The San Francisco Police Department is committed to excellence in law enforcement and is dedicated to the people, traditions and diversity of our City. Our mission is to provide service with understanding, response with compassion, performance with integrity and law enforcement with vision.

As part of our ongoing outreach to engage with the community and measure our success, the Department has created a community survey link to obtain valuable community feedback for our community events and programs, which will assist the Department in the development of our strategies to meet the needs of the community. If you have recently attended or participated in an event or program hosted by the Department (such as Coffee with a Cop, National Night Out, ALERT program, Youth Summer program, Community Academy or Town Hall Meeting), and have feedback regarding the event or program you attended, please take some time to fill out our community survey.

The Department has also developed a Foot Beat/Bike Patrol survey to gather valuable community feedback on the effectiveness of the Foot Beat/Bicycle Patrol, as it relates to community policing and crime strategies and an Implicit Bias survey to measure progress in the Department's commitment to impartial policing and procedural justice. Please take the time to fill out the Foot Beat/Bicycle and Implicit Bias surveys. If you have already filled out a survey, thank you! Your response will help SFPD better serve our City and continue to support our community through Safety with Respect.

### Rewards Offered for Info Convicting Auto Burglary Fencing Operators

On Oct. 19, Mayor London Breed informed the community about a privately funded cash reward being offered for info leading to the arrest and conviction of people involved in organized criminal fencing operations behind many vehicle smash-and-grabs.

The new initiative is an essential part of an overall auto burglary strategy that looks to educate motorists and visitors; deter, investigate and arrest auto burglars; and cease the criminal enterprises that traffic in stolen goods and propel street-level auto burglaries, per the mayor's office. San Francisco Police Department (SFPD) investigations and those of partner Northern California regional law enforcement agencies point to less than a dozen auto burglary crews being responsible for most of the auto burglaries that have beset Bay Area cities of late.

"The frequent auto burglaries in San Francisco are not victimless crimes, they have real financial and emotional consequences for the victims and we're continuing to work to hold people who commit these crimes accountable," said Mayor Breed. She added that the break-ins "hurt our residents, especially working families who do not have the time or money to deal with the effects, as well as visitors to our City whose experiences are too often tarnished after an otherwise positive experience."

The mayor thanked the private sector partners for understanding "the urgency of this issue" and offered a stern warning to the organized groups responsible for the majority of these crimes "that we are committing the resources and the manpower to hold you accountable."

Private donors in the hospitality and tourism industry are funding the new cash reward system, which the mayor's office said will offer monetary incentives in exchange for info re: the leaders of organized auto burglary fencing operations. Those providing "accurate and transparent info" will be compensated up to \$100,000 pending the arrest and conviction of individuals involved; in all more than \$225,000 in funding has been raised to date, said the mayor's office.

"Organized crime has been driving a lot of the theft in this city," said Sharky Laguana, president of the Small Business Commission. "The people at the top have been raking in huge sums of money by paying street-level criminals to do all their stealing for them, making working families miserable in the process. This initiative is going to help us take these rings apart."

### **Rewards Offered for Info Convicting Auto Burglary Fencing Operators**

Throughout recent months, Mayor Breed has announced the strategic deployments of police and community-based ambassadors to, in part, deter property crimes—including auto burglaries—anticipated to accompany renewed economic activity as the city reemerges from pandemic restrictions.

Announced this summer, the mayor’s Tourism Deployment Plan added 26 police officers on bike and foot patrols to high-traffic and highly sought-after travel destinations throughout the city, per the mayor’s office. Officer and community-based partner deployments were also part of the mayor’s Mid-Market Vibrancy and Safety Plan and Organized Retail Crime Initiative.

According to Mayor Breed’s office, “The combined emphasis on high-visibility patrols in areas long targeted by auto burglars has been instrumental in reducing auto burglary rates—even as tourism and economic activity begin returning to pre-pandemic levels.”

In unison with the mayor’s efforts, the SFPD has also doubled down on its “Park Smart” public awareness campaign in recent months—a collaboration between the department, SF SAFE, the San Francisco Municipal Transportation Agency, the Department of Emergency Management, the Fisherman’s Wharf Community Benefit District and local tourism and travel partners.

