Hello Community Members and Merchants,

Now through December 16, 2022, The San Francisco Police Department will work with Walgreens to provide toys for children aged 12 and under in low-income families. We are also asking for donations of new, unwrapped toys to be dropped off at more than 70 San Francisco Walgreens stores. In past years, generous donors have stepped up to provide the toys for our city's youth, enabling SFPD officers to distribute thousands of gifts during the holiday season. Thank you for your help. For more info, see page 2.

Recently, plainclothes officers from Taraval Station, Central Station, Mission Station, and Southern Station arrested four suspects in an auto burglary abatement operation. The officers observed the suspect driving around casing vehicles. Officers continued to watch as they observed a passenger get out of the vehicle break the window of a victim's vehicle and reach inside and grabbed a bag. The suspect was startled and dropped the bag. The suspect drove away and parked their vehicle and switch he rear license plate of their vehicle with another license plate. Officers deployed spike strips and eventually immobilized the suspect's vehicle. The four suspects were arrested without incident. After further investigation, the officers located the burglary tools and other evidence. One suspect was an adult, he was booked. Three were juvenile's suspects, they were cited. The SFPD will continue to conduct more operations like this. Case# 220830780

Reminder, there's **NO** community meeting in December. Thank you to those who had attended our meetings throughout the year. We will resume our meeting on January 19th, 2023

SFPD's Holiday Toy Drive Makes the Season Brighter for Children in Need

The San Francisco Police Department (SFPD) is encouraging kind-hearted community members to join them in making the season brighter for children in need by donating to its Holiday Toy Drive at San Francisco Walgreens stores.

Now through Fri., Dec. 16, community members can spread seasonal cheer to local children who might otherwise go without by bringing new, unwrapped toys to any Walgreens store in San Francisco—including more than 40 locations throughout the city.

According to SFPD organizers, community members have the option of either purchasing or simply dropping off their donations of new, unwrapped toys at any San Francisco Walgreens. The police department will then collect and donate them to children during the holiday season.

Last year saw San Francisco community members really rise up to the occasion to donate in the neighborhood of 5,000 toys via Walgreens stores citywide. As the U.S. struggles with inflation and the widespread effort to move beyond the longstanding pandemic, the SFPD's Holiday Toy Drive truly couldn't be coming at a better time for families who may be navigating today's challenging financial landscape. So Walgreens, the officers in blue—and YOU—are an essential team in bringing holiday cheer to those who need it the most.

"On behalf of the entire team at SF SAFE, I'd like to heartily encourage the San Francisco community to come out to do everything they can to support the SFPD's Holiday Toy Drive," said SF SAFE Executive Director Kyra Worthy. "Amid today's uncertain economic climate, it's more important than ever to dig deep and do our best to support our city's less fortunate during the season of sharing. Let's surpass 5,000 donated toys this year!"

This year marks the SFPD's seventh time collaborating with Walgreens on its Holiday Toy Drive event. The 2022 Holiday Toy Drive kicked off the morning of Thurs., Nov. 3rd at the Walgreens at 2141 Chestnut St. in San Francisco. Again, it continues through Fri., Dec. 16 and community members can drop off new, unwrapped gifts at any Walgreens store in San Francisco.

Holiday Safety Tips to Keep the Season Merry

With the holiday season officially upon us, SF SAFE has got you covered when it comes to ensuring this special time of year is not only merry, but also safe. From home burglary and auto theft prevention to personal safety and safe shopping tips, we've outlined key points to keep in mind throughout the holidays, no matter where you go. Here's the scoop:

Home Burglary Prevention: If you are traveling, ask a neighbor to watch the house; put timers on various lights around the interior/exterior of the house; and have newspapers, mail and deliveries held or picked up by someone you trust. Use package alerts to track package delivery.

Personal Safety: Bring only the cash and credit cards you need; don't carry your social security card/passport; don't let others distract you in crowded areas; and limit the use of your cell phone in public.

