Captain's Message

Captain Jack Hart
Commanding Officer
Park Station

Hello Park District Residents,

The San Francisco Police Department has been recognized locally and nationally as a leader in Crisis Intervention Team (CIT) policies, procedures, and training. In an active shooter situation, or other violent in-progress situations where there is no discretionary time afforded to responding officers, we deploy rapidly to intervene. In the case of an active shooter, we must stop murders in progress. SFPD's members received a gold medal of valor for doing just that at the UPS building in 2017. In the other 99% of situations, however, where the suspect or individual experiencing mental health crisis' actions *don't* rise to an "immediate threat that needs to be instantly confronted," SFPD members are trained, tested, and true to our "sanctity of life" mission when they employ time, distance, and team-oriented plan formulation.

At the September 6th, 2023, San Francisco Police Commission meeting, the 2022 Crisis Intervention Team Annual Report was presented. Please take a moment to review this report that not only demonstrates both quantitatively and qualitatively the effectiveness of CIT trained members, but how the SFPD collaborates with consumers of mental health services, police oversight groups/agencies, and mental health professionals to make our training, techniques, and strategies better for the City we serve.

SFPD Arrests Haight Street Battery Suspect

On Wednesday, July 19, 2023, at approximately 5:31 p.m., San Francisco Police officers from Park Station responded to the 1400 block of Haight Street for a report of a battery. Officers arrived on scene and located an adult male victim who state that he got into a verbal altercation with an unknown male. The male suspect then struck the victim's face, which caused the victim serious injuries. The suspect immediately fled the scene on foot.

Through the course of the investigation San Francisco Police investigators identified the suspect as 30-year-old male, Irvin Lara Rivera. Investigators sent out a crime bulletin to alert officers of the battery and the probable cause to arrest Rivera.

On Saturday, July 29, 2023, at approximately 11:15 am Mission Station officers on patrol observed Rivera on 18th and San Carlos streets. These officers recognized Rivera from the crime bulletin and other arrest warrants unrelated to the Haight Street attack.

The officers developed probable cause to arrest Rivera for battery with serious injuries (243(d) PC) and two arrest warrants (San Francisco Co. # A36104, Bail \$10,000, Violation sexual battery 243.4(a) PC; Napa Co. # NSO23001821, No Bail, Violations prohibited person possessing firearm 29800(a)(1) PC, criminal threats 422(a) PC). Rivera was transported to San Francisco County Jail where he was booked for these charges.

While an arrest has been made, this remains an open and active investigation. Anyone with information is asked to contact the SFPD at 415-575-4444 or text a tip to TIP411 and begin the message with SFPD. You may remain anonymous.

Youth Outreach Continued Through the Summer Months

Similar to the elementary school reading program Park Station partnered with McKinley Elementary School for our inaugural school year of 2022-2023. Park Station also started a similar outreach effort for pre-schools in the Park District. Our mission at the preschool level is to incorporate walking safely on the sidewalks, crossing streets /entering the roadway only with adults and being aware of our surrounding. Park Station's rank and file are excited to expand these outreach efforts into more elementary and preschools alike in the Park District during the 2023-2024 school year!

City Attorney statement on seeking Court clarification in homeless encampments lawsuit to resolve untenable conflict between federal court orders

January 3, 2023

*City Attorney David Chiu filed a motion today in the U.S. District Court for the Northern District of California seeking clarification on Judge Donna Ryu's order in *Coalition on Homelessness v. City and County of San Francisco**

SAN FRANCISCO (January 3, 2023) — City Attorney David Chiu filed a motion today in the U.S. District Court for the Northern District of California seeking clarification on Judge Donna Ryu's order in *Coalition on Homelessness v. City and County of San Francisco*. The December 23 order prohibits San Francisco from threatening to enforce certain sitting, lying, and sleeping laws against "involuntarily homeless individuals" as long as the number of people experiencing homelessness exceeds the number of available shelter beds. However, whether the Court meant "involuntarily homeless individuals" to include all people in San Francisco who are experiencing homelessness is in contention and is what the City is seeking clarification on.

City Attorney David Chiu

In addition to the practical implications, Judge Ryu's order potentially conflicts with another federal court order that the City is subject to in *Hastings College of the Law v. City and County of San Francisco*. In that stipulated injunction, the Court mandated San Francisco conduct enhanced enforcement in the Tenderloin against individuals who have refused shelter offers in order to prevent re-encampment.

City Attorney Chiu released the following statement on the motion for clarification:

COMMUNITY MATTERS

"Without clarification, the Court's order puts San Francisco in an impossible situation, practically and legally. I am concerned that this order, if interpreted broadly, will lead to more people suffering on our City streets.

It defies logic to require that San Francisco have shelter for all persons experiencing homelessness before San Francisco may enforce these laws against any one person, even after that individual has refused adequate shelter. It would take years and an additional \$1.45 billion to build the required shelter beds and provide homeless services, and many beds would go unused as people refused shelter.

The City must be allowed to balance both addressing homelessness with services and shelter with maintaining healthy and safe streets. We sincerely hope the Court will recognize the need for this balance as this case moves forward.

