Dear Mayor Lurie, Supervisor Mandelman, Commissioner Elias, and Acting Director Tugbenyoh:

RE: Second Quarter 2024 Report per Chapter 96A, Law Enforcement Reporting Requirements – Stops Data, Use of Force, Crime Victim, and Domestic Violence

As required by Administrative Code Chapter 96A, the San Francisco Police Department (SFPD) is submitting the attached Quarterly Activity and Data Report (QADR). The report is being submitted past the required date (1st Tuesday in August) due to the increased complexity of the reporting requirements.

This report includes stop data collected under a new stop data system, requiring additional time and analysis to ensure new system parameters capture and provide data ready for analysis and presentation. Challenges related to the rollout of a new stop data collection system necessitated significant additional work to ensure accurate and transparent reporting.

The 96A quarterly information and comparisons provide an opportunity to analyze the progress of reforms indirectly correlated with policing engagements. In 2016, the Board of Supervisors voted unanimously to pass local legislation supporting police reforms and specified law enforcement reporting requirements pertaining to stops, searches, arrests, uses of force, and alleged bias-related complaints.

We appreciate the commitment the Mayor and Board of Supervisors has expressed toward the reform initiatives being implemented by the SFPD. We believe these efforts are in alignment with the values of our department and create a closer step to re-envisioning policing to better serve all our communities.

If you have any further questions, please do not hesitate to contact me or my staff, Director of Policy and Public Affairs, Diana Aroche at diana.aroche@sfgov.org. These documents will be posted online at www.sanfranciscopolice.org.

Sincerely,

WILLIAM SCOTT
Chief of Police
