### January 10, 2021 - January 30, 2022

Hello Community Members and Merchants,

I am excited and honored at the opportunity to be the Commanding Officer of Taraval Station. I was born and raised in San Francisco and graduated from George Washington High School. I earned an Associate of Science degree in Administration of Justice from City College of San Francisco and a Bachelor of Science degree in Public Administration from the University of San Francisco. I graduated from the San Francisco Police Academy in April of 1995 and worked at Northern Station, Richmond Station, Ingleside Station, Southern Station and the Tactical SWAT team. I was promoted to Sergeant in 2001, and worked at Tenderloin Station, Taraval Station, the Robbery Detail, Park Station, Mission Station, and Bayview Station. I was promoted to Lieutenant in 2006 and worked at Tenderloin Station, Southern Station, Ingleside Station, and in the Legal Division. After my promotion to captain in 2012, I worked at Richmond Station, Night Captain, Homeland Security Unit, Crime Information Services Division, and at the Airport Bureau as both the Traffic Captain and Patrol Captain. In my spare time I enjoy running, working out, and hiking with my family. I look forward to working with the entire Taraval Station Community and all stakeholders to address public safety concerns in our district.

## San Francisco Police Safety Tips for Lunar New Year Festivities 22-015

FEBRUARY 01, 2022 | 5:19 PM

Gung Hay Fat Choy! The 2022 San Francisco Chinese New Year Parade will be held on **Saturday, February 19, 2022**, to celebrate the year of the Tiger. The parade, begun in the 1860s as a means to educate the community about Chinese culture, is the largest such lunar year celebration in the country and one of San Francisco's most popular and well-attended events.

With large crowds expected, including guests from all over the world, public safety is the San Francisco Police Department's number one priority. There will be a significant police presence during Lunar New Year activities, with both uniformed and plainclothes officers on duty to monitor public events. As with any large event, safety is everyone's responsibility, including participants, organizers, security staff, and law enforcement.

Lunar New Year celebrants can help avoid becoming a victim of a crime by keeping in mind the following safety tips:

- The festivities are about celebrating community. Look out for each other and report any suspicious persons or activity to event staff or a police officer. A good adage is, "If you see something, say something." In an emergency, call [9-1-1](tel:911). To provide an anonymous tip, call the SFPD Anonymous Tip Line at [1-415-575-4444](tel:14155754444).
- Stay informed by signing up for emergency text message alerts by texting the word AlertSF to [888-777](tel:888777). AlertSF allows us to notify you of emergencies in San Francisco.
- Keep your friends close and your drinks closer. Don't accept drinks from strangers. Drink responsibly and don't drink and drive- always use a designated driver.
- The San Francisco Bay Area has a host of public transit options that will get you to, from and around Lunar New Year events.
- If you drive to the festivities, remember to "Park Smart!" Take your valuables with you- don't leave them inside your car.
- Maintain possession of your cell phone, wallet and other valuables.
- There is safety in numbers. Stay with a group when on the street or leaving bars and clubs. Be cautious about leaving a bar or club with a stranger. A rule of thumb is that if you feel "unsure" about someone, rely on that instinct and do not go with that person.

San Francisco Police also urge all members of the Chinese community to be suspicious of strangers claiming to provide relief from a curse or illness or those who provide "purification" ceremonies in which cash and valuable items must be offered as part of the process.

Visit our Lunar New Year Safety webpage at [Sanfranciscopolice.org/lunarnewyear](http://Sanfranciscopolice.org/lunarnewyear) for videos on ways to protect yourself from a scam and information on reporting resources available to scam victims.

Anyone who is confronted by scammers or anyone who knows of an elder who was approached by scammers is strongly advised to contact police. Reports can be made at any SFPD District Station or by calling Dispatch at [1-415-553-0123](tel:14155530123) and requesting an officer to take a report.

Cantonese or Mandarin speakers can leave tips on a special tip line by calling [1-415-558-5588](tel:14155585588). Information can also be called into the Anonymous Tip Line at [1-415-575-4444](tel:14155754444) or via Text a Tip by texting a message to [TIP411](text:TIP411) and beginning the message with SFPD.

## CRIME PREVENTION TIPS FOR BURGLARY

Emergency  
Phone 9-1-1

Non-Emergency  
Phone 415-553-0123

City Service Center  
Phone 3-1-1

- Never leave your home doors unlocked or open. Use dead bolt locks, they are a great deterrent to burglars.
- When you leave, close and lock your windows. Many burglars enter homes and apartments through open windows. Windows on or near fire escapes should remain locked.
- Don't "buzz" strangers in. Don't permit unexpected utility workers, deliverymen, or strangers into your home. Ask them for their I.D. and phone number to their office. Call 911 if you are not sure of their identity. Call the police to report suspicious activity.
- Give your home or apartment an "occupied look." Lights or a radio on automatic times may help deter burglars. Bright motion activated lights are a good deterrent as well.
- Install security cameras or burglar alarms. Most are DIY with easy installation and are assessable with an app on your smart phone.
- If you park your car inside your garage, lock the car doors. Burglars will steal garage door openers and come back when you are not home.
- Trim shrubs and branches away from doors and windows for better visibility.

