Captain's Message

Captain Jack Hart
Commanding Officer
Park Station

Hello Park District Residents,

“If there is to be peace in the world,
There must be peace in the nations.
If there is to be peace in the nations,
There must be peace in the cities.
If there is to be peace in the cities,
There must be peace between neighbors.
If there is to be peace between neighbors,
There must be peace in the home.
If there is to be peace in the home,
There must be peace in the heart.”

-Lao-Tse

If world peace starts with the one, so does neighborhood safety, resilience, and wellness. I have attended numerous community meetings recently where a block champion hosts neighbors and friends from their block and adjacent blocks—how wonderful. It’s wonderful not only because of witnessing the camaraderie amongst San Franciscans in a post-pandemic setting, but coupling togetherness with firm resolve to demand and manifest safety for each other and for San Francisco writ large is our common duty. It is living proof that we are better together than we are alone as we take on our biggest challenges; hope springs as a result. Seize the day and extend yourself to meet your neighbors. This will reinforce your collective interdependence on each other, it will overcome fear through your shared lives experience, and it will reaffirm that you will have each other’s backs regardless of any external event or incident—natural or man made. For advanced placement community building, visit empowersf.org and sfsafe.org for additional resources and ideas such as block parties and neighborhood watch groups.

Best,

Jack

City Attorney statement on seeking Court clarification in homeless encampments lawsuit to resolve untenable conflict between federal court orders

January 3, 2023

*City Attorney David Chiu filed a motion today in the U.S. District Court for the Northern District of California seeking clarification on Judge Donna Ryu's order in *Coalition on Homelessness v. City and County of San Francisco**

SAN FRANCISCO (January 3, 2023) — City Attorney David Chiu filed a motion today in the U.S. District Court for the Northern District of California seeking clarification on Judge Donna Ryu's order in *Coalition on Homelessness v. City and County of San Francisco*. The December 23 order prohibits San Francisco from threatening to enforce certain sitting, lying, and sleeping laws against "involuntarily homeless individuals" as long as the number of people experiencing homelessness exceeds the number of available shelter beds. However, whether the Court meant "involuntarily homeless individuals" to include all people in San Francisco who are experiencing homelessness is in contention and is what the City is seeking clarification on.

City Attorney David Chiu

In addition to the practical implications, Judge Ryu's order potentially conflicts with another federal court order that the City is subject to in *Hastings College of the Law v. City and County of San Francisco*. In that stipulated injunction, the Court mandated San Francisco conduct enhanced enforcement in the Tenderloin against individuals who have refused shelter offers in order to prevent re-encampment.

City Attorney Chiu released the following statement on the motion for clarification:

COMMUNITY MATTERS

"Without clarification, the Court's order puts San Francisco in an impossible situation, practically and legally. I am concerned that this order, if interpreted broadly, will lead to more people suffering on our City streets.

It defies logic to require that San Francisco have shelter for all persons experiencing homelessness before San Francisco may enforce these laws against any one person, even after that individual has refused adequate shelter. It would take years and an additional \$1.45 billion to build the required shelter beds and provide homeless services, and many beds would go unused as people refused shelter.

The City must be allowed to balance both addressing homelessness with services and shelter with maintaining healthy and safe streets. We sincerely hope the Court will recognize the need for this balance as this case moves forward.

San Francisco must also be able to balance our legal obligations. As of now, one federal court order limits the City's enforcement and another federal court order mandates enhanced enforcement. These two orders cannot exist harmoniously without further clarification, and we urge the Court to interpret the meaning of "involuntarily homeless" consistent with the Ninth Circuit's decisions in *Johnson v. Grants Pass* and *Martin v. Boise*.

San Francisco has invested more in permanent supportive housing and homelessness than any other city in the Western United States. The City engages, shelters, and houses tens of thousands of people each year. City employees work diligently to provide services and shelter to people experiencing homeless to help alleviate what has become a nationwide, intractable problem. The City will continue to offer services and shelter and is committed to addressing our homelessness crisis for the good of all San Franciscans."

The motion for clarification can be found [here](#).

RESIDENTIAL SAFETY TIPS

Whether you live in a single family home, condo, or a large apartment complex in San Francisco, there are a number of ways you can keep your residence safe and secure. Working together as a community with your neighbors and building management can significantly improve your residential safety.

Door and Window Safety

Doors:

- Should be made of solid wood or metal
- Have a single cylinder deadbolt lock and a 1-inch bolt
- Have a front door viewer or peep hole with a 180-degree range
- Clearly display unit number

Windows:

- Replace if glass is cracked and replace all damaged or missing locks
- Ground level windows should be burglary resistant: consider purchasing windows with reinforcement wire, laminate, or tempered glass
- Polycarbonate plastic or metal grates can be installed over existing ground level windows
- Windows above ground level are not considered secure: if used for ventilation, lock in position and keep open no more than 3 inches

7 Residential Safety Tips

- 1 Garage:** When entering or leaving the garage, watch to ensure door shuts completely. Lock stored bikes to a sturdy rack.
- 2 Car:** Always lock your vehicle when parked in your garage and remove all valuables. Never leave garage door opener in your vehicle when parked outside your home.
- 3 Spare Key:** Never hide spare keys. If you need to have a spare key available, leave it with a trusted neighbor.
- 4 Door Buzzer:** When a visitor rings your bell, confirm who it is by intercom before you grant them access. Similarly, never let strangers follow you through the front door.
- 5 Security Cameras & Alarm Systems:** Cost effective tools for preventing crime and identifying criminals.
- 6 Light Timers:** Installing timers on the exterior of your residence is an effective and energy efficient way to deter criminal activity.
- 7 Doors/Windows:** Always keep doors and windows locked.

