## Captain Nicole Jones' Message

Fri July 9, 2021

Hello, Ingleside Community!

We are knee deep in summer, and wading into July. Fireworks continue to be on the forefront of the community's mind. To piggyback off last month's message, please call 311 if you see someone lighting off fireworks, can give an exact location of occurrence, and can describe the suspect. Please call 911 to report actual fires and injuries related to fireworks use. If you have information regarding the illegal possession or sales of fireworks by a specific individual or location, please consider calling our anonymous tip line at 415-558-5588 if you feel more comfortable. As always, please keep 911 available for people with police, fire, or medical emergencies.

The Captain's Tip of the Month for July 2021 is:

**REMEMBER TO CLOSE ANY OPEN WINDOWS BEFORE YOU LEAVE HOME.**

I'd also like to extend this to nighttime hours as well, even if you may be home. Windows are increasingly left open in warmer weather. Any open windows that are easily accessible are targets for burglars. This includes ground floor windows and second story ones with trees in close proximity. We have had several incidents in the Ingleside District recently in which trees were climbed to access open second story windows, resulting in hot prowl burglaries.

## Captain's Message continued:

As statewide pandemic restrictions lift, more people are returning to the streets. I want to reiterate the importance of staying alert and mindful of safety. Protect yourself from becoming a target of thieves. You can do this by taking the following safety precautions:

- Avoid holding your cell phone and/or wearing headphones or earbuds while walking or using public transportation.
- Be careful of leaving your cell phone on the table while dining in restaurants.
- Only bring essential items with you while out and about.
- Never leave your valuables unattended!

I also wanted to highlight that the option is now open for members of the public to attend Ingleside Station's next community meeting in person. As of now, we are continuing to use Zoom for these meetings, but have also opened up the meeting to in-person participation as well. I encourage people to attend in the manner they feel most comfortable with in July.

In closing, here's this month's "Finn for the Win," crime tips from my seven-year-old, Finn, for the Ingleside Community...

Per Finn: "Don't pick golden poppies. My brother did that. He should be in jail, but he said it was an "accident.""

In his brother's defense, he was picking the flower for me and didn't realize it was special. He sure knows now. Finn made sure of it.

Also, per Finn: "Never steal stuff because it's bad and you can go to jail."

I think we can all agree on this.

Please join SFPD Ingleside Station and SF SAFE for a

### **06-26-21 / 12:42 p.m. / Stolen Vehicle Arrest at Persia Ave. & Mission St.**

Officers Quinlan and Chew were on patrol when they observed a vehicle illegally parked inside a bus zone, and without current registration tabs displayed on the rear license plate. As the officers drove past the vehicle, they conducted a registration check on the license plate, which revealed that the vehicle was reported stolen. As Officer Quinlan turned their patrol vehicle around, they observed that the vehicle also had a different license plate displayed on the front end than the one they initially observed affixed to the rear. As Officer Quinlan positioned his patrol vehicle behind the stolen vehicle and initiated a stop on the stolen vehicle, a passenger exited the vehicle and began to walk away, but was soon detained without incident by Officer Chew. Officer Quinlan detained the operator of the stolen vehicle without incident as well, and they initiated a thorough investigation into the vehicle and its occupants.

In the course of their investigation, the officers confirmed that the vehicle was stolen, but also that neither of the two displayed license plates belonged to the vehicle. The vehicle's operator initially provided false identification to Officer Quinlan, but through his exhaustive efforts, he was able to determine not only her true identity, but also the fact that she had an active warrant for her arrest. The vehicle operator was subsequently arrested and booked for possession of the stolen vehicle, as well as her outstanding warrant. Report number 210400268.

### **Mission Station Police Officers Arrest Suspect for Illegal Fireworks**

On Thursday, July 1, 2021, the San Francisco Police Department, Mission Station received information from the San Francisco Fire Department regarding an individual offering illegal fireworks for sale in the Mission District.

Officers from Mission Police Station began an investigation that included an undercover buy-bust operation.

