Happy Holidays!

Community Surveys:

The San Francisco Police Department is committed to excellence in law enforcement and is dedicated to the people, traditions and diversity of our City. Our mission is to provide service with understanding, response with compassion, performance with integrity and law enforcement with vision.

As part of our ongoing outreach to engage with the community and measure our success, the Department has created a community survey link to obtain valuable community feedback for our community events and programs, which will assist the Department in the development of our strategies to meet the needs of the community. If you have recently attended or participated in an event or program hosted by the Department (such as Coffee with a Cop, National Night Out, ALERT program, Youth Summer program, Community Academy or Town Hall Meeting), and have feedback regarding the event or program you attended, please take some time to fill out our community survey.

The Department has also developed a Foot Beat/Bike Patrol survey to gather valuable community feedback on the effectiveness of the Foot Beat/Bicycle Patrol, as it relates to community policing and crime strategies and an Implicit Bias survey to measure progress in the Department's commitment to impartial policing and procedural justice. Please take the time to fill out the Foot Beat/Bicycle and Implicit Bias surveys. If you have already filled out a survey, thank you! Your response will help SFPD better serve our City and continue to support our community through Safety with Respect.

Featured Officers of the Month

Gus and Duke

On Wednesday, December 14th, 2022, the San Francisco Police Department will swear in two new horses, Gus and Duke, as members of the Mounted Unit.

The swearing-in will take place at 10 a.m. at the Fred C. Egan Police Stables in Golden Gate Park, adjacent to The Golden Gate Angling & Casting Club located at 1232 John F Kennedy Drive in San Francisco.

This occasion marks a new beginning for these majestic animals as well as an end to the exhaustive search which took more than a year. Among other qualifications, SFPD policy requires that horses shall be extremely well broke and gentle, along with being of sound mind and in top physical condition. This is a process that weeds out more than 99% of potential candidate horses and makes finding suitable horses exceptionally difficult. Police horse candidates also go through a trial where they are exposed to all environments within San Francisco and receive a thorough medical examination prior to being selected.

The officers on horseback – and their steeds – are some of our department's best ambassadors. They supplement patrols all over the city and can often be spotted in areas such as The Embarcadero, Marina Green, The Palace of Fine Arts, China Basin, McLaren Park, Castro Street, Japantown, Golden Gate Park, Union Square, Pier 39 and more. Their height offers officers a clear view of crowded areas. The SFPD Mounted Unit is also present for every big parade.

The SFPD has had its Mounted Patrol Unit continuously since 1864 – the second-longest stint in America after New York City.

Definition of Suspicious Activity

Suspicious activity is any observed behavior that could indicate a crime-related incident has been committed, or about to be committed. Unusual items or situations: A vehicle is parked in an odd location, a package/luggage is unattended, a window/door is open that is usually closed, or other out-of-the-ordinary situations occur.

Examples of Suspicious Activity:

- ◆ An individual peering into vehicles, to try, and locate any valuables left unattended.
- ◆ An individual trying door handles to vehicles, and/or residences to gain access to the vehicle and/ or residence.
- ◆ An individual checking front doors of residences to locate any unattended packages, or individuals following delivery trucks to see where the truck is dropping off packages.

**See something.
Say something.**

Definition of Community Policing

Community policing, or community-oriented policing, is a strategy of policing that focuses on the police building ties and working closely with members of the communities.

- Homeless Outreach and Outreach to Drug Users: Southern Station officers coordinate with city agencies to provide outreach and assistance to rehabilitate those who are dependent on illegal drugs and outreach to homeless individuals to connect them with resources and support.
- Foot Patrols: Southern Station has beat officers assigned to the Mission Street corridor from 4th St to 9th St and on 6th St between Mission St and Howard St.
- Monthly Police Community Relations Meetings: Community Meetings are held continuously. Officers also attend meetings with merchants groups, business groups, development authorities and others. Concerns are voiced and addressed through problem solving.
- Email Updates: Southern Station sends out newsletter updates to residents in the district that alerts residents of crime trends, upcoming community events, crime prevention tips, and information on how to contact officers at the district station.
- Twitter: Southern Station's Twitter sends out the updates on upcoming community events, notable arrests and crime alerts.

