San Francisco Police Are Seeking Public Assistance in Locating Sexual Battery and Mayhem Suspect 22-006

JANUARY 10, 2022 | 5:29 PM

On Wednesday, January 5, 2022, at approximately 5:44 p.m. San Francisco Police Officers responded to Mansell St. and Visitacion Ave. regarding a report of a sexual assault that occurred at approximately 5:20 p.m. Officers arrived on scene but were unable to locate a victim or a possible crime scene during their investigation. Officers met with witnesses who stated that they were walking in the area when they heard a female yelling. As the witnesses turned their attention to the sounds they saw a screaming elderly female being pinned down on the ground by a male. The male saw the witnesses and turned his attention toward them. The male got off the female and fled the scene. The witnesses also fled the scene in fear for their safety and called the police in their home, but they did not see what happened to the female victim.

At approximately 6:30 p.m. the officers were notified by headquarters that an assault victim walked into a local hospital who stated that they were attacked near McLaren Park. Officers responded to the hospital to meet with the victim who may have been the female in the assault described above. Officers met with a 71-year-old female victim who was being treated for lacerations. The victim stated on January 5, 2022, at approximately 5:00 p.m. she was walking by herself at Campbell and Visitacion Avenues when she was approached by a male who was hiding in the bushes. The suspect threw the victim to the ground and got on top of her. The suspect proceeded to assault the victim in a sexual manner. The victim attempted to free herself from the suspect, but she could not overcome the suspect's hold. While the suspect pinned the victim to the ground, he bit her causing severe injuries to her face. During the assault, the victim heard voices scream out. The suspect then got off the victim and fled the scene. The victim got up and made her way to Visitacion Ave. where she flagged down a good Samaritan driving a vehicle. With the help of the good Samaritan, the victim called her husband who arrived and immediately drove her to the hospital.

The suspect is described as a Latinx or other race male with a light complexion, possibly in his mid-20's, approximately 5'7" tall, stocky upper body with thin legs, approximately 200 lbs., dark hair in a "bowl cut" style. The suspect may have an awkward gate as if pigeon-toed or with a disability and was last seen wearing a khaki or gray jacket or sweater and blue pants.

The investigation is being led by the SFPD Special Victims Unit (SVU) and is seeking the community's assistance in identifying and locating the suspect. A sketch rendering of the suspect accompanies this news release.

Anyone with information regarding this case is asked to contact the San Francisco Police Department SFPD 24-hour-tip line at 1-415-575-4444, or Text a Tip to TIP411 and begin the message with SFPD. You may remain anonymous.

San Francisco Police Recover Stolen French Bulldog 22-005

JANUARY 06, 2022 | 11:10 AM

On Saturday, January 1, 2022 at approximately 10:05 a.m., SFPD officers responded to Broderick and Beach Streets regarding a robbery of a French Bulldog female puppy named "Rosie." The victim was walking the dog when a suspect exited a vehicle, approached the victim and grabbed the leash. The suspect pulled on the leash and dragged Rosie into the vehicle and fled the scene.

On Monday, January 3, 2022, a person from the Sacramento area, reported to the SFPD Tip Line that he saw stories on social media about the robbery after he purchased Rosie in Sacramento. The SFPD investigator confirmed the dog was Rosie and responded to the Sacramento area to retrieve Rosie. The investigator reunited Rosie with her owner. Rosie appeared in good health although the purchaser said Rosie had not eaten much. A photo of the reunion accompanies this news release.

On Monday, January 3, 2022, a Contra Costa County Sherriff Deputy located the suspect vehicle, which is a Chrysler 4-door sedan, in San Pablo, CA. The vehicle was being driven by an adult male who was detained. At this stage of the investigation, the driver was not determined to be the robbery suspect. The vehicle was towed to SFPD Crime Scene Investigations to process it for possible evidence. No arrests have been made.

Anyone with information is asked to call the SFPD Tip Line at [1-415-575-4444](tel:1-415-575-4444) or Text a Tip to [TIP411](text:TIP411) and begin the text message with SFPD. You may remain anonymous.

San Francisco Police Make Arrest in Bank Robbery Series 22-004

JANUARY 05, 2022 | 3:02 PM

Beginning on October 20, 2021, a series of bank robberies occurred in the City of San Francisco. The robberies followed a similar modus operandi (M.O) in which the suspect would enter a bank, hand a teller a threatening note, and demand money. In some of the incidents, the suspect would brandish a firearm at the tellers. In all instances, the tellers complied and provided the suspect with money. The suspect would then flee the bank. The bank robberies occurred at the following locations on the following dates:

- October 20, 2021, on the 500 block of Buckingham Way
- October 29, 2021, on the 2100 block of Fillmore Street
- November 5, 2021, on the 1500 block of Van Ness Avenue
- November 15, 2021, on the 4600 block of Mission Street
- November 18, 2021, on the 1000 block of Taraval Street
- November 23, 2021, on the 1100 block of Ocean Avenue
- November 29, 2021, on the 4000 block of 24th Street

The investigation was led by members of the SFPD Robbery Detail. Investigators developed information that led to the identity of the two suspects; 50-year-old Ray Farr and 57-year-old Bryan Alexander, both of San Francisco.