On Friday, July 2, 2021, approximately 9:30 a.m. officers working in plainclothes purchased fireworks from an adult male at 23<sup>rd</sup> St. and South Van Ness Ave. Officers arrested Angelo Paredes, 28-year-old. The arrest included the seizure of approximately 69 lbs. of illegal fireworks. Paredes was arrested for selling fireworks (12676 HS) and possession of fireworks more than 69 lbs. (12700 (b)(2) HS).

Each year more than 12,000 fireworks-related injuries occur and cause millions of dollars in property loss each year that threaten homes and whole communities. ### **San Francisco Police Arrest Muni Stabbing Suspect**

On Thursday, June 10, 2021, at approximately 4:30 p.m., San Francisco Police officers from Northern Station responded to the area of Steiner and Green Streets regarding a stabbing that took place on a Muni bus. Officers located the 31-year-old male victim on the bus suffering from stab wounds. Officers rendered aid to the victim and summoned medics to the scene. The victim told officers that he was seated on the bus when the suspect, who was sitting adjacent to him, stood up and stabbed him two times. The suspect then exited the bus and fled on foot. The victim did not know the suspect, had no prior interaction, and said the attack was unprovoked. The victim was transported to a local hospital where he was treated for non-life-threatening injuries.

The San Francisco Police Department's Muni Task Force (MTF) assumed the investigation and circulated a crime bulletin to law enforcement. On July 3, 2021, at approximately 3:49 p.m., an off duty SFPD officer saw the suspect near Steiner and McAllister Streets having recognized him from the crime bulletin. The officer contacted colleagues from SFPD's Northern Police Station who responded to the scene and detained the suspect. Through the course of an investigation, the officers developed probable cause to arrest 32-year-old San Francisco resident Mario Xavier Hills for the June 10<sup>th</sup> stabbing. Hills was later booked at the San Francisco County Jail for assault with a deadly weapon (254(a)(1) PC), battery resulting in serious bodily injury (243(d) PC), battery of a mass transit passenger (243.3 PC). Evidence, including a knife was also recovered.

While an arrest has been made, this remains an ongoing investigation. Anyone with information regarding this incident is asked to contact the SFPD via the SFPD 24-hour-tip line at 1-415-575-4444, or Text a Tip to TIP411 and begin the message with SFPD. You may remain anonymous.

Ingleside Station's Lieutenant Harvey would like to introduce our readers to our Ingleside Station Officer of the Month for July, Officer Roderick Suguitan:

"Officer Roderick Suguitan is being honored as Ingleside Station's Officer of the Month for July 2021 for his dedication to the Ingleside Community, his commitment to public safety, and his service to the City and County of San Francisco.

With two decades of law enforcement experience under his belt, Officer Suguitan started his service to the City of Saint Francis working for the San Francisco Sheriff's Department. In 2006, Officer Suguitan joined the San Francisco Police Department. Officer Suguitan worked at Northern and Mission Stations prior to being assigned to Ingleside Station in 2008. Officer Suguitan has been patrolling the streets of the Ingleside District ever since. His dedication, professionalism, and positivity are the hallmarks of his work ethic."

Officer Suguitan (affectionately known to us all as "Sugi") is respected and admired by his fellow officers, his supervisors, and the many new recruits that he has instructed as a field training officer. Congratulations, Sugi!

## *Ingleside Citizen of the Month / July 2021*

The Citizen of the Month for July is Debra Estrin. Debra was born and raised in the Miraloma Park neighborhood, and she attended area schools in her youth. Debra eventually obtained her Bachelor's Degree in Criminal Justice Administration from San Diego State University, and later graduated from San Francisco Law School. Debra's work experience has had her working in law enforcement with the State and Federal governments, at the State Bar of California, as a Prosecutor for the Tulare County District Attorney's Office, and as a self-employed attorney. Debra's involvement in community work took her to organizations that provided mentoring and scholarships for former foster youth that had a desire to attend college, and assisting teens that had dropped out of high school or had fallen behind scholastically.