All-Around Safety on Black Friday & Beyond

With November's arrival comes a cornucopia of offerings: crisp fall weather, changing leaves, pumpkin spice lattes, Thanksgiving and Black Friday.

As the holiday season shifts into overdrive, and shoppers embark on procuring their holiday purchases, SF SAFE has some seasonal tips for safeguarding one's personal safety and holiday purchases.

Parking Smart on Black Friday & Beyond

As the SFPD and SF SAFE often caution residents, the first rule of parking smart—whether holiday shopping or not—is if you love it, don't leave it! Never leave anything of value visible in your vehicle—or, ideally, in it at all. By doing so, you'll make your car an easy mark for a smash-and-grab.

If you have to place packages in your trunk and plan to return to shopping, take time to move your vehicle to another location in the event thieves are casing the parking garage/parking spot.

Don't forget to lock your car doors and trunk as soon as you return to your car after shopping—especially if you're on your cellphone. Be sure to relock the doors and trunk of your vehicle if you return to shopping.

Make sure you don't leave your car running while you load shopping bags into your trunk. Someone might seize the opportunity to make off with Santa's sleigh.

All-Around Safety on Black Friday & Beyond

Page 2:

Notice a suspicious person possibly casing cars or watching shoppers in the parking garage or on the street? If you see something, say something by reporting it to the SFPD.

After you leave your shopping excursion, if you notice you're being followed, drive to the nearest police or fire station—or a populated area is another good option.

Being an Alert Shopper

During your shopping expedition, be an alert shopper by staying aware of your surroundings. Be sure to tell security personnel or store owners if you notice any of these activities: Someone tampering with surveillance cameras; an individual who seems to be concealing something—such as a threatening device—under bulky clothing; unattended packages; a person acting erratically or nervously; and suspicious chemical smells or pungent odors. Again, these are additional situations where if you see something, say something.

Personal Safety and Pick-Pocketing Prevention

While shopping, also be mindful of your personal safety and pick-pocketing prevention by: Bringing only the cash and credit cards you need; not carrying your social security card or passport; not letting others (intentionally) distract you in crowds; and avoiding distracted walking, i.e. limiting the use of your cellphone or earbuds in public.

If you need to contact authorities regarding an emergency or crime-in-progress, dial 9-1-1. For non-emergencies, contact the SFPD at 415-553-0123.

Cryptocurrency Investment Scams

Digital Asset Technology Alliance (DATA) Guide

The U.S. Secret Service continues to observe a significant increase in cryptocurrency and digital asset investment scams. These scams often target victims who use social media, online dating, or professional networking platforms.

PREVENT

- ✓ **Avoid unreasonably high returns on investment - is it too good to be true?**
- ✓ **Avoid cryptocurrency investment proposals with complex verbiage, such as pools, futures, mining, liquidity.**
- ✓ **Avoid sharing your personal information with unverified individuals. You can validate a broker by going to BrokerCheck by FINRA.**
- ✓ **Only download apps directly from legitimate App Stores (i.e., Apple App Store, Google Play Store).**
- ✓ **Beware of clicking on links, they can be malicious.**
- ✓ **Be wary of apps with excessive application permissions (i.e., administrator privileges).**
- ✓ **Beware of linking apps with external investment platforms, even legitimate apps may be linked to platforms that are not vetted.**
- ✓ **Never share your seed phrase - the string of words that can be used to access a cryptocurrency wallet on the blockchain.**
- ✓ **Avoid chat functions on external websites, instead contact support through a company's official website.**
- ✓ **Avoid external applications that end in .apk (Android) or .mobileconfig (iOS) as these are not screened and pose an immediate risk of compromising your device data through malicious software.**
- ✓ **Never mix someone you met online and investment advice.**

RESPOND

- **Don't pay more money (ransom) to release your funds.**
- **Keep records.**
Take screen shots of conversations with the people involved in the scam.
Save email addresses, phone numbers, applications, and other pertinent information.
- **Change login information to any financial accounts you provided to the people involved in the scam.**
- **Check for malicious software on your iOS device.**
Go to Settings/General/VPN & Device Management and checking for any unauthorized device configuration.
- **Be cautious when seeking non-law enforcement assistance.**
The information and assistance tracing lost assets may be incorrect and inadmissible in court, and may result in further loss.