San Francisco must also be able to balance our legal obligations. As of now, one federal court order limits the City's enforcement and another federal court order mandates enhanced enforcement. These two orders cannot exist harmoniously without further clarification, and we urge the Court to interpret the meaning of "involuntarily homeless" consistent with the Ninth Circuit's decisions in *Johnson v. Grants Pass* and *Martin v. Boise*.

San Francisco has invested more in permanent supportive housing and homelessness than any other city in the Western United States. The City engages, shelters, and houses tens of thousands of people each year. City employees work diligently to provide services and shelter to people experiencing homeless to help alleviate what has become a nationwide, intractable problem. The City will continue to offer services and shelter and is committed to addressing our homelessness crisis for the good of all San Franciscans."

The motion for clarification can be found [here](#).

Door and Window Safety

Doors:

- Should be made of solid wood or metal
- Have a single cylinder deadbolt lock and a 1-inch bolt
- Have a front door viewer or peep hole with a 180-degree range
- Clearly display unit number

Windows:

- Replace if glass is cracked and replace all damaged or missing locks
- Ground level windows should be burglary resistant: consider purchasing windows with reinforcement wire, laminate, or tempered glass
- Polycarbonate plastic or metal grates can be installed over existing ground level windows
- Windows above ground level are not considered secure: if used for ventilation, lock in position and keep open no more than 3 inches

7 Residential Safety Tips

- Garage:** When entering or leaving the garage, watch to ensure door shuts completely. Lock stored bikes to a sturdy rack.
- Car:** Always lock your vehicle when parked in your garage and remove all valuables. Never leave garage door opener in your vehicle when parked outside your home.
- Spare Key:** Never hide spare keys. If you need to have a spare key available, leave it with a trusted neighbor.
- Door Buzzer:** When a visitor rings your bell, confirm who it is by intercom before you grant them access. Similarly, never let strangers follow you through the front door.
- Security Cameras & Alarm Systems:** Cost effective tools for preventing crime and identifying criminals.
- Light Timers:** Installing timers on the exterior of your residence is an effective and energy efficient way to deter criminal activity.
- Doors/Windows:** Always keep doors and windows locked.

Keep property in good repair. Maintain visibility to your neighbors for increased safety.

PACKAGE THEFT PREVENTION

PACKAGE THEFT PREVENTION GUIDE

One rarely falls in love without being as much attracted to what is interestingly wrong with someone as what is objectively healthy

❑ WON'T BE HOME?

Use the "Hold Package" option at USPS.com to have packages held at location post office for pick up. You can also arrange for neighborhoods to pick up any packages that might be delivered.

❑ CUSTOMIZE DELIVERIES

Customize deliveries by adding specific delivery instructions using USPS.com and your tracking number. You can also schedule packages to arrive when you are home or reroute packages.

❑ USE SPECIAL SERVICES

Use USPS special services like *Signature Confirmation* or *Registered Mail* to add a layer of security.

❑ DELIVER TO SECURE LOCATIONS

Send packages to secure locations such as Amazon Lockers, FedEx and UPS locations, P.O. Boxes, and local post office.

❑ REQUEST NONDESCRIPT PACKAGING

When completing your online order, opt for packaging that conceals the item or select the 'gift' option to ensure package arrives in a plain box especially when ordering from a high-end store.

❑ USE MODERN ALTERNATIVES

Take advantage of contemporary options like smart lockers, lockboxes, cameras, motion detection lighting, alarms like Package Guard, and services like Doorman.

❑ NETWORK WITH NEIGHBORS

Neighborhood groups on social media or community apps can provide a system for reporting suspicious activity. This is also a good way to keep your deliveries and neighborhood secure.

❑ PORCH AREA VISIBILITY

Keep the porch area clear and visible. The more likely a would-be thief is to be seen, the more likely they are to choose another target.

GARAGE DOOR BREAK-IN PREVENTION

PREVENT GARAGE DOOR BREAK-INS

Garages can sometimes be the most vulnerable area of the home and they are often the entry point most targeted by thieves because of the easy access to the home. Here are some tips to help secure your garage and protect it from theft.

ALWAYS CLOSE YOUR GARAGE DOOR

This may seem obvious, but just drive through any residential neighborhood and you'll likely see a few wide-open garage doors. This is an invitation to burglars and at the very least, you're allowing passersby to easily view the contents of your garage.

INSTALL MOTION-SENSITIVE LIGHTS

Homes and garages with poor exterior lighting become more appealing targets for burglars. Ensure all entry points are well-lit. Constant lighting supplemented by motion sensitive lighting is best.

REINFORCE THE GLASS ON THE GARAGE DOOR

Add vinyl adhesive to reinforce garage windows. You can also opt for a frosted or translucent glass design to allow sunlight in while obscuring contents inside.

DON'T LEAVE GARAGE DOOR REMOTE IN YOUR CAR

A garage door remote is basically another key into your home and thieves won't hesitate to use it if they find it. Opt to use a remote on a keychain.