For the past three years, Debra has been on the Board of Directors of the Miraloma Park Improvement Club, and Chair of the Safety Committee. The Safety Committee promotes crime prevention through education, gathers and shares reports of criminal activity and safety tips with the Miraloma Park neighborhood, and performs safety-related advocacy for Miraloma Park with City agencies. As a representative of Miraloma Park, Debra was invited by then-Ingleside Captain Hart to be a member of Ingleside Station's Community Police Advisory Board, providing her with the opportunity to be involved in National Night Out. Congratulations, Debra!

## Definition of Community Policing

Community policing, or community-oriented policing, is a strategy of policing that focuses on police building ties and working closely with members of the communities.

- Homeless Outreach and Outreach to Drug Users: Ingleside Station officers coordinate with city agencies to provide outreach and assistance to rehabilitate those who are dependent on illegal drugs and outreach to homeless individuals to connect them with resources and support.
- Foot Patrols: Ingleside Station has foot beat officers assigned to the Geneva, Leland and Cortland corridors.
- Monthly Police Community Relations Meetings: Community Meetings are held continuously. Station personnel also attend meetings with merchant groups, business groups, development authorities and others. Concerns are voiced and addressed through problem solving.
- Email Updates: Ingleside Station sends out newsletter updates to residents in the District that alerts residents of crime trends, upcoming community events, crime prevention tips, and information on how to contact officers at the District Station.

## Definition of Suspicious Activity

Suspicious activity is any observed behavior that could indicate a crime-related incident has been committed, or about to be committed. Unusual items or situations: A vehicle is parked in an odd location, a package/luggage is unattended, a window/door is open that is usually closed, or other out-of-the-ordinary situations occur.

- ◆ An individual peering into vehicles, to try, and locate any valuables left unattended.
- ◆ An individual trying door handles to vehicles, and/or residences to gain access to the vehicle and/ or residence.
- ◆ An individual checking front doors of residences to locate any unattended packages, or individuals following delivery trucks to see where the truck is dropping off packages.

## *Preventing “Keyless” Auto Break-ins & Thefts*

Nationwide, auto break-ins and auto thefts continue to be a common occurrence due to the opportunistic nature of the crime, the speed at which the incident can occur, and the potential for rewards. As motorists and passengers, we’ve all had to become proactive in preventing this type of crime by adopting basic measures, such as securing all vehicle doors and windows, keeping all valuables and other property out of view, not leaving a vehicle running and unattended, and using steering wheel locking devices, alarms, ignition locking devices, etc.

As vehicle technology has advanced (remote entry/unlocking/starting, keyless fobs, vehicle ignitions, etc.), so have the methods used by thieves to enter vehicles to take property, or the vehicle itself. Law enforcement agencies have seen a rise in “keyless” auto break-ins and auto thefts, involving the use of electronic devices designed for the purpose of defeating wireless unlocking technology. As these types of incidents become more common, we all need to do our part to help prevent these crimes.

How does it work? In short, auto thieves are using a variety of electronic devices to intercept radio signals transmitted through key fobs and remotes. These signals include “rolling codes” which change with each press of a button, and “fixed pin codes” commonly used in older technology, such as garage door openers. Many of these devices are small, easily concealable in a pocket, and can be used to exploit signals from key fobs and remotes in order to easily unlock vehicle doors, start the vehicle ignition, and open electronic garage doors, without damage or use of force. Of further concern, is the hacking of mobile apps that allow a driver to unlock car doors through the aid of their phone.

So, how can you best prevent keyless car theft? Here are some basic habits you can practice to keep from becoming a victim:

- After locking your doors remotely, check for alarm indicator lights to be illuminated, and check to see that your car doors are locked.
- Consider storing keys and key fobs that transmit wireless signals in a small signal-blocking protective pouch. These pouches are available online and in stores, and work like the protective pouches and wallets that store passports, credit cards, and other forms of indicia that utilize radio signal technology.
- Some key fobs can be turned off. Find out if yours can, and do so when you’re away from your vehicle, or at home.
- Use technology to your advantage! Tracking devices are available which can help to monitor activity with your vehicle, and track it if stolen. Also, update any software installed on your vehicle.
- Consider placing lighting and security cameras in front of your home which not only serve as a deterrent to home burglaries, but are also positioned so as to make your vehicle readily visible and less attractive to thieves.

