 **Driver Knowledge**

TURN ON HEADLIGHT
Turn your headlights on immediately if it starts to rain. You should do this regardless of whether it is day or night.

LOOKOUT FOR PEDESTRIANS
On rainy conditions, pedestrians prioritize themselves by trying to keep themselves dry rather than looking out for incoming cars.

3 SECONDS DISTANCE RULE
By increasing the gap between you and the car ahead, you are giving yourself the time you need to identify a hazard and respond to it safely.

DO NOT FOLLOW TRUCKS OR BUSES TOO CLOSELY
Doing this, not only reduces your line of vision and but also prevents the truck or bus driver from seeing you.

AVOID SUDDEN MOTION
Driving in a wet condition is hazardous. This is because rain gives a greater risk for traction loss.

AVOID HEAVY RAIN
If you have ever found yourself hydroplaning, you will deeply understand why driving during a heavy rain should be avoided.

DRIVE SLOWLY
Slowing down while driving in a rainy condition is the best way to reduce a vehicle's chances of skidding or sliding.

Cryptocurrency Investment Scams

Digital Asset Technology Alliance (DATA) Guide

The U.S. Secret Service continues to observe a significant increase in cryptocurrency and digital asset investment scams. These scams often target victims who use social media, online dating, or professional networking platforms.

PREVENT

- ✓ **Avoid unreasonably high returns on investment - is it too good to be true?**
- ✓ **Avoid cryptocurrency investment proposals with complex verbiage, such as pools, futures, mining, liquidity.**
- ✓ **Avoid sharing your personal information with unverified individuals. You can validate a broker by going to BrokerCheck by FINRA.**
- ✓ **Only download apps directly from legitimate App Stores (i.e., Apple App Store, Google Play Store).**
- ✓ **Beware of clicking on links, they can be malicious.**
- ✓ **Be wary of apps with excessive application permissions (i.e., administrator privileges).**
- ✓ **Beware of linking apps with external investment platforms, even legitimate apps may be linked to platforms that are not vetted.**
- ✓ **Never share your seed phrase - the string of words that can be used to access a cryptocurrency wallet on the blockchain.**
- ✓ **Avoid chat functions on external websites, instead contact support through a company's official website.**
- ✓ **Avoid external applications that end in .apk (Android) or .mobileconfig (iOS) as these are not screened and pose an immediate risk of compromising your device data through malicious software.**
- ✓ **Never mix someone you met online and investment advice.**

RESPOND

- **Don't pay more money (ransom) to release your funds.**
- **Keep records.**
Take screen shots of conversations with the people involved in the scam.
Save email addresses, phone numbers, applications, and other pertinent information.
- **Change login information to any financial accounts you provided to the people involved in the scam.**
- **Check for malicious software on your iOS device.**
Go to Settings/General/VPN & Device Management and checking for any unauthorized device configuration.
- **Be cautious when seeking non-law enforcement assistance.**
The information and assistance tracing lost assets may be incorrect and inadmissible in court, and may result in further loss.

REPORT

- **Report to your cryptocurrency exchange.**
Provide transaction information (i.e., your wallet address, receiving wallet address, date and amount of transaction, type of cryptocurrency, domain (website) name or app name.
Determine whether to close your account.
- **Contact credit reporting companies directly.**
In some instances, if victims contact creditors (and in some cases collection agencies) immediately upon learning of a change in their ability to pay debts, the result may be a reduction, modification, or deferral of credit card or loan payments.
- **Report to law enforcement.**
Contact your local police department and file a police report.
File a complaint on the Internet Crime Complaint Center (IC3).
Contact your local Secret Service field office.

Addressing Crime / Safety tips

With the Covid-19 restrictions lifting in phases and many of us are starting to venture out again, here are some Package Theft Prevention Guide from SFSafe to help prevent your packages from being stolen.

PACKAGE THEFT PREVENTION GUIDE

☐ WON'T BE HOME?

Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

☐ CUSTOMIZE DELIVERIES

Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

☐ USE SPECIAL SERVICES

Use USPS special services like *Signature Confirmation* or *Registered Mail* to add a layer of security.

