Captain's Message

Captain Jack Hart
Commanding Officer
Park Station

Hello Park District Residents,

Just six years into the turn of the 20th Century and Charles and Georgia King had their first son, Charles Jr., in a San Francisco hospital. The celebration was dampened because of a serious bleeding complication which required Georgia's hospitalization for several weeks. After determining the cause of the problem, the doctor informed the family that Georgia would need to be sterilized as any future childbirths would likely kill her. Since Georgia's father was a prominent physician (that named the town of Santa Maria and whose main street is named "Miller Avenue" after him), she resigned herself to her fate. Suddenly, the great quake of 1906 struck. The brick chimney collapsed in the middle of her ward. Weak and anemic, she stood from her hospital bed, collected her three-week-old son, and walked down Market Steet to the Ferry Building, where they boarded a ferry and spent the following three weeks in the town of Alameda waiting for the fires to be extinguished and the dust to settle. Charles King, a cable car operator at the time, didn't know if they had survived the hospital collapse and where they went thereafter. From that date, he went on to join the San Francisco Police Department. Since the sterilization never happened, they went on to have a second son, and then a third. Their fourth died at 2 years old. They then had two miscarriages; then they had my grandmother. If it wasn't for the great quake of 1906, I wouldn't be here.

As a fourth generation San Franciscan, I am humbled, excited, and grateful to be assigned to Park Station. While this is my first time working at Park Station, I am bringing 23 years of experience, (including the past 6 as a captain), and prior station experience from Ingleside Station. Park's officers, sergeants, and lieutenants have brought me up to speed with crime trends, community events, and neighborhood issues, so I'm ready to amplify our Station's efforts in partnering with you, our neighbors, our merchants, our community-based organizations, and leveraging our City's resources to address your concerns, issues, and challenges. You will find me responsible, responsive, and accountable—in short, if you ever thought to yourself "I wish I knew someone in the Police Department" to be a resource for you and your family, please don't hesitate to reach out to me (jack.hart@sfgov.org) and my staff (sfpdparkstation@sfgov.org).

I look forward to meeting you virtually at Park Station's virtual community meeting scheduled for July 27th at 6:30PM, in-person at our National Night Out on August 2nd from 5-7PM at Duboce Park and the adjacent Harvey Milk Recreational Arts Center, or when our paths cross in the very near future!

Best regards, Captain Jack Hart

There are two Department General Orders (DGOs) regarding how to file a complaint against sworn and non-sworn members of the SFPD ([DGO 2.04 Citizen Complaints against Officers](#), [DGO 2.05 Citizen Complaints against Non-Sworn Members](#)). If you would like to file a complaint and have a question about to do so after reviewing the text of the DGOs, please contact any district station, where personnel will be happy to walk you through the process.
2. If you would like to [commend a police officer](#) for exemplary work, follow the hyperlink and choose the option that best suits your taste.

 - b. The DPA maintains [monthly statistical reports, quarterly, and annual reports](#) on its cases and their outcomes. The information is available on its [website](#).
4. If you are interested in reviewing the results of [quarterly Disciplinary Review Board reports](#) as presented to the Police Commission, the information is available on the Police Commission website.
5. On 08/21/2020 the SFPD re-affirmed its commitment to serve the community of San Francisco without bias by updating [DGO 5.17 Bias-Free Policing Policy](#). The SFPD is dedicated to guaranteeing that every person is afforded equal protection under the law. The SFPD's policy is one of the first to incorporate training on "bias by proxy," and explains the best practices to ensure that bias does not affect how its members interact with the community.

RESIDENTIAL SAFETY TIPS

Whether you live in a single family home, condo, or a large apartment complex in San Francisco, there are a number of ways you can keep your residence safe and secure. Working together as a community with your neighbors and building management can significantly improve your residential safety.

7 Residential Safety Tips

- 1 **Garage:** When entering or leaving the garage, watch to ensure door shuts completely. Lock stored bikes to a sturdy rack.
- 2 **Car:** Always lock your vehicle when parked in your garage and remove all valuables. Never leave garage door opener in your vehicle when parked outside your home.
- 3 **Spare Key:** Never hide spare keys. If you need to have a spare key available, leave it with a trusted neighbor.
- 4 **Door Buzzer:** When a visitor rings your bell, confirm who it is by intercom before you grant them access. Similarly, never let strangers follow you through the front door.
- 5 **Security Cameras & Alarm Systems:** Cost effective tools for preventing crime and identifying criminals.
- 6 **Light Timers:** Installing timers on the exterior of your residence is an effective and energy efficient way to deter criminal activity.
- 7 **Doors/Windows:** Always keep doors and windows locked.

Door and Window Safety

Doors:

- Should be made of solid wood or metal
- Have a single cylinder deadbolt lock and a 1-inch bolt
- Have a front door viewer or peep hole with a 180-degree range
- Clearly display unit number

Windows:

- Replace if glass is cracked and replace all damaged or missing locks
- Ground level windows should be burglary resistant: consider purchasing windows with reinforcement wire, laminate, or tempered glass
- Polycarbonate plastic or metal grates can be installed over existing ground level windows
- Windows above ground level are not considered secure: if used for ventilation, lock in position and keep open no more than 3 inches

Keep property in good repair. Maintain visibility to your neighbors for increased safety.

PACKAGE THEFT PREVENTION

PACKAGE THEFT PREVENTION GUIDE

One rarely falls in love without being as much attracted to what is interestingly wrong with someone as what is objectively healthy

❑ WON'T BE HOME?

Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

❑ USE SPECIAL SERVICES

Use USPS special services like *Signature Confirmation* or *Registered Mail* to add a layer of security.

❑ REQUEST NONDESCRIPT PACKAGING

When completing your online order, opt for packaging that conceals the item or select the 'gift' option to ensure package arrives in a plain box especially when ordering from a high-end store.

❑ NETWORK WITH NEIGHBORS

Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

❑ PORCH AREA VISIBILITY

Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.

❑ CUSTOMIZE DELIVERIES

Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

❑ DELIVER TO SECURE LOCATIONS

Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

❑ USE MODERN ALTERNATIVES

Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.

GARAGE DOOR BREAK-IN PREVENTION

PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

ALWAYS CLOSE YOUR GARAGE DOOR

This may seem obvious, but just drive through any residential neighborhood and you'll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.

INSTALL MOTION-SENSITIVE LIGHTS

Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

REINFORCE THE GLASS ON THE GARAGE DOOR

Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR

A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.

INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK

When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

TIE EMERGENCY RELEASE CORD

Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

INSTALL SURVEILLANCE CAMERAS

There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.

SECURE ANY VALUABLES

Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

HAVE A QUALITY, FUNCTIONING GARAGE DOOR

Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

INSTALL INTERIOR MAIL SLOT HOOD COVER

If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

GARAGE DOOR BREAK-IN PREVENTION

PREVENT GARAGE DOOR BREAK-INS

ANATOMY OF A SAFE GARAGE

Your home is only as safe as its weakest entry point.

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home's security system and safety measures.

BIKE INFORMATION

YOUR BIKE HAS BEEN STOLEN. NOW WHAT?

Here's what you should do next to increase your chances of recovering your bike:

➦ File a Police Report

- You can do this in one of three ways:
- Online at sanfranciscopolice.org/reports
 - Via phone by calling (415) 553-0123
 - In person by going directly to your district police station

➦ Call or Email SF SAFE

Give us a call so we can list your bike as stolen on our database. You can reach us at (415) 553-1984 or info@sfsafe.org.

➦ Register

If you haven't done so already, register your bike at nonprofit bike registry, bikeindex.org. If you are already registered, take action to flag your bike as stolen.

➦ Read Up

SF SAFE recommends ready "What to Do After Your Bike Has Been Stolen" on Medium. The article has a multitude of gems about where and how to post about your bike on social media to increase chances of recovering it.

➦ Create a Google Alert

By creating a Google alert for bikes being sold that match the make and model of your bike, you increase your chance of finding it.

➦ Don't Recover Your Bike Yourself

If you see your bike for sale on Craigslist or OfferUpNow.com, don't try to recover it yourself. Contact SFPD directly.

➦ Keep in Touch

If the police contact you to return your bike or if you recover it, please let us know! That way, SF SAFE can keep our files updated.

Visit www.sfsafe.org for more safety tips!

If you have any questions, please email safebikesf@sfsafe.org

SHARING THE ROAD WITH CYCLISTS

When it comes to safely sharing the road with cyclists, it's paramount for drivers to learn how to coexist.

➦ Share the Road

When out and about, drivers need to be ever-mindful of sharing the road with cyclists.

➦ Follow the 3 Foot Rule

Maintain a distance of 36 inches from cyclists whenever passing them. If possible, keep an even wider berth if there's bad weather or if in a higher speed limit zone.

➦ Be Cautious with Kids

Kids can be unpredictable since their motor skills and decision-making faculties aren't fully developed. Be on alert when driving near schools and residential areas.

➦ Stay Off the Horn

Sudden hoking might startle a cyclist and can cause them to swerve into traffic or off the road.

➦ Mind Your Blind Spots

Drivers should double-check their mirrors when changing lanes, making turns, and especially before opening their car door after parking.

➦ Be Patient

Don't tailgate a cyclist. When you need to pass one, patiently wait until it's safe to do so.

WHO AND WHEN TO CALL?

3-1-1: Please contact 3-1-1 when the issue is a not an emergency, yet requires City services or, if you simply have questions regarding City services. Non-emergency situations include the following examples: damage to public property, public trees that requires pruning, defective streets or sidewalks, homeless-related issues. 3-1-1 was developed to help the community inform the appropriate City agency regarding a service request.

SF 3-1-1 APP is available to use on your mobile device. Download the APP and its easy to use for many Non-emergency.

Non- Emergency San Francisco Dispatch Line: Please call the non- emergency dispatch line (**415-553-0123**) when the scenario does not need immediate response from the San Francisco Police Department. For example, if there is a loud party, a group of loud juveniles loitering in front of your residence, noise complaints, doubled parked vehicles, suspicious activities, or a homeless/nuisance related issue. **The non-emergency line is for situations that require the police, but do not require an immediate police response.**

9-1-1, please call 9-1-1 immediately if there is a police, fire, medical, or any other emergency. The purpose of San Francisco's 9-1-1 Emergency Telephone System is to provide the community an immediate response of police, fire, or medical personnel for emergency occurrences. To accomplish this, it is imperative that the calls received on the 9-1-1 line be restricted to those situations that require immediate dispatching of police, paramedic, or fire department personnel. For example, crimes or fires that are in-progress, or medical emergencies.

The San Francisco Police Department district station telephone numbers and emails are not monitored. Questions will be answered in the order we receive them. Station emails are not for making police reports nor for reporting a crime. If you need to make a police report, you can call 415-553-0123 or go to your district police station. **If you have an emergency, please call 9-1-1.**
