December 19, 2022 - January 08, 2023

Hello Community Members and Merchants,

I wish everyone a Happy New Year. Taraval District had a slight uptick in calls for service but did not have any major incidents to report. 2022 was a challenging year for us all and we welcome 2023. We are looking forward to a better year and continue to do our best to make our police department better. The winter weather is still upon us with another rainstorm forecasted. Remember to reduce your speed and turn your headlights on while driving in the rain. Pay attention to your surroundings and follow the rules of the road to keep yourself and everyone else on the road safe.

Next Monday, January 16, we celebrate Martin Luther King Jr's birthday, and it is the only federal holiday designated as a National Day of Service to encourage all Americans to volunteer to improve their communities. We hope everyone joins in volunteering with their favorite group to help the community.

Chinese New Year (Lunar New Year) is on January 22nd. This will be the Year of the Rabbit. According to Chinese astrology, the Rabbit represents longevity, peace, and prosperity. The Rabbit is a gentle creature known for thinking things through before acting. This will encourage us to approach challenges and opportunities calmly and rationally.

Save the date for the New Year Parade held on Saturday Feb 4th which will cover the Central District.

Notable Arrest

- On 12/28/22, Taraval Station plain clothes officers along with plain clothes officers from Southern and Northern Police Station conducted a citywide automotive burglary and robbery abatement operation. At approximately 3:35 pm, the plain clothes officers were traveling west on Point Lobos Avenue approaching 46th Avenue when they observed a vehicle traveling in the opposite direction. The plain clothes officers further observed articles of clothing being thrown out of the passenger side windows. Vehicle burglary suspects often search through stolen purses, bags, and luggage for items of value and often discard clothing and bags along their flight path as they flee from the scene. They also continue on their path to commit additional vehicle burglaries. The plain clothes officers continued their surveillance as the suspects broke into additional vehicles and stole items from inside. The plain clothes officers followed the suspects to Irving St and 24th Ave where they had just robbed a male victim who had been taking money out from an ATM. Officers deployed their spike strips and disabled the suspect's vehicle. After a brief foot chase, three suspects were taken into custody without further incident. The three suspects were arrested and booked accordingly. Case# 220888886.

Park Smart

With auto break-ins a persistent issue in San Francisco, it's important that residents and visitors keep their belongings safe when parking throughout the city. Here's a rundown of easy-to-follow "Park Smart" tips and safe habits to adopt that should prove useful.

If you love it, don't leave it. Don't tempt a thief by leaving valuables in your parked car such as cell phones and tablets; luggage and shopping bags; wallets and passports; purses and backpacks; and laptops and cameras.

Turn off the ignition. Never leave your car running unattended.

Keep your vehicle and tires in good condition. This helps prevent breakdowns which could strand you in a dark or unfamiliar place.

Lock your doors when you get in your car.

If you see something, say something. If you see a motorist in distress, call 9-1-1 versus stopping to help.

Clear your trunk and take your valuables with you every time you leave your car.

If you are being followed, drive to the nearest police or fire station; a populated area is a good default

SFPD Make Arrest in Commercial Burglary Series 23-002

DECEMBER 16, 2022 | 6:37 PM

Beginning November 13, 2022, a series of commercial burglary incidents occurred at a number of different locations in the City of San Francisco. The burglaries followed a similar modus operandi in which the suspect would force entry through the front of the commercial business, causing property damage. The suspect would then steal large amounts of US Currency from the cash register, safe or ATM machine, and various items of property. In many of the cases, the suspect was seen fleeing the scene in a black sedan. The burglaries occurred at the following locations on the following dates:

- November 13, 2022, on the 2200 block of Taraval Street
- November 16, 2022, on the 800 block of Ulloa Street
- November 16, 2022, on the 1800 block of Irving Street
- November 16, 2022, on the 1800 block of Taraval Street
- November 16, 2022, on the 2300 block of Irving Street
- November 17, 2022, on the 500 block of Beach Street
- November 20, 2022, on the 300 block of 11th Street
- December 2, 2022, on the 1000 block of Folsom Street
- December 4, 2022, on the 1000 block of Folsom Street
- December 18, 2022, on the 2500 block of Mission Street

The investigation was led by members of the San Francisco Police Burglary Detail. Investigators developed information that led to the identity of the unknown male suspect, 41-year-old Matt Lake.

While on patrol, an SFPD Officer assigned to Southern Station recognized Lake and the black sedan, on the 200 block of Berry Street. Lake was immediately taken into custody without further incident. During a search of the vehicle, officers recovered items believed to be connected to the burglaries mentioned above as well as numerous burglary tools.

Lake was later booked and transported to San Francisco County Jail #1 for the charges of nine counts of burglary in the second degree (459 PC 2nd), arson of a structure (451(c) PC), arson of property (451(d) PC), possession of burglary tools (466 PC) and for receiving stolen property (496 PC).