☐ DELIVER TO SECURE LOCATIONS

Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

☐ REQUEST NONDESCRIPT PACKAGING

When completing your online order, opt for packaging that conceals the item or select the 'gift' option to ensure package arrives in a plain box especially when ordering from a high-end store.

☐ USE MODERN ALTERNATIVES

Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.

☐ NETWORK WITH NEIGHBORS

Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

☐ PORCH AREA VISIBILITY

Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.

Addressing Crime / Safety tips

PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

ALWAYS CLOSE YOUR GARAGE DOOR

This may seem obvious, but just drive through any residential neighborhood and you'll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.

INSTALL MOTION-SENSITIVE LIGHTS

Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

REINFORCE THE GLASS ON THE GARAGE DOOR

Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR

A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.

INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK

When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

TIE EMERGENCY RELEASE CORD

Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

INSTALL SURVEILLANCE CAMERAS

There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.

SECURE ANY VALUABLES

Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

HAVE A QUALITY, FUNCTIONING GARAGE DOOR

Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

INSTALL INTERIOR MAIL SLOT HOOD COVER

If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

Addressing Crime / Safety tips

PREVENT GARAGE DOOR BREAK-INS

ANATOMY OF A SAFE GARAGE

Your home is only as safe as its weakest entry point.

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home's security system and safety measures.

Addressing Crime / Safety Tips

PREVENT THEFT FROM YOUR VEHICLE

Remember when parking your vehicle to ensure it is properly secured before walking away. Be sure that your windows are up, and your doors are locked. Thieves often check door handles to see if a car is unlocked. Remove all valuables from the inside of your car and take them with you. **PARK SMART!** Flyers available in English -Chinese - Spanish

Summaries of Supreme Courts Case Laws

(Released Every 3 Months-First Week January, April, July, October)

Kansas v. Glover (2020) 140 S.Ct. 1183.

A Kansas deputy sheriff ran a license plate check on a truck and discovered that the registered owner had a revoked driver's license. The deputy assumed the registered owner was driving the vehicle and pulled it over. The registered owner, Glover, was in fact driving and charged with being a habitual offender. Thereafter, Glover moved to suppress the evidence, claiming that the deputy lacked reasonable suspicion to detain him.

The United States Supreme Court held that, "when the officer lacks information negating an inference that the owner is the driver of the vehicle, the stop is reasonable." The Court noted that the Fourth Amendment permits an officer to detain an individual when that officer has a "particularized and objective basis for suspecting the particular person stopped of criminal activity." Officers must be permitted to make commonsense judgments and inferences regarding human behavior. The Court found that prior to pulling the vehicle over, the deputy observed an individual operating the vehicle, he knew the registered owner had a revoked license, and the model of the vehicle matched what he observed. From these facts the deputy drew the commonsense inference that the driver was the registered owner and the Court found that provided more than reasonable suspicion to initiate the traffic stop.

People v. Henderson (2020) 9 Cal.5th 1013

Henderson was convicted of first degree murder with special circumstances, the personal use of a deadly weapon, and sentenced to death which triggered an automatic appeal to the California Supreme Court. Following his arrest, and during a custodial interrogation, Henderson initially waived his Miranda rights. When asked if he was present at the scene of the crime, Henderson stated, "Uhm, there's some things that I, uhm, want uh ...". He was again asked if he was present and Henderson continued, "[want] uh, want to speak to an attorney first, because I, I take responsibility for me, but there's other people that..."

Under established Miranda law, officers must terminate a custodial interrogation of a suspect when that individual invokes their right to counsel or to be silent. That being said, "various cases have held that a suspect's use of equivocal words or phrases does not constitute a clear request for counsel." A suspect must unambiguously assert his right to counsel or to remain silent. Courts objectively look to whether the suspect expressed their desire for counsel with sufficient clarity "that a reasonable police officer in the circumstances would understand the statement to be a request for an attorney." Courts have found the following statements to be equivocal and not an invocation: "maybe I should talk to a lawyer;" "[i]f you can bring me a lawyer;" "I think it'd probably be a good idea for me to get an attorney." In this case the court found that by stating, "[I] want to, speak to an attorney first," Henderson did not use equivocal language and the California Supreme Court found this was a violation of the Fifth Amendment.