Keep in mind that a thief’s first instinct is to get away as soon as they’ve committed a crime, so calling in as soon as you observe suspicious activity will provide officers with added valuable time to respond. This not only helps to prevent crime, but increases the likelihood of making an arrest, and making your neighborhood safer from criminal activity.

Stay vigilant, and safe!

## What is a Robbery

Robbery is the felonious taking of personal property in the possession of another, from his/her person or immediate presence, and against his will, accomplished by means of force or fear (section 211 California Penal Code.)

**213 (a)** Robbery is punishable as follows:

## Did You Know?

Robbers and thieves are targeting people that are on their iPhone or iPad as they exit the public transportation. Try to avoid displaying or using them in public. To maximize your personal safety, take time to plan and prepare at home to for your safety before leaving. Your worth it!

Here are a few tips you can follow to make yourself safer

- Digital music players and cell phones are a common target of thieves and robbers. Wearing headphones and ear buds greatly reduce your ability to hear and distracts you from potential dangers.
- Limit your valuables by carrying only what you need.
- When on the street, be ALERT and AWARE at all times. Keep "GOOD EYE" contact with the people around you.
- Walk with confidence and purpose. Most victims are targeted because they appear not to be paying attention to their surroundings.
- A handbag or book bag with a strap should not be worn across the body. It should be carried under that arm and released if grabbed.
- If taking public transportation, have your money or your Fast Pass ready in hand. Do not fumble with your wallet; you might draw attention to a pickpocket.
- While on public transportation (MUNI Bus) be aware that most robberies occur when the bus stops and happens to the people that are seated by the back doors.
- Trust your instincts! If you feel uncomfortable or threatened by another person(s), seek help immediately. A whistle is a great device to have when you need to call attention to yourself.

## SFPD Ingleside Station

### Protect Yourself

- When going home, call ahead, let someone know where you are and the route you are taking.
- There is safety in numbers walk home with another person or a group, never alone.
- Always use well lit streets, and never take short cuts.
- Have your house/car keys in hand ready to use before you get to the door.

## Between the Numbers

## Protect your laptop

The majority of electronic property that is stolen is because the thieves can see it! Carry your laptops in non-descript bags. Standard cases for laptops clearly portray the contents making it easier for thieves to spot in a crowd.

## Safety in your car

### Close the Door!

People usually feel safe when they are within a mile radius of their home so they let their guard down. Thieves know this and usually watch for people coming home that are distracted with groceries or packages. If you are like most people, you really don't check the area prior to opening your garage door. In San Francisco some garages are not attached to the home. Here are some general tips for your safety:

- Check the area visually for suspicious persons lurking or trying to conceal themselves.
- Follow your instincts drive around the block if you see someone suspicious.
- When unloading your car, if possible, close the garage door before getting out of the car.
- For a detached garage, have someone come out from the house and help.
- Never leave the car unattended in the garage while unloading.
- Never leave the keys in the ignition or trunk.
- Keep shrubs trimmed low so persons cannot hide.
- Install a motion light outside the garage and an automatic light inside.
- Make sure your remote and door are working properly.

# Don't be the next... VICTIM!

## Good Car Safety Habits to Adopt

1. Never leave your car running unattended.
2. Lock your doors when you get in your car.
3. If you see a motorist in distress, call 9-1-1 rather than stopping to help.
4. If you are being followed, drive to the nearest police or fire station. A populated area is a good default.
5. Keep your vehicle and tires in good condition to prevent breakdowns – stranding you in a dark or unfamiliar place.