REPORT

- **Report to your cryptocurrency exchange.**
Provide transaction information (i.e., your wallet address, receiving wallet address, date and amount of transaction, type of cryptocurrency, domain (website) name or app name.
Determine whether to close your account.
- **Contact credit reporting companies directly.**
In some instances, if victims contact creditors (and in some cases collection agencies) immediately upon learning of a change in their ability to pay debts, the result may be a reduction, modification, or deferral of credit card or loan payments.
- **Report to law enforcement.**
Contact your local police department and file a police report.
File a complaint on the Internet Crime Complaint Center (IC3).
Contact your local Secret Service field office.

Addressing Crime / Safety tips

With the Covid-19 restrictions lifting in phases and many of us are starting to venture out again, here are some Package Theft Prevention Guide from SFSafe to help prevent your packages from being stolen.

PACKAGE THEFT PREVENTION GUIDE

WON'T BE HOME?

Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

CUSTOMIZE DELIVERIES

Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

USE SPECIAL SERVICES

Use USPS special services like *Signature Confirmation* or *Registered Mail* to add a layer of security.

DELIVER TO SECURE LOCATIONS

Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

REQUEST NONDESCRIPT PACKAGING

When completing your online order, opt for packaging that conceals the item or select the 'gift' option to ensure package arrives in a plain box especially when ordering from a high-end store.

USE MODERN ALTERNATIVES

Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.

NETWORK WITH NEIGHBORS

Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

PORCH AREA VISIBILITY

Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.

Addressing Crime / Safety tips

PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

ALWAYS CLOSE YOUR GARAGE DOOR

This may seem obvious, but just drive through any residential neighborhood and you'll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.

REINFORCE THE GLASS ON THE GARAGE DOOR

Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK

When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

INSTALL SURVEILLANCE CAMERAS

There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.

HAVE A QUALITY, FUNCTIONING GARAGE DOOR

Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

INSTALL MOTION-SENSITIVE LIGHTS

Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR

A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.

TIE EMERGENCY RELEASE CORD

Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

SECURE ANY VALUABLES

Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

INSTALL INTERIOR MAIL SLOT HOOD COVER

If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

Addressing Crime / Safety tips

PREVENT GARAGE DOOR BREAK-INS

ANATOMY OF A SAFE GARAGE

Your home is only as safe as its weakest entry point.

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home's security system and safety measures.

For more information, please contact SF SAFE at (415) 553-1984 or visit sfSAFE.org.

Addressing Crime / Safety Tips

PREVENT THEFT FROM YOUR VEHICLE

Remember when parking your vehicle to ensure it is properly secured before walking away. Be sure that your windows are up, and your doors are locked. Thieves often check door handles to see if a car is unlocked. Remove all valuables from the inside of your car and take them with you. **PARK SMART!** Flyers available in English -Chinese - Spanish

Summaries of Supreme Courts Case Laws

(Released Every 3 Months-First Week January, April, July, October)

Kansas v. Glover (2020) 140 S.Ct. 1183.

A Kansas deputy sheriff ran a license plate check on a truck and discovered that the registered owner had a revoked driver's license. The deputy assumed the registered owner was driving the vehicle and pulled it over. The registered owner, Glover, was in fact driving and charged with being a habitual offender. Thereafter, Glover moved to suppress the evidence, claiming that the deputy lacked reasonable suspicion to detain him.

The United States Supreme Court held that, "when the officer lacks information negating an inference that the owner is the driver of the vehicle, the stop is reasonable." The Court noted that the Fourth Amendment permits an officer to detain an individual when that officer has a "particularized and objective basis for suspecting the particular person stopped of criminal activity." Officers must be permitted to make commonsense judgments and inferences regarding human behavior. The Court found that prior to pulling the vehicle over, the deputy observed an individual operating the vehicle, he knew the registered owner had a revoked license, and the model of the vehicle matched what he observed. From these facts the deputy drew the commonsense inference that the driver was the registered owner and the Court found that provided more than reasonable suspicion to initiate the traffic stop.