San Francisco Police Arrest Wanted Shooting Suspect and Investigate Catalytic Converter Thieves Who Fired at Officers

In two separate and unrelated recent incidents, suspects discharged their firearms while San Francisco Police officers were attempting to take them into custody. This information is being released publicly to highlight positive outcomes from these incidents and support the excellent work performed by SFPD officers. In these incidents SFPD officers encountered very dangerous and life-threatening circumstances that could have had a different outcome if not for the restraint, composure, and professionalism displayed by all involved officers.

In an internal message to SFPD officers regarding the incidents, Chief Scott said:

“In the past two weeks, there have been two disturbing and unacceptable incidents of armed suspects resisting arrest with shots fired at or in the immediate vicinity of SFPD officers. In both incidents the involved officers exhibited valor, courage, and a reverence for the sanctity of human life in the way they responded to these life-threatening situations.”

“The work that the officers of the SFPD do day in and day out to resolve life-threatening situations and take dangerous people off of our streets often times goes unheralded and does not get the credit or attention it deserves when outcomes are positive, and the incidents don’t result in the use of lethal force.”

On January 23, 2023, SFPD officers assigned to Crime Gun Investigations Center (CGIC) were in the area of 100 Brookdale, investigating a suspect who was involved in multiple shooting incidents. After CGIC officers located the suspect and identified themselves, the suspect fled and pulled out a firearm. Officers reported that as the suspect swung his arm towards them, one SFPD officer began to grab the suspect, and a shot was fired. The suspect was simultaneously tackled and disarmed. SFPD officers took the suspect into custody and discovered he had multiple firearms and magazines in his possession. The suspect was identified as 24-year-old Spencer Hansen-Mukomela.

This case has been presented to the San Francisco District Attorney's Office. On Wednesday January 25, 2023, District Attorney Brooke Jenkins filed seventeen (17) felony charges against Hasen-Mukomela associated with four shooting-related incidents. Charges stemming from the January 23, 2023 incident against SFPD officers include assault on a peace officer with a firearm (245(d)(2) PC) with allegations of personal use of a firearm (12022.5(a) PC) and personal and intentional discharge of a firearm (12022.53(c) PC); resisting an executive officer in performance of duty (69(a) PC); taking a vehicle without consent (10851 CVC), and felony firearm possession charges related to the illegal possession of three firearms, including two ghost guns.

In addition to the unacceptable violent resistance against SFPD CGIC officers, there was a similar incident on January 17, 2023, just six days prior when Richmond Station officers responded to a call of a catalytic converter theft in progress. Responding officers located a vehicle with multiple suspects in the area of McAllister and Arguello. SFPD officers reported that during the foot pursuit, one of the suspects fired multiple rounds at them. One suspect has been arrested. The SFPD Burglary Unit is leading the investigation and SFPD officers are working tirelessly to locate and capture the remaining suspects, including the suspect that fired at officers.

These remain open and active investigations. Anyone with information is asked to call the SFPD Tip Line at 1-415-575-4444 or Text a Tip to TIP411 and begin the text message with SFPD. You may remain anonymous.

Please see Chief Bill Scott's message to SFPD officers attached to this email as part of the release.

CPAB– Project Updates

August 2022

Community Police Advisory Board (CPAB) “CPABs” are community-oriented police advisory boards for each police district. Each CPAB, led by the District Captain for that police district, is comprised of approximately 10 to 15 committed volunteer community members and a representative from the Community Engagement Division of the SFPD. District Captains may choose more members if they wish to accomplish specific tasks. Each district’s Board members live and/or work in the communities within that district, where a community may be either a neighborhood with specific needs or a specific demographic. Each member thus represents the diversity of their community. In addition to the district CPABs, there will also be a City-wide CPAB Steering Committee facilitated by SF Safety Awareness For Everyone (SAFE). Two representatives from each Community Police Advisory Board shall be selected to participate in this Committee, with the purpose of sharing information across districts.

Captain Falvey held his monthly CPAB meeting on 08/10. Time was spent debriefing this year National Night Out and discussing the Citywide CPAB meeting.

Next months meeting is scheduled for Wednesday, 09/14 at 6:00pm.