As vehicle break-ins continue to be problematic in San Francisco, SAFE's role in the community is more important than ever. Your role is critical, too. You may be able to minimize the chance of a vehicle break-in, theft or carjacking. Don't become a victim! Use common sense. It's your best defense.

## 6 Theft and Break-in Safety Tips When Your Car Is Parked

- 1 **Trunk:** Never leave valuables in your car unattended. If necessary, place valuables in your trunk before you park.
- 2 **Car Lock:** Always lock your vehicle, close windows/sunroof completely, and take the keys.
- 3 **Glove Box:** Remove all papers with your personal information from your vehicle including mail, bills, checkbook, etc. Keep your vehicle title (pink slip) safe at home.
- 4 **Street Light:** Park in a well-lit area that's busy with foot traffic and/or has a parking attendant. Note where you parked.
- 5 **Car Key:** Never keep a spare key in or on your vehicle. Give parking attendant only your car key. Keep your other keys with you.
- 6 **Garage Door Opener:** When parking outside your home, never leave your garage door opener in your vehicle.

Cars are less likely to be broken into when they appear empty - never leave valuables in your vehicle.

## If You Become a Victim of Vehicle Theft or Break-In

The best way to prevent vehicle theft or break-in is to always lock doors, close windows/sunroof, and never leave valuables in your car. If a theft or break-in occurs, report immediately to the police. Provide detailed information that can help identify your vehicle or stolen items:

- License plate number and VIN number
- Any identifying features that make your vehicle distinctive (stickers, window decals, dents, etc.)
- Any special items of value (phone, radio, GPS, CD player, tire brand and size)

Avoid carjacking by staying alert when you stop. If carjacked, do not resist. Give up your car and go to a safe place to dial 9-1-1.

## Residential Safety

Empowering Communities to Create a Safer San Francisco

[sfsafe.org](http://sfsafe.org)

Whether you live in a single family home, condo, or a large apartment complex in San Francisco, there are a number of ways you can keep your residence safe and secure. Working together as a community with your neighbors and building management can significantly improve your residential safety.

## 7 Residential Safety Tips

- 1 **Garage:** When entering or leaving the garage, watch to ensure door shuts completely. Lock stored bikes to a sturdy rack.
- 2 **Car:** Always lock your vehicle when parked in your garage and remove all valuables. Never leave garage door opener in your vehicle when parked outside your home.
- 3 **Spare Key:** Never hide spare keys. If you need to have a spare key available, leave it with a trusted neighbor.
- 4 **Door Buzzer:** When a visitor rings your bell, confirm who it is by intercom before you grant them access. Similarly, never let strangers follow you through the front door.
- 5 **Security Cameras & Alarm Systems:** Cost effective tools for preventing crime and identifying criminals.
- 6 **Light Timers:** Installing timers on the exterior of your residence is an effective and energy efficient way to deter criminal activity.
- 7 **Doors/Windows:** Always keep doors and windows locked.

## Door and Window Safety

### Doors:

- Should be made of solid wood or metal
- Have a single cylinder deadbolt lock and a 1-inch bolt
- Have a front door viewer or peep hole with a 180-degree range
- Clearly display unit number

### Windows:

- Replace if glass is cracked and replace all damaged or missing locks
- Ground level windows should be burglary resistant: consider purchasing windows with reinforcement wire, laminate, or tempered glass
- Polycarbonate plastic or metal grates can be installed over existing ground level windows
- Windows above ground level are not considered secure: if used for ventilation, lock in position and keep open no more than 3 inches

## 住宅安全

加強社區力量，創造一個更安全的三藩市

[sfsafe.org](http://sfsafe.org)

無論您住在三藩市的獨棟家庭住宅、共渡公寓 (康斗) 或大片公寓住房，您可以利用下述方法保持您住所的安全。和鄰居及建築物管理單位共同合作，發揮守望相助的精神，以大幅改善住宅安全。