On Wednesday, December 29, 2021, members of the SFPD Investigations Bureau and Tactical Units served a warrant for the arrest of Farr on the 1800 block of Embarcadero in Oakland. Farr was located in a parking lot where, following a brief foot pursuit, was taken into custody. During the foot pursuit, a loaded semi-automatic firearm fell from his person. Officers later located and secured the firearm. Investigators served a search warrant on Farr's hotel room and vehicle where they located several items of evidence connecting him to the bank robberies including thousands of dollars in cash and distinctive clothing.

While investigators were serving the warrants on Farr, other members of the SFPD Investigations Bureau located Alexander on the 500 block of 3rd Street in Oakland. Alexander was taken into custody without incident. Investigators served a search warrant on Alexander's vehicle and his residence on the 1300 block of Magnolia Street where they located several items of evidence connecting him to the bank robberies including thousands of dollars in cash and distinctive clothing.

Farr and Alexander were later transported to San Francisco County Jail and booked. Farr was booked on seven counts of robbery (211, 1st Degree PC), seven counts of burglary (459 PC), felon in possession of a firearm (29800(a)(1) PC), carrying a loaded firearm in a vehicle (25850(a) PC), carrying a concealed firearm (25400(a)(1) PC), parole violation (3056 PC), and multiple narcotics violations. Alexander was booked on five counts of robbery (211, 1st Degree PC), five counts of burglary (459 PC), conspiracy (182 PC), and parole violation (3056 PC).

In addition to the several bank robberies that occurred in San Francisco, Farr and Alexander are believed to be connected to other bank robberies in the Bay Area.

SF SAFE CITY CAMERA PROGRAM

Through the SF SAFE City Camera Program, we address public safety needs and help reduce crime through collaboration.

By partnering with community stakeholders, such as local merchant associations, businesses, and community residents from San Francisco's high trafficked neighborhoods, commercial corridors, and our City government, we identify specific needs, install public safety cameras and create, develop, and implement safety plans with a meaningful community-led and community-driven process.

Through this program, SF SAFE targets high-risk and high-traffic city blocks comprising about 20-30 businesses or residential areas for the installation of high definition security cameras and surveillance technology. Typically, a coverage area of about 18-24 camera views per corridor is provided. Camera installation projects for commercial corridors take about 12 weeks from start to finish and encompass outreach, assessment, mapping and system installation. We work with technology vendors as the technology solutions and data privacy provider for this program, accountable to the most stringent level of self-imposed policy standards.

In addition to the security cameras acting as a visible crime deterrent, the footage is an extraordinary tool in assisting businesses and community members in the investigation of criminal activity if/when any occur. This program levels the playing field, holding all involved accountable, creating an equitable and true evidence chain for investigators and public defenders alike, as an innovative alternative policing tool empowering communities to take ownership over their own public safety needs.

To learn more about the SF SAFE City Camera Program, email sfsafecitycameraprogram@sfsafe.org.

PREVENT GARAGE DOOR BREAK-INS

ANATOMY OF A SAFE GARAGE

Your home is only as safe as its weakest entry point.

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home's security system and safety measures.

For more information, please contact SF SAFE at (415) 553-1984 or visit sfsafe.org.

PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

ALWAYS CLOSE YOUR GARAGE DOOR

This may seem obvious, but just drive through any residential neighborhood and you'll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.

INSTALL MOTION-SENSITIVE LIGHTS

Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

REINFORCE THE GLASS ON THE GARAGE DOOR

Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR

A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.

INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK

When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

TIE EMERGENCY RELEASE CORD

Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

INSTALL SURVEILLANCE CAMERAS

There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.

SECURE ANY VALUABLES

Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

HAVE A QUALITY, FUNCTIONING GARAGE DOOR

Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

INSTALL INTERIOR MAIL SLOT HOOD COVER

If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

For additional information, please contact SF SAFE at (415) 553-1984 or visit sfsafe.org

With the Covid-19 restrictions lifting in phases and many of us are starting to venture out again, here are some Package Theft Prevention Guide from SFSafe to help prevent your packages from being stolen.

PACKAGE THEFT PREVENTION GUIDE

WON'T BE HOME?

Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

USE SPECIAL SERVICES

Use USPS special services like *Signature Confirmation* or *Registered Mail* to add a layer of security.

REQUEST NONDESCRIPT PACKAGING

When completing your online order, opt for packaging that conceals the item or select the 'gift' option to ensure package arrives in a plain box especially when ordering from a high-end store.

NETWORK WITH NEIGHBORS

Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

PORCH AREA VISIBILITY

Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.

CUSTOMIZE DELIVERIES

Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

DELIVER TO SECURE LOCATIONS

Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

USE MODERN ALTERNATIVES

Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.
