Northern District,

Last week one of Northern District's prominent community leaders, James Spingola, was attacked and severely injured. Mr. Spingola is the director of the Ella Hill Hutch Community Center, and he oversees several programs that ensure children and young adults of San Francisco have an opportunity to learn and thrive in a safe environment.

While Mr. Spingola conducted a routine check of the community center, he noticed two subjects had climbed a fence and were trespassing on Ella Hill Hutch Community Center grounds. Mr. Spingola asked them to leave, and they took it upon themselves to attack and injure him. Thankfully, a few employees of Ella Hill Hutch were close by and able to hold down one of the subjects and call 9-1-1. Our Northern Station Officers arrived quickly and were able to place the one subject under arrest, but unfortunately the other person was able to evade arrest by fleeing the scene.

The San Francisco Police Departments Investigative Division proceeded to investigate and obtain footage of the other suspect and disseminate their photograph. Just yesterday, the suspect returned to the area and members of the community recognized them and they were able to wave down officers. Several Northern Station Officers were able to place the suspect in handcuffs even though they resisted arrest.

This case is the perfect example of the community working in tandem with the San Francisco Police Department.

Respectfully,
Captain Derrick Jackson

SFPD Arrest Prolific Retail Burglary Suspect

On July 14, 2022, at approximately 8:32 a.m. San Francisco Police Department officers from Northern Station responded to a retail store located at Haight and Fillmore Streets regarding a burglary that just occurred. Officers arrived on scene and spoke with the store employee who stated that the suspect entered the store with his own plastic trash bag and took dozens of items of over-the-counter medications, clothing, and cosmetics totaling in value of approximately \$1,500. The suspect fled the scene on a bicycle on Fillmore Street. Officers searched the area for the suspect to no avail.

On July 16, 2022, at approximately 11:00 a.m. SFPD officers from Northern Station responded to the same retail store located at Haight and Fillmore Streets regarding a burglary suspect that entered the store. One officer arrived on scene and was familiar with the suspect from the most recent burglary (listed above), prior burglary investigations at this same location, and his prior contacts with other officers. The officer was alerted by a store employee that the male suspect just exited and was on the corner of Haight and Fillmore Streets. The officer observed the suspect mount a bicycle with a large plastic trash bag and began to ride away. The officer approached the suspect with his vehicle and ordered the suspect to stop, to which he complied. PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

ALWAYS CLOSE YOUR GARAGE DOOR

This may seem obvious, but just drive through any residential neighborhood and you'll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.

INSTALL MOTION-SENSITIVE LIGHTS

Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

REINFORCE THE GLASS ON THE GARAGE DOOR

Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR

A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.

INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK

When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

TIE EMERGENCY RELEASE CORD

Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

INSTALL SURVEILLANCE CAMERAS

There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.

SECURE ANY VALUABLES

Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

HAVE A QUALITY, FUNCTIONING GARAGE DOOR

Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

INSTALL INTERIOR MAIL SLOT HOOD COVER

If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

For additional information, please contact SF SAFE at (415) 553-1984 or visit sfSAFE.org

PREVENT GARAGE DOOR BREAK-INS

ANATOMY OF A SAFE GARAGE

Your home is only as safe as its weakest entry point.

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home's security system and safety measures.

For more information, please contact SF SAFE at (415) 553-1984 or visit sfsafe.org.