### 7 個住宅安全訣竅

1. **車庫：**進入或離開車庫時，注意車庫門務必完全關上。收納自行車時，請鎖在牢固的車架上。
2. **汽車：**停在車庫內的車子要鎖上，並帶走所有的貴重物品。將車停放在自家住宅外時切勿將車庫門遙控器留在車內。
3. **備用鑰匙：**切勿藏起備用鑰匙。如果您需要一把備用鑰匙，請將它交給可信任的鄰居保管。
4. **門鈴：**當有訪客按您的門鈴時，先用對講機確認來者何人後再讓其入內。同樣地，切勿讓陌生人跟隨您進過前門。
5. **監視攝影機和警報系統：**是防止犯罪和指認罪犯的高成本效益工具。
6. **燈光定時器：**在您住宅外部安裝定時器是一種遏止犯罪活動的有效且節能的方式。
7. **門 / 窗：**隨時保持門窗鎖上。

保持住宅良好的維修狀態。讓鄰居看得到您的住宅，以增加安全性。

## 門窗安全

門：

- 應以實心木或金屬材質製成
- 有一個單圈固定栓鎖和一個一英寸的螺絲
- 有一個視角涵蓋 180 度的前門觀看裝置或窺視孔
- 清楚顯示門牌號碼

窗：

- 如果窗戶玻璃有裂縫要更換，並且應更換所有缺損的鎖
- 地面樓層的窗戶應具有防盜功能：考慮購買含有強化金屬絲、層壓板或強化玻璃的窗戶
- 可在現有的地面樓層窗戶上加裝聚碳酸酯膠或金屬材質的格柵
- 地面樓層以上的窗戶並不安全：如果用來通風，請將它鎖好並且不要打開超過 3 英寸

# PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

## ALWAYS CLOSE YOUR GARAGE DOOR

This may seem obvious, but just drive through any residential neighborhood and you'll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.

## INSTALL MOTION-SENSITIVE LIGHTS

Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

## REINFORCE THE GLASS ON THE GARAGE DOOR

Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

## DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR

A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.

## INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK

When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

## TIE EMERGENCY RELEASE CORD

Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

## INSTALL SURVEILLANCE CAMERAS

There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.

## SECURE ANY VALUABLES

Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

## HAVE A QUALITY, FUNCTIONING GARAGE DOOR

Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

## INSTALL INTERIOR MAIL SLOT HOOD COVER

If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

## ANATOMY OF A SAFE GARAGE

### Your home is only as safe as its weakest entry point.

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home's security system and safety measures.

# PACKAGE THEFT PREVENTION GUIDE

One rarely falls in love without being as much attracted to what is interestingly wrong with someone as what is objectively healthy

## ✉️ WON'T BE HOME?

Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

## ✉️ USE SPECIAL SERVICES

Use USPS special services like *Signature Confirmation* or *Registered Mail* to add a layer of security.

## ✉️ REQUEST NONDESCRIPT PACKAGING

When completing your online order, opt for packaging that conceals the item or select the 'gift' option to ensure package arrives in a plain box especially when ordering from a high-end store.

## ✉️ NETWORK WITH NEIGHBORS

Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

## ✉️ PORCH AREA VISIBILITY

Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.

## ✉️ CUSTOMIZE DELIVERIES

Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

## ✉️ DELIVER TO SECURE LOCATIONS

Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

## ✉️ USE MODERN ALTERNATIVES

Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.

If you haven't done so already, register your bike at nonprofit bike registry, [bikeindex.org](https://www.bikeindex.org). If you are already registered, take action to flag your bike as stolen.

## ➔ Read Up

SF SAFE recommends reading "What to Do After Your Bike Has Been Stolen" on Medium. The article has a multitude of gems about where and how to post about your bike on social media to increase chances of recovering it.

## ➔ Create a Google Alert

By creating a Google alert for bikes being sold that match the make and model of your bike, you increase your chance of finding it.

## ➔ Don't Recover Your Bike Yourself

If you see your bike for sale on Craigslist or OfferUpNow.com, don't try to recover it yourself. Contact SFPD directly.