SFPD CompStat data for the week ending Oct. 17, 2021, show that a total of 358 auto break-ins were committed in San Francisco, which is a drop of 37 percent from the July 4 holiday, said the mayor’s office, pointing to the success of the Tourism Deployment Plan to date.

Those with info are asked to call the SFPD Tip Line at (415) 575-4444 or Text a Tip to TIP411 and begin the text message with “SFPD.” Although callers may remain anonymous, eligibility for rewards for information leading to arrests and convictions of offenders requires individuals to identify themselves to SFPD investigators.

## Addressing Crime / Safety tips

With the Covid-19 restrictions lifting in phases and many of us are starting to venture out again, here are some Package Theft Prevention Guide from SFSafe to help prevent your packages from being stolen.

# PACKAGE THEFT PREVENTION GUIDE

### ☛ WON'T BE HOME?

Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

### ☛ CUSTOMIZE DELIVERIES

Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

### ☛ USE SPECIAL SERVICES

Use USPS special services like *Signature Confirmation* or *Registered Mail* to add a layer of security.

### ☛ DELIVER TO SECURE LOCATIONS

Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

### ☛ REQUEST NONDESCRIPT PACKAGING

When completing your online order, opt for packaging that conceals the item or select the 'gift' option to ensure package arrives in a plain box especially when ordering from a high-end store.

### ☛ USE MODERN ALTERNATIVES

Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.

### ☛ NETWORK WITH NEIGHBORS

Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

### ☛ PORCH AREA VISIBILITY

Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.

# PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

## ALWAYS CLOSE YOUR GARAGE DOOR

This may seem obvious, but just drive through any residential neighborhood and you'll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.

## INSTALL MOTION-SENSITIVE LIGHTS

Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

## REINFORCE THE GLASS ON THE GARAGE DOOR

Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

## DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR

A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.

## INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK

When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

## TIE EMERGENCY RELEASE CORD

Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

## INSTALL SURVEILLANCE CAMERAS

There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.

## SECURE ANY VALUABLES

Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

## HAVE A QUALITY, FUNCTIONING GARAGE DOOR

Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

## INSTALL INTERIOR MAIL SLOT HOOD COVER

If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

# PREVENT GARAGE DOOR BREAK-INS

## ANATOMY OF A SAFE GARAGE

### Your home is only as safe as its weakest entry point.

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home's security system and safety measures.

### PREVENT THEFT FROM YOUR VEHICLE

Remember when parking your vehicle to ensure it is properly secured before walking away. Be sure that your windows are up, and your doors are locked. Thieves often check door handles to see if a car is unlocked. Remove all valuables from the inside of your car and take them with you. **PARK SMART!** Flyers available in English -Chinese - Spanish

## Safe Habits to Adopt:

### Turn off the ignition

Never leave your car running unattended

### Keep your vehicle & tires in good condition

to prevent breakdowns—stranding you in a dark or unfamiliar place

### Lock your doors

when you get in your car

### See something, say something

If you see a motorist in distress, call 9-1-1 versus stopping to help

### Clear your trunk

and take your valuables with you every time you leave your car

### If you are being followed,

drive to the nearest police or fire station—a populated area is a good default

### SHARING THE ROAD WITH CYCLISTS

When it comes to safely sharing the road with cyclists, it's paramount for drivers to learn how to coexist.

#### ➔ Share the Road

When out and about, drivers need to be ever-mindful of sharing the road with cyclists.

#### ➔ Follow the 3 Foot Rule

Maintain a distance of 36 inches from cyclists whenever passing them. If possible, keep an even wider berth if there's bad weather or if in a higher speed limit zone.

#### ➔ Be Cautious with Kids

Kids can be unpredictable since their motor skills and decision-making faculties aren't fully developed. Be on alert when driving near schools and residential areas.

#### ➔ Stay Off the Horn

Sudden honking might startle a cyclist and can cause them to swerve into traffic or off the road.

#### ➔ Mind Your Blind Spots

Drivers should double-check their mirrors when changing lanes, making turns, and especially before opening their car door after parking.

#### ➔ Be Patient

Don't tailgate a cyclist. When you need to pass one, patiently wait until it's safe to do so.