Keep property in good repair. Maintain visibility to your neighbors for increased safety.

PACKAGE THEFT PREVENTION

PACKAGE THEFT PREVENTION GUIDE

One rarely falls in love without being as much attracted to what is interestingly wrong with someone as what is objectively healthy

❑ WON'T BE HOME?

Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

❑ CUSTOMIZE DELIVERIES

Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

❑ USE SPECIAL SERVICES

Use USPS special services like *Signature Confirmation* or *Registered Mail* to add a layer of security.

❑ DELIVER TO SECURE LOCATIONS

Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

❑ REQUEST NONDESCRIPT PACKAGING

When completing your online order, opt for packaging that conceals the item or select the 'gift' option to ensure package arrives in a plain box especially when ordering from a high-end store.

❑ USE MODERN ALTERNATIVES

Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.

❑ NETWORK WITH NEIGHBORS

Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

❑ PORCH AREA VISIBILITY

Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.

GARAGE DOOR BREAK-IN PREVENTION

PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

ALWAYS CLOSE YOUR GARAGE DOOR

This may seem obvious, but just drive through any residential neighborhood and you'll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.

INSTALL MOTION-SENSITIVE LIGHTS

Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

REINFORCE THE GLASS ON THE GARAGE DOOR

Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR

A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.

INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK

When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

TIE EMERGENCY RELEASE CORD

Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

INSTALL SURVEILLANCE CAMERAS

There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.

SECURE ANY VALUABLES

Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

HAVE A QUALITY, FUNCTIONING GARAGE DOOR

Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

INSTALL INTERIOR MAIL SLOT HOOD COVER

If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

GARAGE DOOR BREAK-IN PREVENTION

PREVENT GARAGE DOOR BREAK-INS

ANATOMY OF A SAFE GARAGE

Your home is only as safe as its weakest entry point.

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home's security system and safety measures.

➦ Create a Google Alert

By creating a Google alert for bikes being sold that match the make and model of your bike, you increase your chance of finding it.

SHARING THE ROAD WITH CYCLISTS

When it comes to safely sharing the road with cyclists, it's paramount for drivers to learn how to coexist.

➦ Share the Road

When out and about, drivers need to be ever-mindful of sharing the road with cyclists.

➦ Follow the 3 Foot Rule

Maintain a distance of 36 inches from cyclists whenever passing them. If possible, keep an even wider berth if there's bad weather or if in a higher speed limit zone.

➦ Be Cautious with Kids

Kids can be unpredictable since their motor skills and decision-making faculties aren't fully developed. Be on alert when driving near schools and residential areas.

➦ Stay Off the Horn

Sudden hoking might startle a cyclist and can cause them to swerve into traffic or off the road.

➦ Mind Your Blind Spots

Drivers should double-check their mirrors when changing lanes, making turns, and especially before opening their car door after parking.

➦ Be Patient

Don't tailgate a cyclist. When you need to pass one, patiently wait until it's safe to do so.

WHO AND WHEN TO CALL?

3-1-1: Please contact 3-1-1 when the issue is a not an emergency, yet requires City services or, if you simply have questions regarding City services. Non-emergency situations include the following examples: damage to public property, public trees that requires pruning, defective streets or sidewalks, homeless-related issues. 3-1-1 was developed to help the community inform the appropriate City agency regarding a service request.

SF 3-1-1 APP is available to use on your mobile device. Download the APP and its easy to use for many Non-emergency.

Non- Emergency San Francisco Dispatch Line: Please call the non- emergency dispatch line (**415-553-0123**) when the scenario does not need immediate response from the San Francisco Police Department. For example, if there is a loud party, a group of loud juveniles loitering in front of your residence, noise complaints, doubled parked vehicles, suspicious activities, or a homeless/nuisance related issue. **The non-emergency line is for situations that require the police, but do not require an immediate police response.**

9-1-1, please call 9-1-1 immediately if there is a police, fire, medical, or any other emergency. The purpose of San Francisco's 9-1-1 Emergency Telephone System is to provide the community an immediate response of police, fire, or medical personnel for emergency occurrences. To accomplish this, it is imperative that the calls received on the 9-1-1 line be restricted to those situations that require immediate dispatching of police, paramedic, or fire department personnel. For example, crimes or fires that are in-progress, or medical emergencies.

The San Francisco Police Department district station telephone numbers and emails are not monitored. Questions will be answered in the order we receive them. Station emails are not for making police reports nor for reporting a crime. If you need to make a police report, you can call 415-553-0123 or go to your district police station. **If you have an emergency, please call 9-1-1.**