## ➔ Keep in Touch

If the police contact you to return your bike or if you recover it, please let us know! That way, SF SAFE can keep our files updated.

## SHARING THE ROAD WITH CYCLISTS

When it comes to safely sharing the road with cyclists, it's paramount for drivers to learn how to coexist.

### ➔ Share the Road

When out and about, drivers need to be ever-mindful of sharing the road with cyclists.

### ➔ Stay Off the Horn

Sudden honking might startle a cyclist and can cause them to swerve into traffic or off the road.

### ➔ Follow the 3 Foot Rule

Maintain a distance of 36 inches from cyclists whenever passing them. If possible, keep an even wider berth if there's bad weather or if in a higher speed limit zone.

### ➔ Mind Your Blind Spots

Drivers should double-check their mirrors when changing lanes, making turns, and especially before opening their car door after parking.

### ➔ Be Cautious with Kids

Kids can be unpredictable since their motor skills and decision-making faculties aren't fully developed. Be on alert when driving near schools and residential areas.

### ➔ Be Patient

Don't tailgate a cyclist. When you need to pass one, patiently wait until it's safe to do so.

# Park Smart!

## Safe Habits to Adopt:

**Turn off the ignition**  
Never leave your car running unattended

**Keep your vehicle & tires in good condition**  
to prevent breakdowns—stranding you in a dark or unfamiliar place

**Lock your doors**  
when you get in your car

**See something, say something**  
If you see a motorist in distress, call 9-1-1 versus stopping to help

**Clear your trunk**  
and take your valuables with you every time you leave your car

**If you are being followed,**  
drive to the nearest police or fire station—a populated area is a good default

# SFPD Community Survey

The San Francisco Police Department is committed to excellence in law enforcement and is dedicated to the people, traditions and diversity of our City. Our mission is to provide service with understanding, response with compassion, performance with integrity and law enforcement with vision.

As part of our ongoing outreach to engage with the community and measure our success, the Department has created a community survey link to obtain valuable community feedback for our community events and programs, which will assist the Department in the development of our strategies to meet the needs of the community. If you have recently attended or participated in an event or program hosted by the Department (such as Coffee with a Cop, National Night Out, ALERT program, Youth Summer program, Community Academy or Town Hall Meeting), and have feedback regarding the event or program you attended, please take some time to fill out our community survey.

The Department has also developed a Foot Beat/Bike Patrol survey to gather valuable community feedback on the effectiveness of the Foot Beat/Bicycle Patrol, as it relates to community policing and crime strategies and an Implicit Bias survey to measure progress in the Department's commitment to impartial policing and procedural justice. Please take the time to fill out the Foot Beat/Bicycle and Implicit Bias surveys. If you have already filled out a survey, thank you! Your response will help SFPD better serve our City and continue to support our community through Safety with Respect.

To take our surveys, please visit: <https://www.sanfranciscopolice.org/surveys>

## DEPARTMENT BULLETIN

A  
17-013  
01/18/2017

### **Rights and Responsibilities under California Whistleblower Laws** (Re-issue DB 12-028)

The existing Whistleblower Law (California Labor Code Section 1102.5, et seq.) prohibits employers from preventing an employee from disclosing violations of a state or federal statute, or a violation or noncompliance with a state or federal regulation to a government or law enforcement agency, or from retaliating against an employee who makes a disclosure. A violation is punishable as a misdemeanor.

The law extends protections to employees who report a violation of a state or federal statute, or a violation of or noncompliance with a state or federal rule or regulation, or who exercised these rights in former employment.

The law prohibits an employer from retaliating against an employee for exercising any of these rights, including those provided under existing law, provides an additional civil penalty for violations, and establishes the evidentiary burdens of the parties participating in a civil action or administrative hearing involving an alleged violation.

The law also established a "Whistleblower Hotline" within the Attorney General's office. The Hotline Number is 1-800-952-5665. Calls made to the hotline will be reviewed and forwarded to the appropriate government authority.