# Summaries of Supreme Courts Case Laws

(released every 3 months-First week January, April, July, October)

## **Kansas v. Glover (2020) 140 S.Ct. 1183.**

A Kansas deputy sheriff ran a license plate check on a truck and discovered that the registered owner had a revoked driver's license. The deputy assumed the registered owner was driving the vehicle and pulled it over. The registered owner, Glover, was in fact driving and charged with being a habitual offender. Thereafter, Glover moved to suppress the evidence, claiming that the deputy lacked reasonable suspicion to detain him.

The United States Supreme Court held that, "when the officer lacks information negating an inference that the owner is the driver of the vehicle, the stop is reasonable." The Court noted that the Fourth Amendment permits an officer to detain an individual when that officer has a "particularized and objective basis for suspecting the particular person stopped of criminal activity." Officers must be permitted to make commonsense judgments and inferences regarding human behavior. The Court found that prior to pulling the vehicle over, the deputy observed an individual operating the vehicle, he knew the registered owner had a revoked license, and the model of the vehicle matched what he observed. From these facts the deputy drew the commonsense inference that the driver was the registered owner and the Court found that provided more than reasonable suspicion to initiate the traffic stop.

## **People v. Henderson (2020) 9 Cal.5th 1013**

Henderson was convicted of first degree murder with special circumstances, the personal use of a deadly weapon, and sentenced to death which triggered an automatic appeal to the California Supreme Court. Following his arrest, and during a custodial interrogation, Henderson initially waived his Miranda rights. When asked if he was present at the scene of the crime, Henderson stated, "Uhm, there's some things that I, uhm, want uh ..." He was again asked if he was present and Henderson continued, "[want] uh, want to speak to an attorney first, because I, I take responsibility for me, but there's other people that..."

Under established Miranda law, officers must terminate a custodial interrogation of a suspect when that individual invokes their right to counsel or to be silent. That being said, "various cases have held that a suspect's use of equivocal words or phrases does not constitute a clear request for counsel." A suspect must unambiguously assert his right to counsel or to remain silent. Courts objectively look to whether the suspect expressed their desire for counsel with sufficient clarity "that a reasonable police officer in the circumstances would understand the statement to be a request for an attorney." Courts have found the following statements to be equivocal and not an invocation: "maybe I should talk to a lawyer;" "[i]f you can bring me a lawyer;" "I think it'd probably be a good idea for me to get an attorney." In this case the court found that by stating, "[I] want to, speak to an attorney first," Henderson did not use equivocal language and the California Supreme Court found this was a violation of the Fifth Amendment.

### **San Francisco Police Officers Make Arrests in Robbery and Shooting Incident, and Arrest Suspect in Possession of Firearms**

*Officers serve search warrants that result in four felony arrests, the seizure of several firearms, and narcotics.*

On Friday May 28, 2021, at approximately 4:15 p.m., San Francisco Police officers from Ingleside Station responded to the 3700 block of Mission Street regarding an armed robbery. Officers met with the 41-year-old male victim who said he parked his car on Mission Street and got out. The victim was approached by two black male suspects who pointed firearms at him. Following a brief struggle, the victim fell to the ground. One suspect took the victim's watch. Both suspects got into a vehicle and fled the scene. Investigators from the SFPD Robbery Detail took over the investigation and identified one of the suspects as 19-year-old Robert Garcia of San Francisco.

## CPAB— Project updates

(provided monthly 1st week)

September 2021

Community Police Advisory Board (CPAB) “CPABs” are community-oriented police advisory boards for each police district. Each CPAB, led by the District Captain for that police district, is comprised of approximately 10 to 15 committed volunteer community members and a representative from the Community Engagement Division of the SFPD. District Captains may choose more members if they wish to accomplish specific tasks. Each district’s Board members live and/or work in the communities within that district, where a community may be either a neighborhood with specific needs or a specific demographic. Each member thus represents the diversity of their community. In addition to the district CPABs, there will also be a City-wide CPAB Steering Committee facilitated by SF Safety Awareness For Everyone (SAFE). Two representatives from each Community Police Advisory Board shall be selected to participate in this Committee, with the purpose of sharing information across districts.

Captain Falvey held his monthly CPAB meeting on 07/18. Time was spent discussing upcoming community events including National Night Out which is to be held August 3rd.