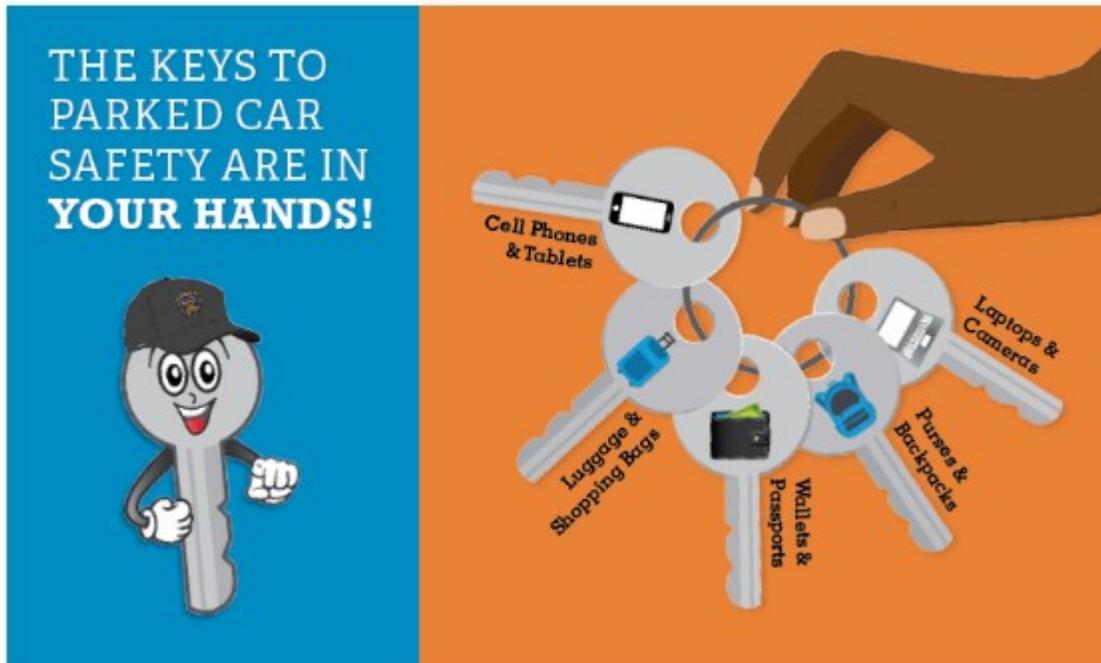

Auto Break-ins: Leave nothing visible in your car; keep doors and trunk of your vehicle locked; keep your packages in the trunk while shopping; and never leave a GPS or mount visible.

Credit Cards & Identity Theft: Shop only at secure websites; don't respond to emails asking for personal credit card info; and check your credit card and bank statements regularly for fraudulent use.

Be an Alert Shopper: Alert security if you notice any of the following in a public space: Unattended packages; people exhibiting erratic or nervous behavior; suspicious chemical smells or pungent odors; anyone tampering with surveillance cameras; and people wearing bulky or inappropriate clothing, which may be used to conceal threatening devices or objects.

And always remember the SFPD's mantra: If you see something, say something! Dial 911 for emergencies or 415-553-0123 for non-emergencies.

Park Smart

With auto break-ins a persistent issue in San Francisco, it's important that residents and visitors keep their belongings safe when parking throughout the city. Here's a rundown of easy-to-follow "Park Smart" tips and safe habits to adopt that should prove useful.

If you love it, don't leave it. Don't tempt a thief by leaving valuables in your parked car such as cell phones and tablets; luggage and shopping bags; wallets and passports; purses and backpacks; and laptops and cameras.

Turn off the ignition. Never leave your car running unattended.

Keep your vehicle and tires in good condition. This helps prevent breakdowns which could strand you in a dark or unfamiliar place.

Lock your doors when you get in your car.

If you see something, say something. If you see a motorist in distress, call 9-1-1 versus stopping to help.

Clear your trunk and take your valuables with you every time you leave your car.

If you are being followed, drive to the nearest police or fire station; a populated area is a good default

- Never leave your home doors unlocked or open. Use dead bolt locks, they are a great deterrent to burglars.
- When you leave, close and lock your windows. Many burglars enter homes and apartments through open windows. Windows on or near fire escapes should remain locked.
- Don't "buzz" strangers in. Don't permit unexpected utility workers, deliverymen, or strangers into your home. Ask them for their I.D. and phone number to their office. Call 911 if you are not sure of their identity. Call the police to report suspicious activity.
- Give your home or apartment an "occupied look." Lights or a radio on automatic times may help deter burglars. Bright motion activated lights are a good deterrent as well.
- Install security cameras or burglar alarms. Most are DIY with easy installation and are assessable with an app on your smart phone.
- If you park your car inside your garage, lock the car doors. Burglars will steal garage door openers and come back when you are not home.
- Trim shrubs and branches away from doors and windows for better visibility.

