities within that district, where a community may be either a neighborhood with specific needs or a specific demographic. Each member thus represents the diversity of their community. In addition to the district CPABs, there will also be a City-wide CPAB Steering Committee facilitated by SF Safety Awareness For Everyone (SAFE). Two representatives from each Community Police Advisory Board shall be selected to participate in this Committee, with the purpose of sharing information across districts.

Captain Falvey held his monthly CPAB meeting on 06/12. Time was spent discussing upcoming community events including National Night Out which is to be held August 3rd.