While an arrest has been made this remains an open investigation. Anyone with information is asked to call the SFPD Tip Line at [1-415-575-4444](tel:1-415-575-4444) or Text a Tip to [TIP411](text:TIP411) and begin the text message with SFPD. You may remain anonymous.

- Never leave your home doors unlocked or open. Use dead bolt locks, they are a great deterrent to burglars.
- When you leave, close and lock your windows. Many burglars enter homes and apartments through open windows. Windows on or near fire escapes should remain locked.
- Don't "buzz" strangers in. Don't permit unexpected utility workers, deliverymen, or strangers into your home. Ask them for their I.D. and phone number to their office. Call 911 if you are not sure of their identity. Call the police to report suspicious activity.
- Give your home or apartment an "occupied look." Lights or a radio on automatic times may help deter burglars. Bright motion activated lights are a good deterrent as well.
- Install security cameras or burglar alarms. Most are DIY with easy installation and are assessable with an app on your smart phone.
- If you park your car inside your garage, lock the car doors. Burglars will steal garage door openers and come back when you are not home.
- Trim shrubs and branches away from doors and windows for better visibility.

Non-Emergency

- Trust your instincts. If you sense trouble, get away as soon as possible.
- Show confidence. Walk at a steady pace, keep your head up and avoid carrying lots of packages...It can make you look defenseless.
- Don't look like an easy target. Robbers want someone who will provide the least resistance. If you look like you know where you are going, walk with your head up and eyes alert, you will most likely be left alone.
- Be observant.
- Remain alert and observe the people around you. Know who is walking behind and in front of you. Things to watch for include suspicious persons, people just loitering around or vehicles.
- Be aware of your surroundings. If you think you are being followed, go to a crowded area.
- Walk in well-lit areas. If possible, do not walk alone.
- Do not carry large amounts of money.
- Carry keys in your hand.

SF SAFE CITY CAMERA PROGRAM

Through the SF SAFE City Camera Program, we address public safety needs and help reduce crime through collaboration.

By partnering with community stakeholders, such as local merchant associations, businesses, and community residents from San Francisco's high trafficked neighborhoods, commercial corridors, and our City government, we identify specific needs, install public safety cameras and create, develop, and implement safety plans with a meaningful community-led and community-driven process.

Through this program, SF SAFE targets high-risk and high-traffic city blocks comprising about 20-30 businesses or residential areas for the installation of high definition security cameras and surveillance technology. Typically, a coverage area of about 18-24 camera views per corridor is provided. Camera installation projects for commercial corridors take about 12 weeks from start to finish and encompass outreach, assessment, mapping and system installation. We work with technology vendors as the technology solutions and data privacy provider for this program, accountable to the most stringent level of self-imposed policy standards.

In addition to the security cameras acting as a visible crime deterrent, the footage is an extraordinary tool in assisting businesses and community members in the investigation of criminal activity if/when any occur. This program levels the playing field, holding all involved accountable, creating an equitable and true evidence chain for investigators and public defenders alike, as an innovative alternative policing tool empowering communities to take ownership over their own public safety needs.

To learn more about the SF SAFE City Camera Program, email sfsafecitycameraprogram@sfsafe.org.

PREVENT GARAGE DOOR BREAK-INS

ANATOMY OF A SAFE GARAGE

Your home is only as safe as its weakest entry point.

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home's security system and safety measures.

For more information, please contact SF SAFE at (415) 553-1984 or visit sfsafe.org.

PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

ALWAYS CLOSE YOUR GARAGE DOOR

This may seem obvious, but just drive through any residential neighborhood and you'll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.

INSTALL MOTION-SENSITIVE LIGHTS

Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

REINFORCE THE GLASS ON THE GARAGE DOOR

Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR

A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.

INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK

When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

TIE EMERGENCY RELEASE CORD

Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

INSTALL SURVEILLANCE CAMERAS

There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.

SECURE ANY VALUABLES

Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

HAVE A QUALITY, FUNCTIONING GARAGE DOOR

Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

INSTALL INTERIOR MAIL SLOT HOOD COVER

If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

For additional information, please contact SF SAFE at (415) 553-1984 or visit sfsafe.org

With the Covid-19 restrictions lifting in phases and many of us are starting to venture out again, here are some Package Theft Prevention Guide from SFSafe to help prevent your packages from being stolen.

PACKAGE THEFT PREVENTION GUIDE

✉️ **WON'T BE HOME?**

Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

✉️ **USE SPECIAL SERVICES**

Use USPS special services like *Signature Confirmation* or *Registered Mail* to add a layer of security.

✉️ **REQUEST NONDESCRIPT PACKAGING**

When completing your online order, opt for packaging that conceals the item or select the 'gift' option to ensure package arrives in a plain box especially when ordering from a high-end store.

✉️ **NETWORK WITH NEIGHBORS**

Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

✉️ **PORCH AREA VISIBILITY**

Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.

✉️ **CUSTOMIZE DELIVERIES**

Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

✉️ **DELIVER TO SECURE LOCATIONS**

Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

✉️ **USE MODERN ALTERNATIVES**

Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.