Non-Emergency

- Trust your instincts. If you sense trouble, get away as soon as possible.
- Show confidence. Walk at a steady pace, keep your head up and avoid carrying lots of packages...It can make you look defenseless.
- Don't look like an easy target. Robbers want someone who will provide the least resistance. If you look like you know where you are going, walk with your head up and eyes alert, you will most likely be left alone.
- Be observant.
- Remain alert and observe the people around you. Know who is walking behind and in front of you. Things to watch for include suspicious persons, people just loitering around or vehicles.
- Be aware of your surroundings. If you think you are being followed, go to a crowded area.
- Walk in well-lit areas. If possible, do not walk alone.
- Do not carry large amounts of money.
- Carry keys in your hand.

Domestic violence and abuse can include psychological mistreatment such as name-calling or insults, stalking and harassing behavior, isolating a partner in the home, withholding money or outright assault.

-Remember: Domestic violence is never okay. It is not your fault and help is available.

If you are the victim of domestic violence, call:

[9-1-1](#) in an emergency

[1-415-553-0123](#) for SFPD non-emergency support

[2-1-1](#) for a multilingual directory of community services

SF SAFE CITY CAMERA PROGRAM

Through the SF SAFE City Camera Program, we address public safety needs and help reduce crime through collaboration.

By partnering with community stakeholders, such as local merchant associations, businesses, and community residents from San Francisco's high trafficked neighborhoods, commercial corridors, and our City government, we identify specific needs, install public safety cameras and create, develop, and implement safety plans with a meaningful community-led and community-driven process.

Through this program, SF SAFE targets high-risk and high-traffic city blocks comprising about 20-30 businesses or residential areas for the installation of high definition security cameras and surveillance technology. Typically, a coverage area of about 18-24 camera views per corridor is provided. Camera installation projects for commercial corridors take about 12 weeks from start to finish and encompass outreach, assessment, mapping and system installation. We work with technology vendors as the technology solutions and data privacy provider for this program, accountable to the most stringent level of self-imposed policy standards.

In addition to the security cameras acting as a visible crime deterrent, the footage is an extraordinary tool in assisting businesses and community members in the investigation of criminal activity if/when any occur. This program levels the playing field, holding all involved accountable, creating an equitable and true evidence chain for investigators and public defenders alike, as an innovative alternative policing tool empowering communities to take ownership over their own public safety needs.

To learn more about the SF SAFE City Camera Program, email sfsafecitycameraprogram@sfsafe.org.

PREVENT GARAGE DOOR BREAK-INS

ANATOMY OF A SAFE GARAGE

Your home is only as safe as its weakest entry point.

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home's security system and safety measures.

For more information, please contact SF SAFE at (415) 553-1984 or visit sfsafe.org.

PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

ALWAYS CLOSE YOUR GARAGE DOOR

This may seem obvious, but just drive through any residential neighborhood and you'll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.

INSTALL MOTION-SENSITIVE LIGHTS

Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

REINFORCE THE GLASS ON THE GARAGE DOOR

Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR

A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.

INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK

When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

TIE EMERGENCY RELEASE CORD

Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

INSTALL SURVEILLANCE CAMERAS

There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.

SECURE ANY VALUABLES

Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

HAVE A QUALITY, FUNCTIONING GARAGE DOOR

Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

INSTALL INTERIOR MAIL SLOT HOOD COVER

If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

For additional information, please contact SF SAFE at (415) 553-1984 or visit sfsafe.org

With the Covid-19 restrictions lifting in phases and many of us are starting to venture out again, here are some Package Theft Prevention Guide from SFSafe to help prevent your packages from being stolen.

PACKAGE THEFT PREVENTION GUIDE

WON'T BE HOME?

Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

CUSTOMIZE DELIVERIES

Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

USE SPECIAL SERVICES

Use USPS special services like *Signature Confirmation* or *Registered Mail* to add a layer of security.

DELIVER TO SECURE LOCATIONS

Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

REQUEST NONDESCRIPT PACKAGING

When completing your online order, opt for packaging that conceals the item or select the 'gift' option to ensure package arrives in a plain box especially when ordering from a high-end store.

USE MODERN ALTERNATIVES

Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.

NETWORK WITH NEIGHBORS

Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

PORCH AREA VISIBILITY

Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.