INSTALL AN INTERIOR MANUAL GARAGE DOOR LOCK

When leaving on a vacation or for extended periods of time, disconnect automatic door motor and install a manual lock.

TIE EMERGENCY RELEASE CORD

Tying your emergency release cord into a small ball will make it more difficult to reach by thieves who manage to break the garage windows.

INSTALL SURVEILLANCE CAMERAS

There should be at least 1 exterior mounted camera facing the street and registered with the D.A.'s office.

SECURE ANY VALUABLES

Keep all tools in cabinet systems with locks and be sure to hang and lock any bicycles. As much as possible, try to avoid keeping valuable items in the garage or inside vehicles.

HAVE A QUALITY, FUNCTIONING GARAGE DOOR

Garage doors should be as secure, sturdy, and well-built as your front door and should remain in good condition and tight fitting. Deadbolts should also be added to the garage-to-house door.

INSTALL INTERIOR MAIL SLOT HOOD COVER

If the garage door is equipped with a mail slot, a hood cover will prevent any view into the garage and its contents, eliminating enticement to enter.

ANATOMY OF A SAFE GARAGE

Your home is only as safe as its weakest entry point.

Your garage is an important part of your home and securing your garage is one of the most essential steps to securing your entire home. It is always recommended to regularly check and update your home's security system and safety measures.

BIKE INFORMATION

YOUR BIKE HAS BEEN STOLEN. NOW WHAT?

Here's what you should do next to increase your chances of recovering your bike:

➤ File a Police Report

- You can do this in one of three ways:
- Online at sanfranciscopolice.org/reports
 - Via phone by calling (415) 553-0123
 - In person by going directly to your district police station

➤ Call or Email SF SAFE

Give us a call so we can list your bike as stolen on our database. You can reach us at (415) 553-1984 or info@sfsafe.org.

➤ Register

If you haven't done so already, register your bike at nonprofit bike registry, bikeindex.org. If you are already registered, take action to flag your bike as stolen.

➤ Read Up

SF SAFE recommends reading "What to Do After Your Bike Has Been Stolen" on Medium. The article has a multitude of gems about where and how to post about your bike on social media to increase chances of recovering it.

➤ Create a Google Alert

By creating a Google alert for bikes being sold that match the make and model of your bike, you increase your chance of finding it.

➤ Don't Recover Your Bike Yourself

If you see your bike for sale on Craigslist or OfferUpNow.com, don't try to recover it yourself. Contact SFPD directly.

➤ Keep in Touch

If the police contact you to return your bike or if you recover it, please let us know! That way, SF SAFE can keep our files updated.

SHARING THE ROAD WITH CYCLISTS

When it comes to safely sharing the road with cyclists, it's paramount for drivers to learn how to coexist.

➤ Share the Road

When out and about, drivers need to be ever-mindful of sharing the road with cyclists.

➤ Stay Off the Horn

Sudden hoking might startle a cyclist and can cause them to swerve into traffic or off the road.

➤ Follow the 3 Foot Rule

Maintain a distance of 36 inches from cyclists whenever passing them. If possible, keep an even wider berth if there's bad weather or if in a higher speed limit zone.

➤ Mind Your Blind Spots

Drivers should double-check their mirrors when changing lanes, making turns, and especially before opening their car door after parking.

➤ Be Cautious with Kids

Kids can be unpredictable since their motor skills and decision-making faculties aren't fully developed. Be on alert when driving near schools and residential areas.

➤ Be Patient

Don't tailgate a cyclist. When you need to pass one, patiently wait until it's safe to do so.

WHO AND WHEN TO CALL?

3-1-1: Please contact 3-1-1 when the issue is a not an emergency, yet requires City services or, if you simply have questions regarding City services. Non-emergency situations include the following examples: damage to public property, public trees that requires pruning, defective streets or sidewalks, homeless-related issues. 3-1-1 was developed to help the community inform the appropriate City agency regarding a service request.

SF 3-1-1 APP is available to use on your mobile device. Download the APP and its easy to use for many Non-emergency.

Non- Emergency San Francisco Dispatch Line: Please call the non- emergency dispatch line (**415-553-0123**) when the scenario does not need immediate response from the San Francisco Police Department. For example, if there is a loud party, a group of loud juveniles loitering in front of your residence, noise complaints, doubled parked vehicles, suspicious activities, or a homeless/nuisance related issue. **The non-emergency line is for situations that require the police, but do not require an immediate police response.**

9-1-1, please call 9-1-1 immediately if there is a police, fire, medical, or any other emergency. The purpose of San Francisco's 9-1-1 Emergency Telephone System is to provide the community an immediate response of police, fire, or medical personnel for emergency occurrences. To accomplish this, it is imperative that the calls received on the 9-1-1 line be restricted to those situations that require immediate dispatching of police, paramedic, or fire department personnel. For example, crimes or fires that are in-progress, or medical emergencies.

The San Francisco Police Department district station telephone numbers and emails are not monitored. Questions will be answered in the order we receive them. Station emails are not for making police reports nor for reporting a crime. If you need to make a police report, you can call 415-553-0123 or go to your district police station. **If you have an emergency, please call 9-1-1.**