## CRIME PREVENTION TIPS FOR ROBBERY

Emergency  
Phone 9-1-1

Non-Emergency  
Phone 415-553-0123

City Service Center  
Phone 3-1-1

- Trust your instincts. If you sense trouble, get away as soon as possible.
- Show confidence. Walk at a steady pace, keep your head up and avoid carrying lots of packages...It can make you look defenseless.
- Don't look like an easy target. Robbers want someone who will provide the least resistance. If you look like you know where you are going, walk with your head up and eyes alert, you will most likely be left alone.
- Be observant.
- Remain alert and observe the people around you. Know who is walking behind and in front of you. Things to watch for include suspicious persons, people just loitering around or vehicles.
- Be aware of your surroundings. If you think you are being followed, go to a crowded area.
- Walk in well-lit areas. If possible, do not walk alone.
- Do not carry large amounts of money.
- Carry keys in your hand.

## SF SAFE CITY CAMERA PROGRAM

Through the SF SAFE City Camera Program, we address public safety needs and help reduce crime through collaboration.

By partnering with community stakeholders, such as local merchant associations, businesses, and community residents from San Francisco's high trafficked neighborhoods, commercial corridors, and our City government, we identify specific needs, install public safety cameras and create, develop, and implement safety plans with a meaningful community-led and community-driven process.

Through this program, SF SAFE targets high-risk and high-traffic city blocks comprising about 20-30 businesses or residential areas for the installation of high definition security cameras and surveillance technology. Typically, a coverage area of about 18-24 camera views per corridor is provided. Camera installation projects for commercial corridors take about 12 weeks from start to finish and encompass outreach, assessment, mapping and system installation. We work with technology vendors as the technology solutions and data privacy provider for this program, accountable to the most stringent level of self-imposed policy standards.

In addition to the security cameras acting as a visible crime deterrent, the footage is an extraordinary tool in assisting businesses and community members in the investigation of criminal activity if/when any occur. This program levels the playing field, holding all involved accountable, creating an equitable and true evidence chain for investigators and public defenders alike, as an innovative alternative policing tool empowering communities to take ownership over their own public safety needs.

To learn more about the SF SAFE City Camera Program, email [sfsafecitycameraprogram@sfsafe.org](mailto:sfsafecitycameraprogram@sfsafe.org).

# PREVENT GARAGE DOOR BREAK-INS

## ANATOMY OF A SAFE GARAGE

### Your home is only as safe as its weakest entry point.

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home's security system and safety measures.

For more information, please contact SF SAFE at (415) 553-1984 or visit [sfsafe.org](http://sfsafe.org).

## PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

### ALWAYS CLOSE YOUR GARAGE DOOR

This may seem obvious, but just drive through any residential neighborhood and you'll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.

### INSTALL MOTION-SENSITIVE LIGHTS

Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

### REINFORCE THE GLASS ON THE GARAGE DOOR

Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

### DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR

A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.

### INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK

When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

### TIE EMERGENCY RELEASE CORD

Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

### INSTALL SURVEILLANCE CAMERAS

There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.

### SECURE ANY VALUABLES

Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

### HAVE A QUALITY, FUNCTIONING GARAGE DOOR

Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

### INSTALL INTERIOR MAIL SLOT HOOD COVER

If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

For additional information, please contact SF SAFE at (415) 553-1984 or visit [sfsafe.org](http://sfsafe.org)

With the Covid-19 restrictions lifting in phases and many of us are starting to venture out again, here are some Package Theft Prevention Guide from SFSafe to help prevent your packages from being stolen.

## PACKAGE THEFT PREVENTION GUIDE

### ✉️ **WON'T BE HOME?**

Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

### ✉️ **USE SPECIAL SERVICES**

Use USPS special services like *Signature Confirmation* or *Registered Mail* to add a layer of security.

### ✉️ **REQUEST NONDESCRIPT PACKAGING**

When completing your online order, opt for packaging that conceals the item or select the 'gift' option to ensure package arrives in a plain box especially when ordering from a high-end store.

### ✉️ **NETWORK WITH NEIGHBORS**

Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

### ✉️ **PORCH AREA VISIBILITY**

Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.

### ✉️ **CUSTOMIZE DELIVERIES**

Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

### ✉️ **DELIVER TO SECURE LOCATIONS**

Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

### ✉️ **USE MODERN ALTERNATIVES**

Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.