People v. Henderson (2020) 9 Cal.5th 1013

Henderson was convicted of first degree murder with special circumstances, the personal use of a deadly weapon, and sentenced to death which triggered an automatic appeal to the California Supreme Court. Following his arrest, and during a custodial interrogation, Henderson initially waived his Miranda rights. When asked if he was present at the scene of the crime, Henderson stated, "Uhm, there's some things that I, uhm, want uh ..." He was again asked if he was present and Henderson continued, "[want] uh, want to speak to an attorney first, because I, I take responsibility for me, but there's other people that..."

Under established Miranda law, officers must terminate a custodial interrogation of a suspect when that individual invokes their right to counsel or to be silent. That being said, "various cases have held that a suspect's use of equivocal words or phrases does not constitute a clear request for counsel." A suspect must unambiguously assert his right to counsel or to remain silent. Courts objectively look to whether the suspect expressed their desire for counsel with sufficient clarity "that a reasonable police officer in the circumstances would understand the statement to be a request for an attorney." Courts have found the following statements to be equivocal and not an invocation: "maybe I should talk to a lawyer;" "[i]f you can bring me a lawyer;" "I think it'd probably be a good idea for me to get an attorney." In this case the court found that by stating, "[I] want to, speak to an attorney first," Henderson did not use equivocal language and the California Supreme Court found this was a violation of the Fifth Amendment.

SFPD Seeking Public's Assistance in Finding Suspect in Aggravated Assault on an Elder Victim

On Saturday, December 3, 2022, at approximately 11:21 a.m., San Francisco Police officers from Northern Station responded to the area of Geary Boulevard and Laguna Street for a report of an assault on a Muni Bus.

When officers arrived on scene, they located a 79-year female victim that had been assaulted. The victim was boarding the 38 Line coach at Geary Boulevard and Laguna Street when an unknown male suspect, in an unprovoked attack, kicked the victim in the abdomen with enough force to knock her to the ground. The victim hit her head on a railing as she fell to the ground. The suspect fled the scene on foot.

Officers rendered aid and summoned medics to the scene. Medics transported the victim to a local hospital with non-life-threatening injuries.

Officers on scene conducted an investigation and located witnesses and surveillance of the incident.

The SFPD General Work unit took over the investigation and is seeking assistance from the public in identifying and locating the suspect involved in this incident.

A link to the video surveillance and a photo of the suspect are attached to this news release.

The suspect is described to be a black male, in his 20's or 30's. He is approximately 5'11 with dark hair and dark facial hair. He was last seen wearing a burgundy hooded sweater and black pants.

CPAB– Project Updates

August 2022

Community Police Advisory Board (CPAB) “CPABs” are community-oriented police advisory boards for each police district. Each CPAB, led by the District Captain for that police district, is comprised of approximately 10 to 15 committed volunteer community members and a representative from the Community Engagement Division of the SFPD. District Captains may choose more members if they wish to accomplish specific tasks. Each district’s Board members live and/or work in the communities within that district, where a community may be either a neighborhood with specific needs or a specific demographic. Each member thus represents the diversity of their community. In addition to the district CPABs, there will also be a City-wide CPAB Steering Committee facilitated by SF Safety Awareness For Everyone (SAFE). Two representatives from each Community Police Advisory Board shall be selected to participate in this Committee, with the purpose of sharing information across districts.

Captain Falvey held his monthly CPAB meeting on 08/10. Time was spent debriefing this year National Night Out and discussing the Citywide CPAB meeting.

Next months meeting is scheduled for Wednesday, 09/14 at 6:00pm.

Station / Department Vision and Values

Everyone deserves to be treated fairly.

SFPD officers undergo Implicit Bias & Procedural Justice training. Our goal is ensure fair, impartial community policing.

We're dedicated to providing *Safety With Respect for All.*

Learn about our ongoing efforts to eliminate bias and increase accountability at [sanfranciscopolice.org/bias-free](https://www.sanfranciscopolice.org/bias-free).

A guiding principle of the San Francisco Police Department is its commitment to treating all people with dignity, fairness, and respect. It is crucial for our members to carry out their duties in a manner free from bias and eliminate any perception of policing that appears biased. Biased policing is unsafe, unjust, and ineffective. It also alienates the public, fosters distrust of police, and undermines legitimate law enforcement efforts.

The SFPD is dedicated to ensuring our officers and professional staff provide unbiased, quality service to the diverse communities we work for. Our goal is to provide fair and positive interactions between San Francisco officers and the people we are proud to serve.
